

The Daily News.

THURSDAY MORNING, JULY 19, 1866.

LOCAL MATTERS.

SEE SECOND AND THIRD PAGES.

THE THERMOMETER in our office, at 12 o'clock last night, stood at 91 degrees.

ATTENTION is called to the advertisement in today's News of Messrs. EUBANK & MALLONEE, offering for sale a beautiful and fast sailing yacht.

WE PUBLISH to day, on our second page, a very able paper on the project for a railroad connecting Charleston with Knoxville via Spartanburg and the French Broad, which we commend to the attention of our readers.

STABBING AFFRAY.—On yesterday afternoon about 6 o'clock, a difficulty occurred between two negro men at a house on South Bay, it being the residence of one of the party. One of the men was beat by the other, and attempted to make his escape by running to Tradd street.

AN OLD DRUG STORE UNDER A NEW NAME.—We take pleasure in calling the attention of our readers to the advertisement of E. H. KELLERS & Co., in another column. This new firm has succeeded to the well-known concern of PHIN & DONN, at the same old stand in Meeting-street, near Market.

A WARNING TO HOUSEKEEPERS.—On Monday evening last two negro women called at the house of a gentleman in Wentworth-street, and said that they had called for the week's wash.

PANKNIN'S HEPATIC BITTERS.—We always take pleasure in encouraging any enterprise having for its object the development of our native resources; and, in pursuance of this practice, we did not for a moment hesitate, yesterday, to take by the hand a bottle of Mr. PANKNIN'S Hepatic Bitters, which he kindly presented for trial to our experienced men.

PROVOST COURT, Wednesday, July 18.—There was another case before the Court to-day in which a policeman was censured for going beyond the bounds of his duty. As these cases are of great interest to the community at the present time, we publish the evidence and the judgment of the Court in full, being satisfied that the public will be able to draw their own inferences without any hints from us.

UNITED STATES vs. DANIEL BLACKWOOD (colored).—Threatening and abusive language to the police.—Policeman James Nolan, sworn: I belong to the police force; I was on duty on King-street, near Broad-street, between four and five o'clock yesterday afternoon, when defendant was saying that he would shoot any white man who would not star on, but told him he had better move on, when he asked what I had to do with him; there were two persons standing near, to whom he appeared to address himself; he said to me, "you white man, what have you got to do with me?" As he refused to move on I told him I was a policeman, and took him to the Court House; I found \$25 on him; he made no resistance after I showed him my star; he said that I was just the kind of man he would like to get at; his conversation was that he would kill any white man who would come in his way; a white man and woman stood near him.

MADAME REMINGTON, THE WORLD RENOWNED Astrologist and Somnambulist Clairvoyant, while in clairvoyant state, delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomètre, guarantees to produce a perfect and life-like picture of the future husband or wife of the applicant, with date of marriage, occupation, leading traits of character, &c.

MRS. WINSLOW, An experienced Nurse and Female Physician, Presents to the attention of Mothers her Soothing Syrup, FOR CHILDREN TEETHING, Which greatly facilitates the process of Teething, by softening the gums, reducing all inflammations, and allaying ALL PAIN and spasmodic action, and is SURE TO REGULATE THE BOWELS.

Relief and Health to Your Infants. We have put up and sold this article for over thirty years, and can say in confidence and truth of it what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used. Never did we know of an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues.

THE PRISONER was then recommended for using improper language in the street, and discharged. James Clemons (colored) was fined \$2 for sleeping in the street, but on his statement that he was in town for the first time, and was unacquainted with the regulations, and on his promise to seek work immediately, his fine was remitted. He was warned, however, that if he was ever brought up again for the same offence, he would be severely dealt with.

A white man was brought up for spitting on the dress of a colored woman, but no witness appearing against him, he was discharged.

A very ignorant darkey brought a charge against a much smarter fellow of his own color for stealing his clothes and money. He stated clearly enough what he had lost, and how he had lost it, but his idea of the time was extremely muddled. He said that it was last summer about a month ago. The truth of the story seemed to be that the prisoner had borrowed the clothes and money of the witness without leave, but that afterwards the witness had consented to the loan. The clothes had been returned much the worse for wear, but the money had not been returned at all. The blank look of disappointment and wonder on the prosecutor's face when he was told that his action should be on the civil and not the criminal side, was ludicrous in the extreme.

MAYOR'S COURT, Wednesday Morning.—A shockingly bad looking Dutchman was fined \$20 for a theft, and ordered, in case of default, to be turned over to a Magistrate. A man, for outrageous conduct, was turned over to a Magistrate. A sailor, with a complexion dark by nature, darker by the sun, and darker still by dirt, was fined \$5 for lying down drunk on the sidewalk.

This is no imposition, as testimonials without number can attest. By stating place of birth, age, disposition, color of eyes and hair, and enclosing fifty cents, and stamped envelope addressed to yourself, you will receive the picture by return mail, together with desired information.
