Methodist Episcopal General Conference.

ADDRESS OF THE BISHOPS.

DEAR BRETHREN: We hail with feelings of devout gratification the opening of another session of the General Conference of the Methodist Episcopal Church South.

We have to review the operations of the Church for eight years—embracing a period during which important and startling events have crowded on each other in rapid succession. When the last General Conference closed, we anticipated an earlier reunion in this city; but the well-known condition of things, at the time appointed in regular order for our meeting, prevented our convening here.

Such a meeting was held, first at Atlanta, Ga.; afterwards at Macon, Ga.; and then at Montgomery, Ala. In August last the Bishops alone met for consultation at Columbus, Ga. These various meetings were seasons of interest and profit to those who attended them, and the results or conclusions, as exhibited in the resolutions which were published, tended greatly, as we have reason to believe, to promote the peace and prosperity of the Church.

In order that the character of those meetings may be clearly appreciated, we would remind you that when they were called it was distinctly and simply advisory. We did not claim all authority to take any action that should be binding on the Church, only as it might be approved as wise and good.

It is proper to state to you that we found it, in our judgment, necessary to depart from the strict letter of the law of the Church in our episcopal administration. Extraordinary exigencies required us to take this responsibility.

It would have been gratifying to us if we had been able to bear the expense of more extensive travels through the work; but in the impoverished state of the Church, and especially in the absence of any provision for more than a bare support of the Bishops, this was impossible.

In August last we deemed it prudent to issue a Pastoral Address to the Preachers and Members of the Church, reminding them of their duty as Christian citizens, and giving such advice as seemed to us appropriate to the peculiar circumstances of the times.

The publishing interests of the Church suffered greatly in consequence of the war. The book concern will require your careful consideration, and some important changes in your plan of operations may be needed for its future efficiency.

Our missionary work, once the glory of our Church, has been well nigh ruined. The China mission still lives and needs your fostering care. Although the financial condition of our Church is not such as to permit the prosecution of large collections, yet we may make prospective arrangements for doing a great work in that extensive field.

The interest of the colored population should engage your serious attention. Heretofore the colored people within our bounds have deserved and received a large share of our labors. We have expended our means and strength, liberally and patiently, for many years, for their salvation and improvement, and if in any wise our conduct has not been appreciated by some on earth, nevertheless our witness is on high and our reward is in Heaven.

Let us be content to leave to Providence to vindicate in due time our scriptural relation to the interest of the colored people. For those who remain with us, the Church should provide a generous every-day support to the religious culture. Convinced that you should take the deepest interest in this subject, and will give it your special attention, we deem it only needful to speak of it in this general and suggestive form, and especially as the Bishops, in their pastoral address last August, brought the subject prominently to the notice of our people.

In respect to the separate and distinct organization of our Church, no reasons have appeared to alter our views, as expressed in August last. No proposal of fraternal relations has come to us from others, neither do we regard ourselves as in any wise responsible for hostility evinced towards us.

It is a grateful duty to welcome these brethren among us, and to commend them to the confidence and affection of our people. This is a large accession to our members and territory. It is also a testimony in our favor that this is nobly borne by men whose former position and long deliberations upon the subject, as well as their own intelligence, will entitle it to special re-

Fifteen Years Ago

HOSTESS'S STOMACH BITTERS was struggling into notice against the prejudices which everything new, however excellent, is doomed to encounter.

TO-DAY

It stands at the head of all the tonic and alterative preparations in existence. Its celebrity has evoked many imitations, but no rivals. Physicians pronounce it the only safe stimulant that has ever been introduced into the sick chamber.

There is no mystery about the causes of its success. It is the only stomachic and alterative in which are combined the grand requisites of a mild, pure and unadulterated vegetable stimulant, with the finest selection of tonic, anti-bilious, anti-scurbutic, aperient and depurative herbs, plants, roots and barks that have ever been intermixed in a medicinal preparation.

The Bitters has this distinctive quality, which is not shared, it is believed, by any tonic, tincture or extract in the world: they do not excite the pulse, though they infuse a wonderful degree of vigor into the nervous system, and strengthen and sustain the whole physical organization.

It is also proper to state that the Bitters are sold exclusively in glass, and never under any circumstances by the gallon or the barrel. Impositors and imitators are abroad, and the only safeguard the public has against them is to see that the Bitters they buy bear the engraved label and note of hand of Messrs. Hostetter & Smith, and the Government stamp over the cork of the bottle.

As the season advances, and Dysentery, Cholera Morbus, attended with Fevers, are becoming common, a PREVENTION for the ASIATIC CHOLERA is a necessity with every individual and every family.

Of those who use the PREVENTIVE faithfully, only about five per cent. were attacked, and of cases treated the mortality was less than four per cent.

NATURE'S OWN REMEDIES.

Congress Spring Water. Empire Spring Water. Columbian Spring Water.

NO NATURAL OR ARTIFICIAL COMPOUND HAS yet been discovered or manufactured that equals these waters as a PREVENTIVE, RELIEF AND PERMANENT CURE for many temporary and chronic diseases, as proved by the experience of many thousands who have drank them for years, with the most beneficial effects.

CONGRESS WATER

Is a cathartic, alterative and tonic, and is a valuable remedy for affections of the Liver and Kidneys, Dyspepsia, Gout, Chronic Constipation and Cutaneous diseases. It is a most powerful preventive of the Fevers and Bilious Complaints, so prevalent in warm climates.

EMPIRE WATER

Is a cathartic, and a valuable remedy for Rheumatism, Derangement of the Liver, Diseases of the Skin, and General Debility. Its effects are most salutary in Lung Diseases. It is an almost sure cure for Scrofula, and the most aggravated forms of Dyspepsia. As a PREVENTIVE AND CURE for all Bilious Derangements, it stands unrivaled.

COLUMBIAN WATER

Is a tonic and diuretic of a highly beneficial character, and is a POSITIVE REMEDY for Diabetes, Gravel, Calculus, Irritation and Inflammation of the Kidneys and Bladder, and has most singularly active effects in restoring these organs when debilitated by long disease. Females who have suffered for years from irregularity, and the distressing diseases known only to their sex, have been entirely cured by the faithful and judicious use of COLUMBIAN WATER.

These waters are bottled fresh and pure, from each of the above-named Springs, in so careful and secure a manner that they preserve all their medicinal value for years, and will be found equally efficacious when drank thousands of miles distant, as when taken directly from the Spring.

Beware of Imitations and inferior Waters; the corks of all genuine Congress, Empire and Columbian Waters are branded on the side of the cork, thus:

{ CONGRESS WATER, } { EMPIRE WATER, }  
{ C. & E. S. Co. } { C. & E. S. Co. }

Packed safely and securely, in boxes suitable for shipment to any part of the world. Congress and Empire Waters in boxes, containing 4 Dozen Pints, or 2 Dozen Quart Bottles each. Columbian Water in boxes containing 4, or 6 Dozen Half Pints, or 4 Dozen Pint Bottles each.

CONSTITUTION WATER.

THE ASTONISHING SUCCESS WHICH HAS ATTENDED this invaluable medicine proves it the most perfect remedy ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions to the debilitated and shattered system. In fact, it stands unrivaled as a remedy for the perfect cure of

Diabetes, Impotency, Loss of Muscular Energy, Physical Prostration, Indigestion, Non-retention or Inconsistency of Urine, Irritation, Inflammation or Ulceration of the Bladder and Kidneys, Diseases of the Prostate Gland, Stone in the Bladder, Calculus, Gravel, or Brickdust Deposit, And all Diseases or Affections of the Bladder and Kidneys, and Dropsical Swellings existing in Men, Women, or Children.

FOR THOSE DISEASES PECULIAR TO FEMALES CONSTITUTION WATER IS A SOVEREIGN REMEDY. These irregularities are the cause of frequently recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the difficulty becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and consumption finally ends her career.
