London, January 11.—United States Five-twenties 73; Evics 433; Illinois Contral 804.
Berlin, January 10.—Count Bismarck, in his circular to the European governments, declares that peace sheal be maintained, and that he will devote himself to the consolidation of Germany.
Paris, January 10.—Nine transports sailed for Mexico. It is believed that the French troops will be ready to sail by the 15th of February.
La France says in no case will the French Governmen treconsider the order for completing the evacuation of Mexico by the first of March.
Constantinople, January 10.—The Porte has issued a circular calling the serious attention of the European powers to the affairs between Turkey and Grecce. It says if there should be no favorable results from its efforts for peace, it will prepare to defend the honor and integrity of the Empire.

Empire.

London, January 10.—Consols closed at 91 for money. Five-Twenties 72½. Illinois 805; Eric 41½. Rio Janero advices of the 28th state that the rivers Amazon and San Francisco had been thrown open to the trade of all nations. Coffee was quoted at 61.00463.00 for good first. Stock 50 000 have

was quoted at 61.00a63.00 for good and 60.000 bags.

PARIS, January 11.—The American monitor Miantonomah and the remainder of the United States squadron are at Carthagena, where they attract the control of this city warns the American people against the impeachment of President Johnson agai

Washington, January 11.—In the Honse the Postoffice Committee were instructed to inquire into the expediency of establishing an ocean mail between San Francisco and Oregon City.

Several private bills were taken up, and, on the adverse reports from the Committee, were tabled without reading. A number of other private bills of no general interest were passed.

A Bill allowing James Harper sixteen thousand dollars for the bark Gen. Barry, chartered by the Correlations, and castroyed by the Confederate steamer Florida, elicited a long debate, and was finally laid over and placed on the private calendar.

relative to the horses lost in Indiana during Gen.
John H. Morgan's raid, was referred to the Military Committee.

The House then went into a Committee of the
Whole on the private calendar. The Appropriation Bill was taken up, and the amendment to reduce the sum for the purchase of scods from
eighty to forty thousand dollars elicited a noisy
debate, but without any definite action. The
House adjourned until to-morrow.

In the Sonate Sumer presented the petition of
the Fort Smith, Arkanasa, Delegation, a synopsis of which has been telegraphed. It was
referred to the Committee on Territories. It
was reported that a Bill organizing the Government of Idaho, and a Bill amending the act for enrolling and calling out the national forces, was referred to the Committee on the Militia. The Naval Committee were instructed to inquire into the
expediency of closing the Norfolk Navy Yard. A

Washington N

New Orleans, January 11.—A Matamoras letter of the 6th says that there is great rejoicing over the surrender of Guadajara, and the evacuation of San Luis.—The administration of Burrazabal in the new Government of Tamaulipas, gives great satisfaction. In contradiction to a dispatch dated Brownsville, January 7, it says Cortinas has just arrived in front of Matamoras, and will at once invest the city.

New York, January 11.—A Mexican correspondent from Vera Cruz, December 29, and the City of Moxico 26th, states that all the French troops are concentrating at the capital preparatory to leaving the country. A French transport is at Vera Cruz to take home the French troops whose time has arrived. as expired.

Austrian steam yacht Elizabeth from
had arrived, supposed to be a convoy for

aximilian home. The transportation of French troops from the pital to Vera Cruz is to commence on the 15th

The Emperor is still at Puebla.

The Emperor is still at Puebla.

Two steamers from New York with provisions for the French had arrived. Another, from the same port, has discharged her cargo, it is understood, for the Liberals at Minotechang.

General News.

Washington, January 11.—A negro regiment, recently recruited here, and commanded by Gen. Miles, has been ordered to South Carolina.

The Rev. Dr. Schon, Missionary Secretary of the Methodist Church South, is in this city. He has just removed from Tennessee to Baltimore, and reports the progress and prospects of the Methodist mission throughout the world as more favorable than ever before. Under Dr. Schon's direction, special attention is to be given to the religious culture of the negroes, in opposition to the measures of the Bornan Catholic Council.

San Francisco, January 10.—The Golden City sailed to-day, carrying \$1.477.800 in treasure, of which one million was detained in New York.

New York, January 10.—At a meeting of the Manhattan Fenian Circles a satisfactory report was read from James Stophone. The Roberts men say that they have gained greatly by Stephene' failure, and that everything is moving in the right direction.

Bosrow, January 10.—The Iron Mouldars' Union Bleeted Mr. Wm. H. Sylves, of Nashville, Presi-

right direction.

Bosrow, January 10.—The Iron Moulders' Union elected Mr. Wm. H. Sylves, of Nashville, President. The Union takes strong ground against

New OBLEANS, January 10.—A letter from Beau-regard, to the New Orleans Times, appear to-mor-row morning, with reference to the statements published in the Northern papers regarding his position on national affairs. He states that he did not make a speech at Canton, but said in private conversation that the South had defended what it conversation that the South had defended what it considered to be its constitutional rights, and having appealed to the abitrament of arms it vielded to the decision given against it. He believed the Southern people were willing to accept a Constitution as made by the war and understood by the Supreme Court. In regard to the Constitutional Amendment he said he had little opportunity, except through the papers, to accertain the public opinion, but his individual sentiment was that the South should not accept it, as its interests and manhood forbid it.

New York, January II.—The Board of Councilmen had a stormy session to-day. Councilman Long threw an inketand at President Brinkman's head. Others called Brinkman liar and perjurer. Pistofs were exhibited, and Brinkman arrested. It is believed that the municipal business remains locked until Brinkman resigns. Domestie Markets.

New York, January 11.—The Commercial's money article says that the money market still shows the effects of the Bear movement. Discounts are quiet and confined to the best paper, at 728 per cent. Governments opened at a decline from last evening's prices, but subsequently improved. Gold is excited under the contest between the Long and Short interests. Mining stocks show increased activity. The stock market is decidedly more active, and showed an improvement on the opening prices.

AMERON HALL: A Story of the Civil War. By M. A. C. suther of "The Little Episcopalian," "Bessic Melville," etc. Philadelphia: J. B. Lippincott & Co., 1867.

M. A. C., we learn, is Miss Mary Ann Cruse, of prevents any further reading of a book on our part, we in this instance, by an effort, overcame the repugnance, and faithfully and conscientiously read the whole 548 pages of "Cameron Hall." Our objection to novels founded on the facts connected enjoyment of the story. No man is a hero to his valet de chambre. Familiarity must ever remain antagonistic to all attempts at romance. The child's fancy delights in picturing a world of prin-ABBOTT has written, and the HARPERS have pubents, short stories and long morals. We In reading novels big folks a e children, and pre-

derstood this idiosyncracy and profited by it. same transcendent genius traced the picture.
DECEERS succeeds in treating such subjects because of his humour, his knowledge of human sketches of society. But neither of these great masters, we think, would have ventured, so soon the occurrences connected with which perfectly familiar to every one of his readers. It is too soon to treat the subject from an ideal point of view, and realism, for the reasons above given, is

fatal to it as a work of art.

There are great masters of painting in both schools; but to entitle a picture to admiration, true and lasting, it must show something more than the bare realism of the Pre-Raphaelites, which finds nothing bizarre in the cobbler's judgment, whose acumen exhausted itself in the critdivine, all are susceptible of a variety of treatment in both styles. Rosa Bonheun will paint you a horse, or a dog, or the highland heather, true to nature and to life, while Sir EDWIN JANDSEER'S incommonplace, cannot be rendered poetic or beautiful. A mathematically correct drawing of a house, a wall, a locomotive or a sewing machine, are not without their merit, and may be isometrically beautiful, but they are by common consent ban-ished from the domain of the fine arts. So is it—certainly should be—in the field of

literature. The characters of a novel may be very true to nature, and yet be intolerable. Is it not enough that we must endure stupidity in our daily intercourse with men and women? Are we prepar such characters are drawn—the more life-like the conversation—the worse the book. No amount of unexceptionable morality, virtuous example, and poetic justice, can compensate for this, even though it be all written in excellent English. But if to these drawbacks is superadded, as is not unfrequently the case, a total want of invention, and the book is unredsemed by aught that could relieve the dull monotony of proverbial platitudes, then we have the perfection of the modern moral and religious novel—"The Wide, Wide Worlds,

To show how difficult a task it is at this time to write either a fair history of the civil war, or a novel bearing upon it, we will mention the case of Marion Harland, who recently made the essay in her "Sherbrooke." Herself a Virginian born, but aer "snerbrooze." Hersen a virginian born, but a resident of New Jersey, she was condemned by the Southern press for viewing everything from a Yankee stand point, and by the Northern papers because of her partiality for "rebels." We do not wish to be understood as applying

any of the foregoing remarks specially to "Came-ron Hall." We have spoken of the characteristics of the genus, and as belonging to that genus, the book before us must be considered open to the same objections. The onus probandi is with it; and we are happy to say a deal of very good proof and we ere happy to say a deal of very good proof has been submitted showing cause why this present book should be acquitted from the severe charges under which it has been brought into court. The language is good, style simple and pleasing, and there is an abundance of mystery. We have two or three secrets running all through the story. The idea of the blind girl Agnes and her sayings and doings is not altogether original; rather a favorite theme of late years with lady novelists. Uncle John is a sort of Squire Allworths only found in romances. There is, how. worthy, only found in romances. There is, how-ever, too much talk. The conversations are many, very long, and often pointless. A deep religious tone pervades the whole work; and although there tone pervades the whole work; and atthough there is a total absence of anything like wit or humor, "Cameron Hall" is, nevertheless, a very interesting story, and will be read with pleasure as well as benefit by the average class of novel readers.

ANDREW JOHNSON IS READY FOR TRIAL.-The Washington Republican, the special organ of President Johnson, in its issue of Thesday, says:

the effects of the Bear movement. Discounts are quiet and confined to the best paper, at 7a8 per cent. Prussion Prize Money.
WILLIAM, by the grace of God, King of Prussia,
on the 16th of November last, decreed that, with sum of one million and a haif of thaiers, to be de-frayed from the contributions from the several conquered territories, shall be donated to the chiefs of the Prussian army, who have contributed to any remarkable degree to the brilliant results of the late war. The Nord Deutsche Zeitung says when Napoleon parcelled out the kingdoms of Europe among his generals and the members of his family, it proved more a source of weakness

We make the following extracts from the Bal-

ative and ten in the negative, thirteen Senators being absent.

The chair announced the passage of the bil amid profound silence, when the crowded galleries rapidly dispersed without the slighest manifestation of feeling.

The impeachment resolution of Mr. Ashley, if divested of the importance that has been given it by tell-grams sent off by excited correspondents whilst the matter was under consideration in the thouse the production of the Judiciary Committee to investigate the general than a simple resolution authorizing, not directing the Judiciary Committee to investigate the general charges made by Mr. Ashley, and the vote, when undorstood, does not indicate that the House will sustain the charges. Many of those who voted for the resolution did so to get it out of the way or into the hands of the committee, where it is believed the thing will die out for want of proof to sustain the charges of commission of high crimes and misdemeanors, as those terms are defined by law and understood by jurists.

No one has yet named a single case in which the proofs are of the character to sustain the legal, interpretation of the terms above mentioned. The author of the resolution is not regarded as a lawyer, and I believe does not profess to be one, and his cases suggested to sustain the charges merely embraces acts of a political or partisan character, not criminal in the legal sense.

GRANT APPROVES THE YEVO.—A Washington letter says: "The President's message vetoing the District Suffrage Bill was read in Cabinet session on the afternoon of that day. I now learn that General Grant was, by invitation, present during the reading of the document, and that he fully and unequivocally approved the message, as also the members of the Cabinet, except Mr. Stanton, who read a chort opinion, taking the ground that the Bill was constitutional, and advising the President to approve it."

A Northern paper, of a late date, remines us of the curious fact, that aimost every decade in the ORPHAN HOUSE CHAPEL.-THE REV.

years. If for nothing elso, Gen. Jackson and his successor will be remembered for their recklessmess in smathing up the currency to gratify personal and political spite. King Hudson reigned over the English rullevad speculations of 1847, and famine stalked over Europe, and especially in Ireland, spreading suffering and causing wide-spread failures. A purely commercial snap emphasized 1857, caused by inflation and overtrading.

But the crash of 1867, if one is inevitable, which we neither proclaim nor admit, will be "Pelion upon Ossa," indeed. The chasm is too deep and dark to think of, much less to look into. Let us hope the rather, that by rigid economy among consumers, the present heavy balance against us on the year's faving trade may be made up, that favoring skies will bring us abundant crope, and the hands of producers be multiplied rapidly all over the land, so that the present heavy burden of taxation can be borne; that Congress will be successful in so adjusting the currency and imposts, that the year 1867 may be securely and homerably provided for.
