SHALL ANDERSON HAVE A COLLEGE FOR GIRLS.

Attention is directed specially to an article on page three of this issue under the caption, "Anderson urged to establish a college for girls."

This article is written by a lady, an alumna of the Johnson Female University, which flourished in Anderson from 1848, when Mrs. Mary E. Daniel, her sister, Mrs. Charlotte Payne, Judge J. S. Murray and Wm. B. Johnson were associated together as instructors, to 1863, when the devastations of the civil war rendered it difficult to sustain schools of higher education and caused the trustees to suspend this school and sell the property.

We fully indorse the objects sought in this well written article. It should be read by every one, but particularly by those who are now and will soon be sending their daughters to college in other cities. However much an institute is made to resemble a model Christian home, or the influences in the school made conducive to Christian character, home influences are far more valuable, knitting closer the ties of parent and child and affording opportunities to correct objectionable tendencies the knowledge and correction of which could not be expected in a college faculty.

There will, of course, be obstacles in the way in establishing a college for girls in Anderson, but it will be found that they are more imaginary than real, the greatest obstacle being to find one willing to take the matter in hand and push it with that energy which knows no defeat. In this connection the Intelligencer believes it can name a young business man of this city whose daughters are not yet old enough to be sent to college, who will head the list of contributions with \$500, and who, can be prevailed upon to engage in the undertaking, will shortly make the establishment of the college an assured fact, provided, of course, he be given the indorsement and influence of some of our more prominent leaders in the commercial enterprises of the city.

Anderson is easily leading the State just now in the establishing of manufacturing industries, and the tendency is strongly to a commercialism, if it be not already reached, where, in the struggle for the accumulation of wealth and getting of power, our people are inclined to neglect the culture of their finer attributes of nature, neglect institutions and measures which conduce most to the well being of their children and society, and lose sight of the fact that the building and maintenance of colleges in other cities is made possible by their contributions. This should not be, and when the true happiness and substantial value flowing from a college for women at home is properly taken into account, to say nothing of the benefits which will flow from such a college into commercial channels, it will not long remain so.

It is proposed by this estimable lady in her article to purchase as the site of this college the Patrick property, which was the site of the Johnson Female University. This we heartily indorse. This was the place selected after mature deliberation, be assured, in 1856 by such minds as the following who composed the board of trustees: Elias Earle, J. P. Reed, Daniel Brown, O. R. Broyles, P. S. Vandiver, Fleetwood Rice, J. C. Griffin, Stephen McCully, V. D. Fant, Elias John Earle, Amaziah Rice, John B. Sloan, B. F. Mauldin, Wm. S. Grisham, Thomas P. Brockman, Oliver E. Edwards, B. C. Pressley, Iverson L. Brooks, J. R. Kendrick, J. P. Boyce, Stanmore B. Brooks, John Brownlee, David S. Taylor, Warren Drummond, James Latimer, Toliver Robertson, L. C. Hinton, A. Hardie, Thomas Ray, John B. O'Neal and Wm. A. Owens. The crest of a beautiful hill, in the southern portion of the city, on the west side of main street, surrounded by massive oaks, it appears in contrast with other points in the city, specially designed by nature for a seat of learning. But we have other reasons for indorsing this place: The negro educators in this city have for some time nursed and fostered the hope that they would one day own this property and erect upon it a college for negroes. This has been generally known for some time but treated indifferently, the people believing, (pardon us for saying it) principally because of a want of correct information, that there was not the remotest possibility of such a hope materializing. We would advise our readers that the Presbyterian Church, North, has several millions of dollars for distribution, through their Board of Missions, for the education and advancement of the negro south, and it is being freely distributed where this Board is satisfied as to conditions, honesty and qualifications of instructors and correct religious influences. The negro educators here know these facts and have not been idle. They have introduced members of this Board of Missions to visit Anderson, pressed their

claims to be recognized and made prominent the desire to purchase this very site. So near are the negroes to the accomplishment of their desire in this matter that could they secure the indorsement of a few prominent business men of Anderson to their plans of building a negro college in this city, we verily believe the money would be forth coming at once. Mr. S. P. Harbison, a member of this board, was in the city last week in consultation with J. P. Foster, a prominent negro educator, who is in charge of the school in this city supported by the Northern Presbyterians, and we would emphasize the fact that the industry of the white people may probably lead to the advantage of the negroes and put them in possession of this, the most desirable location for a college in the city.

The money raised for the founding of the Johnson University was by subscription prior to 1852 and then by sale of scholarships. A similar plan could be adopted this time.

The grand work accomplished by Dr. Preston in Greenville in establishing Chicora College, should furnish an example to our people. Notwithstanding the fact that the Greenville Female College had been long established and was enjoying the greatest prosperity, Chicora was built and it is an honor to the State and a magnificent ornament to our sister city. With a strong pull together and with denominational lines obliterated, our people will be surprised to find how easily "a college for girls" can be built.

Denver Dots.

Henry Darracott has left to fill a position on the Southern Railway. He is one of our most energetic young men and has many friends who wish him success.

Miss Sallie Sitton and Miss Eliza Caldwell, of Due West, are guests of W. D. Garrison's family.

Mrs. Wm. McWhorter and daughter, Miss May, were out calling on friends in Denver Monday.

Miss Berdie Duckworth, of Lebanon, was in Denver Monday visiting Miss Lillie Garrison and other friends.

Born, to Mr. and Mrs. J. R. Garrison, on the 23rd, a fine daughter.

Miss Blanche Browne has returned, after a pleasant visit of two weeks with relatives near Tomasee.

Mrs. Jepp Elrod, who has been quite sick with erysipelas, is now some better.

Walter Blackman, the young son of Marshall Blackman, was right badly hurt by a fall from a wagon some ten days ago, but has about recovered from it.

Phillip Ingram died at the home of his daughter, Mrs. Mary Moore, on the 23rd, and was buried next day at Sandy Springs. He was 80 years old, and had been in feeble health for some years. He had lived in this county all his life, and was an industrious man and a good citizen until stricken by affliction and old age. His wife died several years ago, but he leaves two children and many friends to cherish his memory.

Cotton picking and ginning is keeping every one busy.

Cotton is opening so rapidly that it is thought there will be but little left in the fields by 1st Nov.

Farmers are preparing to sow largely of small grain. More barley and rye will be sown in this section than ever before, and more forage will be harvested.

Burgess Bridge Dots.

Our girls from this vicinity who went to the Normal School passed among the first, both of them making one hundred on algebra.

Miss Beulah Stringer has gone to Greenville College.

Miss Addie Brown will teach next term at Liberty Spring, Hopewell Township.

Miss May Hunter, from Belton Town-

ship, will have charge of Whitefield school.

The road for four miles east of Big Beaverdam is like a street in a great city.

Three families living near each other on this road have nineteen children under eighteen years old.

Within a three minutes' walk of our house I gathered sixteen different kinds of wild flowers.

The good weather which our kind Father has sent us in the last ten days has also put tarrip and other patches on a boom and some of our farmers have more hay than they have time to cut. There are "Georgia collards" in our garden more than three feet across.

There was a large crowd of young and old folks at Whitefield Sunday School yesterday. The superintendent, I am glad to say, is very regular and punctual. One member of this school does hope the all-day Sunday singing will not visit us.

Rev. H. C. Martin has been elected pastor for next year at Dorchester Church and Rev. O. J. Copeland at Hopewell. E. Z. Brown. Sept. 28.

GRAND OPENING

NEW FALL & WINTER GOODS.

Everybody invited to see the Largest Stock and Bargains.

LARGER THAN EVER.

LESSER & CO'S. mammoth Store is piled high and crowded to a jam with the most stupendous Stock of Dry Goods, Clothing and Shoes ever shown in upper Carolina. It's equal to a Circus to see this Big Store and its Big Stock, and the thirteen Clerks eagerly hastening to wait on the steady flow of happy-hearted customers. Come around and enjoy the fun, and you will save money on everything you buy.

BETTER THAN EVER.

We strive to improve the quality of all merchandise sold in this section of the State. We sell no trash, no shoddy Clothing, nor paper Shoes. Our Stock this season contains many higher grades of Goods than we have heretofore carried.

CHEAPER THAN EVER.

Our business has grown so much that we will show our gratitude to the public by hammering down prices lower than ever this Fall and Winter. If you loan a man five thousand dollars at twenty per cent, you don't make as much as if you charged him only five per cent. on fifty thousand dollars. It's the amount of capital working for you that pays. Therein lies the secret of our bargain-giving power. It's the large and increasing amount of our sales which enables us to give the most Goods for the least money.

We are the Shoe People.

Because we have built up an enormous trade in good Shoes. We sell only Solid Leather Shoes at the very lowest prices. You can find here the very latest styles in Footwear, either for ladies, men or children. Come and examine our Shoes before you buy elsewhere—we know how to fit your feet and pocket-book.

New Clothing and Gents' Furnishing Department.

Not having sufficient room in our present quarters to hold our immense Stock we were compelled to rent a part of the store-room adjoining us under Masonic Temple, and will be known as our ANNEX, where we have put in an up-to-date Clothing and Gents' Furnishing Department. This Annex you will find filled with Fine "tailor-made" Suits, which we bought for spot cash, and will surely satisfy you. Before you spend a cent for Clothing come and see us—we will save you money and time.

New Line of Ladies' Jackets.

We were fortunate to purchase 500 Sample Cloaks while in New York. All up-to-date, and will sell same at such low prices that it will pay you to call and look at them. You will be astonished to find such beautiful CLOAKS at such ridiculously low prices.

FREE, FREE!

GOOD MONEY

Is as good to you as to any one. Why not save all you can? We'll show you how:

Following out this principle the question with us is not how much profit we can make, but how little we can afford to take, preferring to give our customers all we can, to help them to successfully combat with the hardships they meet. Knowing, then, as we do, that our purchases are made with facilities that could not possibly be excelled, and that we are willing to sell goods at a closer margin of profit, we do not think we are immodest when we claim to deserve the full confidence and patronage of our customers. And especially may we make this claim when the PROOF IS AT HAND to show that whenever this confidence and patronage has been extended to us, SPLENDID and solid satisfaction has been the uniform result.

WHY PAY any more for Goods than you need to? Why not, at least, investigate our claim that we sell ALL GOODS at lower prices than are quoted at any similar Store?

SHOES for the entire family. Give us a chance at your Shoe bill. We will guarantee to save you money. We have two very special values in two numbers in staple, standard quality goods. We guarantee every pair to be one-piece counter and solid inner sole, and heavy, solid leather, and the price is the biggest bargain in the Shoe business—95c. and \$1.10 per pair. Men's Fine Dress Shoes, the \$3.00 kind, for \$2.50; the \$2.50 kind for \$2.00; \$1.50 kind for \$1.25; \$1.25 for \$1.00 per pair. Ladies' Fine Shoes for 75c. to \$1.75 per pair, and they are all guaranteed in three ways—to fit the feet, the eye, the pulse.

We have great Bargains for you in all lines. Remember, that we are headquarters for 5c., 10c. and 25c. Goods of every description, and that we are the old original High Price Breakers and Low Price Makers. Yours always truly,

Wheat Fertilizers!

It Pays to Buy the Best.

WE are offering for sale Fertilizers and Acid Phosphates manufactured expressly for GRAIN. They are finely ground and perfectly assimilated, and hence will give better results in the field than Fertilizers unevenly ground and imperfectly mixed. We desire that buyers will particularly notice the CONDITION of our Goods. They are all carefully milled and screened before shipment.

Ten acres of properly prepared and fertilized land will give better return for your labor than four times the quantity of scantily fertilized and poorly prepared land
