L. P. Smith, the veteran excursionist, will run an excursion from Belton via Anderson, Pendleton and Seneca, to Atlanta, Wednesday, 17th inst. For full particulars read his notice in another column.

Close observers think the cotton crop will fall short of their expectations of a few weeks ago, and the general opinion is that if the farmers will not rush it on the market too fast they will soon get 9 or 10 cent for it.

Hal P. Russell, of Antun, this County, has been appointed by Gov. McSweeney one of the delegates from this State to the National Farmers Congress, which meets at Macon, Ga., the second week in October.

If the city authorities could put some sand and gravel with the mud now on our streets and have it mixed we would soon have some good streets again. The streets are now in good condition for the mud and sand to mix. We would like to see it tried on a few of them.

B. O. Evans & Co., in their new advertisement this week, announce the arrival of their new stock of gents' furnishings, clothing, hats, shoes, etc., for men and boys. Before making your purchases, read their advertisement, give them a call, see their goods and get their prices.

The many friends of Gen. M. L. Bonham will be pleased to learn that he is now convalescing rapidly from his long illness and is able to ride out in his carriage. He expects to go to the mountains to spend a few days, and later go to Baltimore for medical treatment.

Prof. W. E. Breasale, of this County, who has been taking a special course in one of the Universities of Europe, has been elected assistant professor of mathematics in Rutgers College, Vermont. He arrived in New York a few days ago, and will at once enter upon the duties of his position.

J. W. Knight, who lives on M. A. Kay's place, a few miles east of this city, had the misfortune to shoot himself in the foot last Monday. He was watching for a hawk, and while holding the barrel of the gun on his foot, thoughtlessly pulled the trigger and shot his right foot almost off.—Honea Path Chronicle.

Rev. W. R. Richardson, D. D., editor of the Southern Christian Advocate, Orangeburg, S. C., has been spending a few days in Anderson visiting his brother, Dr. J. M. Richardson. Last Sunday he preached in St. John's Methodist Church, of which he was formerly pastor. His visit here was a source of much pleasure to his many old friends.

Mrs. J. C. Sullivan, wife of the Superintendent at Fortman, has been ill for the past ten days with peripneumonia, the disease with which King Pardon was so recently afflicted. Dr. John Sullivan, of New Jersey, brother to the Superintendent, reached Fortman yesterday morning and will remain with Mrs. Sullivan until she is better.

M. E. Gibson, better known probably as "Pat," died at his home in Wallhalla last Sunday night. He had been ill for about eight months, being afflicted with cancer, and was suffering at the time. He was an engineer on the Southern Railway, and for a long time ran between this city and Belton. He was highly esteemed by a wide circle of friends. He was about 53 years old, and leaves a widow.

Spiesmen who delight in a day's hunt with gun and dog are entertaining the brightest hopes for next season. They believe that there will be a great many quail. These birds are by no means the gamest and the most highly prized of any that are to be found in the South, with the possible exception of woodcock. The belief that there will be many quail is induced by the fact that May and June were dry months. The young birds flourish best under such conditions. When those months are very wet with heavy rains the chances are that many of the fledglings will lose their lives by drowning.

W. N. Pressley, a son of A. T. Pressley, died at his home in the Five Forks section last Sunday night. He had been in feeble health for several months and his death was not unexpected by his loved ones. Mr. Pressley was in the 20th year of his age, and a most worthy, upright young man, whose death is deeply regretted by a wide circle of friends. The remains were interred at Lebanon Church Monday afternoon, Rev. T. P. Lide conducting the funeral services.

Miss Daisy Norryce Badger, of Aiken, S. C., and Mr. Clarence Dozier Brown, of Atlanta, Ga., were united in marriage at the home of the bride Wednesday, 3rd inst., by Rev. Mr. Miller of the First Baptist Church, Aiken. The bride is a niece of L. E. Norryce, of this city, and when a child frequently visited Anderson with her mother. She has a large circle of friends here who extend congratulations and best wishes. The Atlanta Journal has this to say of the young couple: "Mr. Brown is recognized as one of the leading young business men of Atlanta. His bride was formerly a belle of Georgia, her native State, but recently moved to South Carolina. In addition to her striking beauty she is quite talented, being one of the best elocutionists in the South. She will be a welcome acquisition to Atlanta society."

A wreck Saturday and a six hours delay Sunday was the record of one week and the beginning of another on the Blue Ridge Railway. The combination freight leaving here at 10 o'clock for Wallhalla Saturday morning had just reached Three-and-Twenty trestle when a "drawhead" pulled out of one of the box cars. The trestle was cleared by eight cross-ties when the passenger coach struck the "drawhead," which had fallen across the track, jumped the track, ran a short distance on the ties, creased, over and stood still. Eight or ten passengers were aboard, including three ladies. None were seriously hurt, but several were bruised, and the ladies were badly frightened. On Sunday the passenger train due here from Wallhalla was delayed six hours because the flange on one of the pilot wheels of the engine was found to be broken and it was decided to wait until another engine from Anderson could come and pull the train through.

Miss Jennie Stevenson was in an exciting runaway scrape at Deans Tuesday night of last week and narrowly escaped death. She was on route to a party in a buggy in company with Clarence Dean. The horse became frightened and unmanageable, ran at a lick until he freed himself from the buggy. Neither was thrown from the buggy, but Miss Stevenson was kicked in the forehead. The horse was not abed and the blow glanced, which undoubtedly saved her life. The skin was broken just above the eyes three inches across and to the skull and turned upward about an inch. The shock was terrible, but the young lady did not lose consciousness. Assistance was rendered immediately by others of the visiting party and she was taken back to the home of Clarence Dean. She was covered with blood and her friends were excited and anxious. Dr. Gray responded promptly to a telephone call, stitched up the wound, made the young lady comfortable and allayed the fears of the many friends by assuring them the wound was not serious. Miss Stevenson returned home the next afternoon and is getting along alright. Her companion was considerably bruised, but not seriously hurt.

A Serious Problem Confronts Next Legislature.

COLUMBIA, Sept. 5.—The biggest proposition that the Legislature will run up against next year will be that of taxation and appropriations. Those who are familiar with the financial conditions are already studying the matter, and they see breakers ahead. The State has to borrow about \$300,000 to pay other treasurers have had to supply deficits in the receipts so as to tide the State over until taxes came in, but this time it appears that even when taxes come in the deficit cannot be wiped out. This is a serious condition of affairs and the prospect is that the next Legislature will have to practice the strictest economy. Appropriations during the past year or two have been of an extraordinary character. For instance, there was an appropriation of \$50,000 to the Charleston Exposition. Then \$100,000 was added to the pensions, and as usual Winthrop came in for its annual demand for more above its ordinary appropriations.

These are but few of the largest appropriations, and in them may be included special payment on the State House. This and the Charleston Exposition may be eliminated from consideration in this year's estimates, but still the Legislature will find itself "hard up" to meet the ordinary expenditures.

The only way out of the dilemma is to reduce expenses or increase the levy. It is feared that when it comes to a reduction that the State Colleges will suffer because that year, strange to say, the place where they live, always to use the pruning knife. Clemson got an extraordinary amount of money from the privilege tax, and another effort will be made during the next Legislature to divert that sum into the treasury and let Clemson get appropriations according to its needs just like other colleges do. This would increase the ordinary revenue of the State considerably, but not enough to make up the deficit.

The mere suggestion of raising the tax levy would raise such a storm that there is no man in the Legislature who would back up the move. So that may be dismissed from consideration, and the only thing revolved itself around the starting place and that is that economy will have to be practiced and expenses cut down and it is going to take wise statemanship to do it and do injustice to none.

Alice News.

Picking cotton is the order of the day and back-she is night.

The Abbeville chain-gang is working near this place.

Miss Ins Albersson, a charming young lady of Greenwood, is here visiting her cousin, Mrs. Kella Mitchell.

D. C. BROWN & BRO.

"MAKE HAY WHILE THE SUN SHINES!"

It is very easy to make Hay while the sun shines if you have A DEERING MOWER and RAKE.

THE many advantages the Deering Mower has enables the operator to work it with much more ease than any other machine, and no time lost in going around stumps and trees. This Machine is so constructed that the driver is at no trouble in lowering and raising the cutter bar in passing stumps and trees. With no effort scarcely he brings the cutter bar to an upright position without stopping the Machine. There are many other advantages the Deering Ideal Mower has that we will show you when you want a Mower. The Pitman Rod of this Mower has only two pieces, while all other Machines have from ten to twenty-five pieces to wear out and be replaced.

The Mower is not all in looking up an outfit. It is essential to have a good Rake, and the Deering Rake is the simplest Rake on the market. A comparison of our Rake with other makes will convince any farmer that it is the Rake he needs. The devices for dumping are so constructed that a child can operate it without any assistance. If you are in need of an outfit let us show you our Mower and Rake and be convinced.

Now is the time to sow your stubble land in Peas and harrow them in with one of our TORRENT HARROWS.

We are still headquarters for all lines of Hardware, Nails and Wire.

BROCK HARDWARE COMPANY, Successors to Brock Brothers.
