Last Wednesday evening the Anderson High School was opened on the Court House Square, in the presence of a large crowd of spectators, by Adjutant General Frost and Col. W. A. Shockley, after a lingering illness from a complication of chronic troubles, died at his home at Clemson College, on Tuesday morning, May 26, at the age of twenty-two years. He leaves a wife and several children to mourn his loss. He was buried at Poplar Springs cemetery today, June 1st, at services conducted by Rev. J. L. Sanders.—Keowee Courier.

Myrtle Camp, of Belton, and Willow Camp, of Anderson, Woodmen of the World, will join together in holding the unveiling exercises of three monuments erected to the memory of their deceased sovereigns, in Silver Brook Cemetery, next Sunday, June 7th. All sovereigns from neighboring Camps are most cordially invited to join with them in paying these last rites to the deceased brethren. A prominent speaker will be present to deliver an address appropriate to the occasion, and the Pelzer band will furnish music. The railroads will give slightly reduced rates from all points between Greenville and Greenwood.

Leeavid, a farmer who lives about five miles north of Seneca, committed suicide by shooting himself with a 44 caliber pistol last Thursday morning. The cause of the deed is unknown to any of his relatives or friends. Early Thursday his wife missed him and went in search of her husband and only a short distance from the house she found him dead under a peach tree. The verdict of the coroner's jury was that he came to his death by his own hands from a pistol wound. He told some of his friends that he was going to kill somebody or they would have to kill him. Mr. David was a young man and came to this State from Georgia about a year ago. He leaves a young wife and many friends to mourn his untimely death.

Pelzer, S. C., a town of 7,000 inhabitants, excludes from its limits all lawyers, editors, actresses and negroes, not allowing these classes of citizens to establish a domicile. With one exception the discrimination is perhaps about right, since it tends to the peace, if not the enlightenment, of the community. Pelzer has no municipal organization or government, being managed by the President of the Pelzer Manufacturing Company, which provides all needed schools, churches, hotels, banks, livery, stores, etc. The entire population is employed in the manufacture of which is wide awake and progressive. Like Washington City, however, Pelzer is an anomaly in municipal government in this land of politics and spoils.—Baltimore Sun.

The Board of Directors of the Chamber of Commerce have fixed the second week in August as the time for Anderson's Gala Week, and an elaborate program is being arranged for the occasion. There will be a firemen's tournament, military prize drills, baseball, band contests, foot races, horse races and many other attractions. The City Council has appropriated \$500 for the purpose of assisting in defraying the expenses. This appropriation, however, will not be available until the citizens raise by popular subscription \$1,500 additional. The Finance Committee from the Chamber of Commerce has gone to work to secure this subscription, and is meeting with success. Every citizen of the city should subscribe liberally to this fund, and let us make the Gala Week a big success. The occasion will attract a large crowd of visitors to Anderson.

We spent last Sunday in Belton, and had the pleasure of attending children's day exercises given by the Augustine F. Smythe Sunday Kindergarten at the Belton Cotton Mills, under the direction of Miss Lily Reese Doyle, the efficient teacher of that department. The exercises were held in the hall of the school building which was crowded to its utmost capacity. The exercises were opened with prayer by Rev. J. L. McLin. The program consisted of recitations and songs by the children, ranging in ages from 5 to 13 years, and all of them acquitted themselves exceedingly well. Governor Heyward who had been invited to deliver an address honored the occasion with his presence. He was introduced in a few appropriate remarks by Senator Latimer, and delivered a most eloquent and practical address. In short, it was a laymen's sermon, and was highly enjoyed by all present.

Arthur Gaillard, a negro about 25 years of age, went on the excursion from this city to Atlanta last Wednesday. On the way home Thursday night he imbibed too much whiskey, and after the train left Seneca, on its way to Anderson, he went out and sat down on the steps of one of the coaches. His friends urged him to come inside, but he refused. After crossing Seneca he was seen no more, and it was feared that he had fallen from the car. A party of negroes returned to the River that night in a wagon, and early next morning his dead body was found on the eastern end of the bridge. He had evidently fallen on his face, which was terribly mashed and a number of bones broken, and it is believed he was instantly killed. An inquest was held and the verdict of the jury was that he "came to his death by misfortune or accident." Gaillard leaves a wife and four children, and bore a good reputation among those who knew him in Anderson. His remains were brought here Friday evening and interred Saturday morning.

Excursion From the Mountains to Charleston, S. C.

I will run a train from Walhalla to Charleston, S. C., on TUESDAY, June 9, and have made the cheapest rate and most convenient schedule ever offered to the people of the up country. A daylight ride both going and returning, and two nights and one day and a half in the "city by the sea." Just think of it, only \$3 from Anderson for the round trip. Surely you will take advantage of this chance if you want to see the ocean and all the scenery around the historic old city. The "Isle of Palms" has been made more attractive than ever, and a visit to this famous beach on the Atlantic is worth ten times the cost of the trip. A lot of nice people are going and if you want to join the crowd come right along and I will do my best to make it the most enjoyable occasion of your life. Remember, I am only soliciting the patronage of decent and well-behaved people. If you do not belong to that class remain at home. See handbills for schedules and rates. Good board can be obtained in the city at \$1 per day.

### Interesting to Asthma Sufferers.

Daniel Bant of Ottumwa, Iowa, writes: "I have had asthma for the past three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all."—Evans' Pharmacy.

Any farmer will soon save the cost of a set of Blacksmith Tools by doing his own work. Sullivan Hardware Co. have a well selected stock of such tools.

### Was Wasting Away.

The following letter from Robert R. Wait, of Salem, Mo., is instructive: "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well. I consulted with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well."—Evans' Pharmacy.

No good health unless the kidneys are sound. Foley's Kidney Cure makes the kidneys right.—Evans' Pharmacy.

No matter how clean a man keeps the house, when his wife returns she always exclaims, "My goodness; will I ever get things straightened around!"
