Received during the month of August, 1866. Messes. Chickening the monte of August, 1860.

London, July 25, 1867.

Messes. Chickening & Sons-Gents: I have much pleasure in enclosing a decument signed by the first composers, musicians and professors in Europe. I held your Planos in such high estimation (wide my certificate) that I felt it my duty to take one of them with me to Europe, to accertain the opinion of my professional brethren. The enclosed certificate will prove how unamnous they have been on the subject. I beg to forward, at the same time, a letter I received from my friend, Mr. Collard, which I am sure must be gratifying to you.

LONDON, January 14, 1866.

My Dear Sir: I have great pleasure in asking youto convey to Mesers. Chickering the expression of my highest approval of their instrument. It is, I consider, not merely the best instrument of American manufacture that I have tried, but one of the fluest Grand Pianofortes that has ever come under my observation; and the Mesers. Chickering may well be proud of having turned out from their manufactory an instrument which, for touch, quality, power and workmanship, it would be very difficult to surpass in any part of the wide world.

Dear sir, very sincerely yours,

Among the chiefpoints of excellence of the Chickering Planos, of which speak the renowned artists in their congratulatory testimonials to the Messrs. I consider Chickering & Sons' Planes superior to any in the world.
