THURSDAY MORNING, OCTOBER 3, 1867.

THE ROSEBUDS

BY HENBY TIMEOD. Yes, in that dainty, ivory shrine, With those three palld bud I twine And fold away a dream divine.

Near that chuste heart they seemed to me Types of far fairer flowers to be— The resebuds of a human tree! Buds that shall bloom beside my hearth, And there be held of richer worth Than all the kingliest gems of earth.

I know not if she marked the flame That lit my cheek, but not from sha When one sweet image dimly came,

How far my fancy dared to stray, A lover's roveronce need not say— Enough—the vision passed away!

BIE SAVANNAH BRADLEY RIOT.—The Advertiser

BAYS that in our issue of yesterday morning we
mentioned that several arrests were unade after
the Chippowa Square demonstration. The parties arrested were committed to the barracks and
brought up before the Mayor yesterday morning.
Lieutonant Bell, who was in charge of the barracks when the prisoners were brought in, presented a miscellaneous assortment of pistols of
various descriptions, razors, kuives, powder and
caps, which had been taken from the prisoners.
There were sixteen of them brought up to answer, all of whom professed perfect innocence.
Not one acknowledged that he knew where Bradley lived, or that he had anything to do with him.
The evidence, nowever, showed that ench one was
a rarticipant in the crowd which refused to disperse at the command of the polic:

Wm. Johnson resisted the arresting efficer, and
was sentenced to serve sixty days at the U. S. carTacks.

Jee Habersham, Albert Gibbons and Jim Harris.

was sentenced to servo sixty days at the U. S. oarfacks.

Jam Habersham, Albert Gibbons and Jim Harris were each sentenced to thirty days.

Cornelia Thompson and Maria Habersham, who were influential in raising a disturbance, were each fined \$50 or twenty days in Jail.

The other negroes who were arraigned, having only been present out of euriosity, and proving good characters, were dismissed after an admonition from the May or as to the evil of being found in bad company. His Honor considered that they had been already sufficiently punished by being locked up since two o'clock the day before.

One exception was made against John Brown, who had recently ecine from Augusta, and resisted the officer who arrested him. He was fined \$5.

These pencils are very fluely graded and have a very mooth lead; even the softest pencils hold the point will, they are all that can be desired in a pencil. The site of the College Buildings is one of the most pleasant and desirable locations that could have been selected.

The Campus encloses fifteen acres of woodland, on the summit of a hill, overlooking the town of Spartanburg, and a half mile or more, distant from it.

Secluded from the excitements and attractions of the town thoroughfares, with a pure atmosphere, excellent water, and rural quietude, the pupils enjoy every facility for mental and moral culture.

TESTIMONIALS

It may be satisfactory to some to see a few from among the many of the newspaper and other notices that might be selected, which have generously been taken of the College, location, teachers, &c. But our best epistles are our former pupils, scattered all over North and South Carolina, Alabama, Georgia, Virginia, Tennesee, Mississippi, Texas and other States. .

Conference for 1866.

SPARTANBURG FEMALE COLLEGE. This Institution of South Carolina Conference, opens October 3d. It is under the Presidency of that experienced teacher, Dr. W. A. Cummings. Its proximity to Wofford College gives some advantage to those who have both sons and daughters to educate from home; and the renown of Spartanburg for its healthfulness and religious privileges, commends it to public favor."—Southern Christian Advocate, Aug. 16, 1867. SPARTANBURG FEMALE COLLEGE.-"It

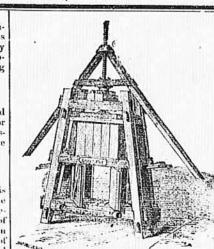

gives us pleasure to announce to the public, the re-opening of this popular institution, under the management of the Rev. A. W. Cummings, D. D. The reputation of the President for scholarship and administrative of the public properties of trative ability, should command for the Institution a liberal patronage; and we hope that the friends of female education will bestir themselves to give to this Col-lege that support and encouragement with which it was honored in former years. Its representatives are scattered throughout the land, and they surely cannot forget the pleasant associations of by-gone days, and disregard the claims of their Alma Mater. Let one and all do something to sustain this important educational interest, 'that our danghters may be as corner-stones, polished after the similitude of a palace."— Spartanburg Express, 1866.
