A report of a strange crime or sad attempt at suicide reaches us from Hart County, Ga. Mr. James McConnell, formerly of this County, but for several years a resident of Hart County, Ga., was married Sunday of last week to Miss Sallie Skelton, of Hart County. The marriage was solemnized at the home of Mr. John Tensley, a brother-in-law of the bride. Ed. C. McConnell, father of the young man and a resident at Cox's Mill, was notified and was present at the wedding, returning home the Monday following. Monday night he received a telegram informing him, in substance, that his son, the bride-groom, had been found with his throat cut. The father left for the home of his son at once, but nothing has been heard from him since. It appears that the baying of a hound attracted parties to a nearby swamp Monday morning where they were horrified to find young McConnell lying in a pool of blood with his throat cut. He was still breathing, but it was thought he would die before physicians could reach him. Whether he had been fondly dealt with or whether it was an attempt at suicide could not be learned.

### The Primary Election.

Enclosed in this issue is a supplement giving the tabulated vote of the County with totals for each candidate. Care has been taken to correct the errors in the tables previously published, and these can be filed for future reference so far as the totals are concerned, the only trouble being that in some instances two boxes have been counted together.

There will be no second race for County offices. The majority, with one accord, were together in the selection of a man for every office. This is unusual, but it serves to show that the majority of the voters in this County are working in perfect harmony.

Those elected are: For the Senate, J. K. Hood; House of Representatives, J. B. Leverett, G. A. Rankin, W. P. Wright, M. P. Tribble and S. N. Pearman; Probate Judge, R. Y. H. Nance; County Supervisor, J. N. Vandiver; Supt. Education, R. E. Nicholson; Treasurer, Jas. M. Payne; Auditor, G. N. C. Boleman.

For the office of Judge of Probate, Judge Nance had the small majority of 17 over the total votes cast for that office, and E. W. Long, one of the candidates for this office, receiving the next largest number of votes, decided to contest the election because he was informed that there were a few slight errors in returns from several voting precincts. He came to the city Monday and advised with friends, and finally decided that an informal recount of several of the boxes he had reason to believe were incorrect would decide whether he would proceed with or abandon the contest.

County Chairman H. H. Watkins, with his usual kind courtesy, readily acquiesced, and with E. G. McAdams, representing Judge Nance, the votes of several boxes were counted. An error of only one vote was discovered and Mr. Long announced himself as satisfied. This ended the idea of contest, and called off the meeting of the executive committee which was called to meet yesterday.

It is a remarkable fact that every one of the nominees for the House of Representatives is an old Veteran. This shows the esteem in which they are held by the voters of Anderson County.

At the second primary to be held on the 9th inst. candidates to be voted for will be those for U. S. Senate and Congress, Governor, Lieutenant-Governor, Secretary of State, Comptroller General, Adjutant and Inspector General and Railroad Commissioner.

### Mr. McCully States Facts.

In the card in Sunday's issue of The Daily Mail, and Advocate, and in this issue of The Intelligencer, signed "Anderson," attention was called to the vote of Dr. Smith in Pickens County and of Mr. Aiken's vote in Abbeville County with the evident purpose of disparaging the latter's standing at his home. Now let's compare facts and figures. In Pickens Dr. Smith had no opposition, and out of 2,400 votes he received 1,600, losing 800 votes. In Abbeville County, where Mr. Aiken had strong opposition in ex-Senator McCalla and Senator Graydon, McCalla received 718 votes, Aiken 690, Graydon 651. In the town of Abbeville, where Mr. Graydon has lived over 20 years and Mr. Aiken for 7 years, Graydon ran 16 votes behind Aiken.

In the community of Cokesbury, Hodges and Coronaca, in Greenwood County, where both Aiken and Graydon were raised, the total vote there was 246 and Aiken received 207 of them. This statement is simply made in fairness to Mr. Aiken and is just a little information for the public.

From the number of votes Mr. Aiken received in the primary I think that it is pretty well conceded that he is the man to represent our District in Congress.

To send Wyatt Aiken to Congress I am sure would be no discredit to the name our forefathers were so loyal to, but am positive would be a credit to this District and so we would elect a thoroughly conscientious man—up-to-date on all National questions, and one that would represent us well.

S. J. McCULLY.

"MAKE HAY WHILE THE SUN SHINES!"

It is very easy to make Hay while the sun shines if you have A DEERING MOWER and RAKE.

THE many advantages the Deering Mower has enables the operator to work it with much more ease than any other machine, and no time lost in going around stumps and trees. This Machine is so constructed that the driver is at no trouble in lowering and raising the cutter bar in passing stumps and trees. With no effort scarcely he brings the cutter bar to an upright position without stopping the Machine. There are many other advantages the Deering Ideal Mower has that we will show you when you want a Mower. The Pitman Rod of this Mower has only two pieces, while all other Machines have from ten to twenty-five pieces to wear out and be replaced.

The Mower is not all in looking up an outfit. It is essential to have a good Rake, and the Deering Rake is the simplest Rake on the market. A comparison of our Rake with other makes will convince any farmer that it is the Rake he needs. The devices for dumping are so constructed that a child can operate it without any assistance. If you are in need of an outfit let us show you our Mower and Rake and be convinced.

Now is the time to sow your stubble land in Peas and harrow them in with one of our TORRENT HARROWS.

We are still headquarters for all lines of Hardware, Nails and Wire. BROCK HARDWARE COMPANY, Successors to Brock Brothers.
