New York Dry Goods Market.

Now York Dry Goods Market. NEW YORE, December 22.—Business is dull, but the worst has been reached, and there are more buyers of goods at the reduced prices asked, thus arresting the downward tandency in some measure. Brown shirtings and sheetings have improved in domand, and standard, sheetings are higher. Bleached goods are also better, its great provious reduction having drawn out buyers. Drills are in limited demand. Canton fannels are quick S.-ipea and ticks are moving a little. Prinz, however, are only active for the most desirable styles, and prices are firmer. Delaines are in fair activity, and desirable makes are a ready sale. Coburgs are inactive but firm. Brondeloths are more briak at the recent decline in price. Cassimeres are very inactive. Heavy and dark desirable qualities and styles alone are wanted. Satinsts are valul and heavy. Foreign goods are very inactive. The im-portations are very few, but old stocks are insere.
