The Georgia Legislature has done more than well in re-electing Hon. Alexander S. Clay to the United States

The people of Anderson should be preparing for a great Thanksgiving. Our city is in a most prosperons condition and as a rule our people are happy and contented.

Ten years ago the money deposited in the banks of the United States was \$4,232,000,000. Now it is \$8,535,000-000. In twenty years the amount has quadrupled. That is a matter of expansion which no one will find fault

Owing to the threatened rice famine in the Philippines, it is probable that the Government will have to provide

The report of Comptroller General Derham just published, gives the total amount paid out this year in (Confederate) pensions as \$200,227.09. The total number of pensions is 7,750. Eighty-seven veterans collectively received \$1,999, in lieu of artificial limbs. The increase in the number of pensions grows yearly, and if this condition continues much longer the appropriation will furnish a pittance much smaller than that now received.

Northern writers and politicians have for some time past filled much space in print in attacking child labor in the South. As a social problem, the South will in time settle it satisfactorily. But the feature of this sudden moral upheavel up North has not come from any sympathy entertained for the white children of the South, but from the fact that the Southern cotton mill industry is injuring the profit making of the Northern mill industry. It is simply a question of oxgoring and not humanity; that is the cause of this excessive interest in the children of the South.

WHY NOT DEMAND

There is no Economy in Buying the Cheapest in Anything. -

In Shoes, for instance,

No sane man could expect a solid leather Shoe for the price of a worthless paper sole Shoe; he could not expect a Flour to bake up like DEAN'S PATENT for the price of such stuff as this market is now flooded with, that is ground out of sprouted wheat. There is no reason, therefore, why people should be gulled into buying such stuff, if they would only stop to think, They should know that unreasonably low prices are a confession of worthless quality; and they should, therefore, avoid such trash. If they want only the best quality, and at the lowest reasonable prices, they should by all means take advantage of the-

We are now offering. Our Shoe Stock is complete in every detail, and we have no hesitancy in declaring it the best selected Stock in upper South Carolina, both as to PRICE and QUALITY. We have done an immense Shoe business this Fall, and hundreds of pleased customers all over the County are talking up the superior merits of our Goods.

We have had a tremendous run on-

Wheat Fertilizers!

It Pays to Buy the Best.

WE are offering for sale Fertilizers and Acid Phosphates me afactured expressly for GRAIN. They are finely ground and perfectly assimilated, and hence will give better results in the field than Fertilizers unevenly ground and imperfectly mixed. We desire that buyers will particularly notice the CON-DITION of our Goods. They are all carefully milled and screened before shipment.

Ten acres of properly prepared and fertilized land will give better return for your labor than four times the quantity of scantily fertilized and poorly prepared land.

Our Goods are right. Our Prices are right.
