SAVANNAH, October 10.—Exchange—Owing to the brisk shipment of Cotton lately, Exchange on New York is being freely offered by outsiders at 1½ discount. The Banks purchase at ½ off, and sell at par.

No transactions are reported in storling.

Corrow—Our last week's review closed with a drooping market. The sudden and decided rallying of prices was evidently overwrought by speculaiors in New York, and the reaction consequent thereto has acted during the past week as a damper, with little doing, and a decidine of 50 on the highest figure previously attained, say 400 for New York middlings.

To-day, however, we got more encouraging news, and quite an active demand prevailed, with sales of about 500 bales, on the basis of 35c for New York middlings.

Augusta Market.

Augusta Market.

AUGUSTA, October 11. The money market continues stringent. Brokers are buying Gold at 159 and selling at 151. Silver—Buying 138 and selling at 145.

The receipts are 520 bales.

New Orleans Market.

New Orleans Market.

NEW ORLEANS, October 6.—Corron —The market opened this morning with a very limited inquiry, and continued quite leasing the throughout the day. The receipt of private dispatches, which were subla quantly confirmed by the press telegrams, announcing increased weakness at New York, materially contributed to the general duliness, and although factors were anxious to sell and willing to make concessions, still buyers preferred awaiting further developments. Under these circumstances the sales were confined to 630 bales, taken by five brokers, at prices approximating the following quotations: Ordinary 99 to 310; Good do 33 to 34c; Low Middling 35 to 35c; and Middling nominal.

Memphi I, October S.—Business to day has been very fair. Orders were filled to a considerable amount, and our merchants are looking forward to a speedy and prosperous opening of trade in all its branches. Our streets present quite a lively appearance. The level was crowded with produce and miscellaneous merchandise, both arriving and departing.

Corron—The cotton market to-day was quite dull. We heard of no sales worth noting. Holders are not willing to make the concessions required by buyers, while from 1 to 2c appears to be the difference in their views. We heard of Middling offered at 37c, but 35 to 36 is about the figures offered, and but little inquiry made for it at that price. 1100 bales were shipped to day by one packet. We quote nominally: Ordinary, 28 @30; Ocod Ordinary, 38@30; Good Middling, 38@37; Strict Middling, 38@39; Good Middling, 38@37; Strict Middling, 38@39; Good Middling, -@.—

The price of day, as paid from Monday until Thesday. The price of Gold was also lower by % to %, per cent, though the market rallied from the cheapest sales of the morning, 148%% to 149%% per cent. Early in the day there was a partial improvement in the business of Exchange for the Boston steamer, and first-class Bills on London for the Boston steamer, and first-class Bills on London were at 107 to 107% per cent. But as the price of Gold again stiffened, the demand foil off, and the market closed flat at 107 per cent.

The course of Money at Bank and with private lenders was quite steady at the cheap rates for some time quoted, and the supply easy on call to the Stock Brokers at 4 to 5 per cent.
