LOCAL MATTERS.

To Correspondents.

We are continually receiving communications on political and other matters from persons who do uot attach their preper names to the articles sen; and we take this occasion of repeating that nothing can be published in The Dally News without eing indorsed by some responsible individual.

WE WOULD call the attention of purchasers the advertisement of Mr. J. N. Rosson, Agent for DUPONT'S Powder. He has a large and complete stock, which will always be kept up, and which ho will daily disvos to any part of the city. The Messrs. Dupont commenced the manufacture of powder in 1891, and have leept their powder up to the standard, and an experience of thirty years with their former Agents here have always given complete satisfaction. Their establishment is on ing out one thousand kegs daily, with a capital over two million dollars invested, thus giving guarantee that purchasers can depend on what they get. Mr. Robson is prepared to sell at lowest market rates, and, indeed, as lov as it can be or dered from the factory in small lois.

We would again call attention to the opportunit

of purchasing the stock of books and stationery &c., &c., of Mr. S. Habt, Sr., No. 332 King street

GOVERNOR ORR .- We learn that His Excellen ORR is expected in this city on or about the first of April.

PROFESSOR HOLMES of this city, is at present lecturing in Savannah. His first lecture was t have been delivered last night. DELACY, of the Mills House News Stand, he

kindly furnished us with the New York Sunday Mercury and the Waveriy Magazine.

M. Gannon's Marble Yard, corner of Friend a Queen streets. Monuments, Tombs and Head-stones furnished at the lowest possible rates.

DEATH OF DR. THOMAS HUNT.—This gentlem a native of our city, but who removed to New Or-lesns some thirty years ago, where he held a high professional position, died at the St. Charles Hotel on the 20th inst. Dr. Hunr was about fiftysix years old, and leaves a widow and a son an

FORGOT TO CREDIT .- The Carolina Times, pul lished in Orangeburg, S. C., is guilty of literary larceny, in the second degree, in taking from our columns, without credit, the greater part of ou summary, printed a few days ago under the title of "Spirit of our Southern Exchanges." A digest of this character not unfrequently involves mor labor than an original article of double its length

RELIEF MEETING.—in pursuance of a public call the citizens of Savannah held a meeting on Mon-day last at the Exchange Long Room, to devise me plan for the relief of the suffering people of Middle and Upper Georgia. After remarks by several gentlemen, the following resolution was asly adopted:

Resolved. That a committee of fifteen, of whom the Mayor of the city should be chairman, be appointed by the chairman of this meeting, to receive the contributions which may be sent to this city, for the benefit of the destitute people of Georgia, and to distribute the same as they may deem best, to answer the ends desired.

heavy rains have been severely felt in all parts of the country, and have materially interfered with arrangements. This has been peculiarly in those sections watered by the large rivers, and particularly among the rice planters.

The Georgetown Times says: "The whole country east and west has been flooded, and our rice conntry is now suffering from the effects of the de of rain in the up country. We understand are large freshets on the Pce Dee, Waccaman Black and Santee Rivers, materially interfering with the labors of the planters, both in the preparation of ration of their lands as well as postponing planting, which usually common about this tim We trust this is not preliminary to a drought this summer, for with a good season we might reason ably hope for brighter prospects, as there app

ably nope for originicy prospecies, as there appears to be less difficulty in organizing the plantations."

FIRE.—In consequence of the lateness of the hour we were unable to obtain full particulars of the fire of yesterday morning. It originated in the shoe store of Mr. D. O'NEAL in King street, between Calhoun and Vanderhorst, and was occusioned by a spark catching the soot in the chim-ney. The chimneys had been swept the day be-fore, and the soot had not been removed from behind the fire-board. This must have taken fire and have caused the conflagration. The engines soon deluged the store with water, and what the fire had spared was so thoroughly soaked that the entire stock was ruined. Mr. O'Neal was insured in Tupper & Lane's Insurance Agency for \$6000, but this will not cover the amount of his loss by \$2000 or \$3:00. The building was owned by Mr. POZNANSEI, and was insured at the Charleston Insurance and Trust Company for \$3000: but as only the store was injured his loss will not amount to

but a few hundred dollars.

Mr. O'NEAL is well known for his business of terprise, and we surmise that it will not be many months before he is re-established in his old stand with a better stock than the one that has been de

CITY IMPROVEMENTS .- At the last meeting City Council it was decided that the Board of Fire masters be authorized to place the red-cappe posts near all of the fire wells in the city. This is easure that was long needed, in order to desig nate the different localities, as many were unknown even by the firemen. Their presence is now a cer-tain index that a well is close by, and a fire can be nore speedily checked when the water is obtaine without wasting time in hunting for a well.

Since the days of the Hon. H. L. PINCENEY, when

it was the popular impression that the shade tree in the streets tended to make the city unhealthy the Conscript Fathers have regretted the whole sale destruction then made of the forrest kings and have endeavored to repair the misfortune by setting out a number of young shoots in different parts of the city. These were tempting tit-bits to the half starred horses who were hitched near by and many of the trees were denuded of their bark In order to prevent this, and at the same time add to the appearance of the sidewalk, the authorities have recently enclosed their charges with nest and ornamental boxes. Several of these have been placed in position on Meeting street, and if there is any vitality in the trees a few years will change the condition of this, thoroughter considerably. There are few things more grateful thin a shady walk on a summer day, and from the present preparations the prospect of enjoying this lutury is not far distant. In order to prevent this, and at the same time ad

THE ATMOSPHENC PRESURE. The provailing moist state of the atmosphere has been a general subject of complaint for many days, and it has steally seemed as if the clerk of the weather has been poncing the vials of his wrath upon our trade. According to an old but popular tradition, our entered the Ark on the 17th of March, and related until the 29th April, during which the color was a steady of the color of iod we are informed that it rained inc e recent freshets and floods that have deluged country tend to prove that the old chroniclers to not mistaken in their dates, and the only fear be drowned out, as the population has increao such an extent, since Noan's day, that it d take several *Great Existerns* to accommodate ssengers. Scarcely a day has passed in the sw weeks without a shower, and when the few weeks without a shower, and when the lid make his appearance, he was seen obscur-the murky clouds that covered the sky.

ather is extremely disagreeable, as it inter-

a luxury that has rot been enjoyed for some time; but the pattering of the min, dashing in big drops on the narrow pane, and making mournful music for the mind, is apparently the only entertainment change for the better, and cause both the clouds to vanish and the sun to give his genial warmth.

CHARLESTON BOARD OF TRADE,—A special meet ing of this Board took place yesterday evening at the Charleston Hotel Club Room. A large number of members were present.

The minutes were read in approved.

The minutes were read and approved.

Mr. E. Platt, from the Committee appointed to xamine the books of the Secretary and Treasurer,

reported as follows:

The Committee to whom was referred the duty of examining the books of the Secretary and Treasurer of the Charleston Board of Trade, beg leave to say that they have discharged the duty assigned them, and found the accounts correct.

The aggregate of receipts during the past year amounted to \$2163.62, and the expenditures \$394.51. Balance on hand \$179.11.

Your Committee, however, cannot forbear to take this opportunity of testifying to their high opinion of the manuer in which our Secretary and Treasurer, John B. Steele, Esq. has discharged his duties. Rarely is it the privilege of a Society to have its books of this Board. We would therefore recommond for the adoption of the Board the following resolution:

resolution: Resolved, to John B. Steele, Esq., Secretary and Treasurer, for the efficiency with which he has discharged his duties, for the ourtesy and urbanity that have uniformly characterized his intercourse with the members of the Board, and for the unusually neat and elegant manner in which the records of the Board have been kept.

Respectfully submitted.

E. LATT, Chairman. C. FRONEBERGER. Mr. E. MARSHALL, of the Executive Committee offered the following resolution, which was

Resolved, That the Charman of the Executive Committee recommend that an appropriation be made for remunerating the Secretary and Treasurer for collecting the arrears, delivering notices, etc., and that for his indefatigable services in the discharge of these duties, he is entitled to a vote of thanks of the Beard.

It was moved and carried that a commission of should be the sum recommended.

The President, Mr. Hasne, then read the char or of the Board granted by the Legislature at its st session. The charter was unanimously aclast session. The charter was unanimously accepted by the Board.

Mr. WILLIAM GUENEX moved the following reso-

Mr. William Gunner moved the following resolution, which was adopted:

Resolved, That a committee of five be appointed by the Chair to wait upon the members of this count and solicit subscriptions for the benefit of ind solicit supposes of the city.

inted by the Chair: W. Gunney, A. Gerry, H H. DELEON E. PLATE I N POPE Mr. M. STRAUSS gave notice that, at the next regu lar meeting, he would offer the following ame ments to the Constitution and By-Laws, viz:

To amend Section I, Rule 2, and To amend Section IV, Rule 5. The President read a communication from the Chamber of Commerce, Birmingham, England, introducing Mr. A. Fizza, of that city.

After the letter had been read, Mr. HASTIS announced the presence of Mr. ALFRED FIELD, and introduced him to the Board.

Mr. Figure then stated the object of his visit to the United States, and the nature and character of

Chambers of Commerce in England. He said that there is an annual meeting of delegates from all the Chambers in England, held in London, just be fore the meeting of Parliament in February, who offer such recommendations to that body, as they believe conducive to the general good. Mr. Figure reviewed the history of International Law, insofar as regarded the doctrine of the rights

of neutrals; as well as the cognate questi especting the right of all private property on the On motion of Mr. A. Gerry, the communication

of the Chamber of Commerce was referred to the Executive Committee, and the thanks of the Board were tendered to Mr. First for the remarks h and addressed to the Board. On motion, the Board then adjourned.

Lusus NATURE. The Sianese Twins have lonbeen considered the greatest freak of nature that has ever existed, but they must yield the palm to a hydra-headed moneter now to be seen in this city. This singular specimen of monstrosity is the head of a calf, or rather the two heads of one call, lately born in this city, but which did not breathe more than a few moments. The heads are distinctly formed, each having two eyes and a separate mouth, but only one pair of ears, the re-resider of the body being well formed and pre-senting no variations worthy of note. This calf was born on the outskirts of the city, and, attracting the attention of Dr. Michel, he forwarded the head to Mr. G. W. AIMAR, who has preserved it in spirits, and placed it in his museum, where it can

Mr. Arman's stand, at the corner of King and Vanderhorst streets, is well known as almost a counterpart of Drozen's Cariosity Shop, but recently the proprietor has made several additions to his collection and now has on hand a well formed vegitable hand and a pair of shrimps that astonish and alarm the beholders by their size and erceness. These latter have been brought from Cuban waters, and if the inhabitants of that is are always favored with such specimens of crustaces the concection of a shrimppie will not be a difficult job. At a first glance their identity with the as doubtful, but a second look

soon convinces, and we have no doubt that a taste

would convert even the most inveterate doubter.

The corner of King and Vanderhorst streets is an old drug stand, and the present establishment has been conducted successfully by Mr. AIMAB since 1853. During the war this corner was the most popular in the city, and was hourly the most popular in the city, and was hourly crowded by the Confods, who gathered there to hear the latest intelligence from the seat of war. Mr. Aman has conducted the drug business on the principle that the nostrums of quacks and charlatans should be avoided, and he has substituted on his shelves preparations from the most skilled Charleston chemists. The fly trap bitters and the cologne are made by Mr. Aman himself, and their superiority has been preced by self, and their superiority has been proved by their having taken a prize and a diploma from the South Carolina Institute; the cologne has been considered by many to be even better than the Farina. An hour can be spent pleasantly examin-ing the different curiosities in Mr. Alman's estab-lishment, as he has beside the examinations. lishment, as he has, besides the specimens men-tioned, all the attractive articles to be usually o und in a drug store.

MAYOR'S COURT-March 21.—An individual, profeesing to be a stranger, who threw water from an upper story window upon the sidewalk, was

med 22.

William Chisolm, a darkey, who was arraigned for stealing cotton, was disharged, as no prosecutor appeared against him.

A Teuton, who was found lying down drunk in the street, and who said this it was love of company that made him take a couple of mixed drinks which caused it, was fined to.

Joseph Robinson, a colored individual whole.

which caused it, was fined to.

Joseph Bobinson, a colored individual, who had
been indulging in genuine "knock-knee," and
who shoved one Butler from the pavement, and
then took off his coat to give the said Butler an
opportunity of treading on the tail, was fined \$2.

Ben Cunningham, a very spare colored man, who
entered into a wreating match with John Barley-

corn, and was thrown, was charged \$5 for giving gymnastic exhibitions in the street. A mulatto man, with his hair out peculiarly short, was brought up under the charge of at-tempting to force an entrance into the street cars,

but expressing sincere regret at the occurre and stating that he was under the influence liquor, or it never would have happened, he was fined but \$5, and his Honorseemed pleased at the contrition which the offender really exhibited. Esau Small, the darkey who was fined \$10 on last

stand, and bid the orator a pleasant "good morn

A New York Farmen, of practical experience in vine-yard culture, will engage in the business with a party having the necessary capital, with an ulterior view to the manufacture of wine. The capital required may be graduated to correspond with the extent to which it would be advisable to go, and used at intervals. If the business so conducted with due regard to the conditions essential to success, it will pay soon and wall. The disorgunization of labor demands a change in accomplishal surrentia and myncholy in no direction does

agricultural pursuits, and probably in no direction of any considerable importance beyond speculating in sardy varieties. In the light of this experience, South landy varieties. In the light of this experience, South Carolins may seize the prize, as some compensation for the wrongs inflicted on her by funaticism in the cause of a false humanity. In the change demanded, the upland planters or farmers will find grape culture a substitute for their chief staple, which requires but triding labor, and vastly more profitable. This is no patent way to get rich, nor yet is it a temptation to speculate in illu-aions with a promise of fabulous results; but, as the "early bird eatches the worm," so the first to participate with justice in the largest measure of whatever is valuunbounded field of labor will be the first to participate with justice in the largest measure of whatever is valuable in the legitimate pursuits of life.

TESTIMONIAL
SHEFFIELD SCIENTIFIC SCHOOL,
NOUNEERING DEPARTMENT,
YALK COLLEGE, NOVember 15, 1886.

I have always recommended the Faber Polygrade
Lead Peacilis as the only pencils fitted for both ornamental and institumentical drawing; but, after a thorough
trial of the American Lead Pencil Company, New
York, I find them superjor to any pencil in use, even to
the Faber or the old English Cumberland Lead Pencil
being a superior pencil for sketching, ornamental and
mechanical drawing, and all the ordinary uses of a lead
pencil.

machanical drawing, and an uncommany
panell.

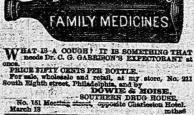

These penells are very finely graded and have a very
amooth lead; even the actiest penells hold the point well;
they are all that can be destributed in a penell. It gives me
great pleasures to be able to sesure Americans that they
will no longer becompelled to, depend upon Germany or
any other fireign market for penells.

LOUIS BAIL.

Professor of Drawing, &c.
