NEGRO SUFFRAGE IN OHIO—REVENUE RECRIPTS—DIS-CHARGE OF CLERKS—THE COUNTERFEIT BONDS. WASHINGTON, October 31.—It is understood that the Retrenchment Committee have, after an examination, pronounced the seven-thirty notes counterfeits, thus relieving the printing bureau of damaging suspicions.

The State Department has no intimation who will succeed Bruce as Minister from England. The official majority against negro suffrage in Ohio is 50,692.

The Revenue receipts to-day amount to \$765,000; for the month \$14,500,000. Forty-nine Paymaster's Department clerks were

discharged to-day.

Commissioners have three hundred men to protect them. A treaty was made yesterday with the Apaches, numbering eighty-five Lodges. The Election in Virginia.

The Election in North Carolina. WILMINGTON, October 31.—Considerable interest is manifested in the approaching election. The Conservatives being in a hopeless minority in this county will probably nominate no ticket. There is almost a unit for the Radical policy.

RALEIGH, October 31 .- A county convention of the Constitutional Union men and friends of civil liberty assembled to-day. After re-asserting their devotion to the Constitution of their forefathers and to conservative principles in a series of resolutions, the Hon. T. G. Trowle, J. A. Norris, P. H. Mangnom and B. T. Blake were nominated for the State Constitutional Convention. M. A. Bledsoe addressed the assemblage in opposition to Radicalism. All parts of the county were represented with full delegations, and the utmost harmony prevailed. The opponents of the Radicals are now thoroughly organized, are in good fighting trim and expect to carry this county.

—An inquest was held by John Wilson, Esq., Magistrate and Acting Coroner, on Wednesday lest, on the dead body of a colored infant, found that morning in the swamp on the premises of Captain E. L. Parker, of Anderson village. After the examination of a number of witnesses, the jury returned a verdict "that the said infant came to its death by strangulation, by the hands of its mother, Clary Williams, a freedwoman, at sometime between the first and seventeeth days of the present month." The woman has been committed to jail upon the charge of infanticide.

—Judge Moses made an important decision last

bresshi min.

Judge Moses made an important decision last week, in the case of Summers vs. Lyles, Messrs. Garlington & Suber for the plaintiff, and Mr. C. Garlington for the defendant. The facts proved were, that Lyles employed a servant (freedman) who had contracted with the plaintiff for the year 1867, as a farm laborer, and left his employment; and when the plaintiff demanded the servant, the defendant refused to send him back or discharge him. There was no proof that the defendant had enticed the servant away from his employer. The case was within the Summary Process jurisdiction of the Court, and His Honor decreed for the plaintiff damages for the injury. The question involved is one of general interest, and it is supposed that it will be taken up on appeal.

—The trial of Alexander Bryce and nine negroes,

the crime. It also appeared in evidence given by both white and black that the negroes used the most violent threats and language, imprisoned the white men present in the academy, and evinced a desire to prolong the disturbance and resort to arms. The case was ably presented to the jury on the part of the State, and Generals Easley and McGowan defended the prisoners with more than usual eloquence and power. The Judge charged the jury on the law clearly, and both law and fact was then submitted to their consideration, with the result above stated. The sentence of the Court was that the parties convicted should be executed, at Pickens, on the 6th of December next.

On Saturday, the negroes indicted for riot on the 18th day of October, the day tollowing the murder, together with Alexander Bryce, white man, were tried—the same counsel, with the addition of James H. Whitner, Esq., representing the parties. Eighteen out of the thirty tried were convicted and sentenced as follows: Elias Kenned yinght), eleven months in the Peniteutiary, with the privilege of paying \$300 in thirty days and being released. IMPORTANT MOVEMENT.

We learn from the Columbia Phoenix that a meeting of the conservative (white) citizens of Richland District was held on the 21st instant, at which the following resolution was adopted: Resolved. That a committee of nine be appoint

rate upon the present condition of our political affairs. In accordance with this resolution, the Chair man of the meeting-Hon, W. F. DESAUSSURE-ap pointed a Committee, who prepared a circular, that

has been extensively distributed throughout the State. This circular was addressed to prominen gentlemen, and is as follows:

A correspondence with influential public men at the North has satisfied us that a convention held here, for the purpose of expressing the will of our intelligent and respectable people, will be of incalculable benefit to the State, and the call therefor has been advisedly issued.

The chief business to be done by the Convention will be: To issue an address to the people of the

The chief business to be done by the Convention will be: To issue an address to the people of the State and country, expressive of our opposition to the policy which gives the negro the control of the ballot-box and jury-box; to memorialize Congress to reconsider the reconstruction bills, and remove the existing obstacles to a full, free and harmonious expression of the intelligent public opinion of the people of the State; to adopt such measures as will influence our citizens to oppose, in a proper and lawful manner, all schemes which are calculated to result in negro domination and the utter destruction of the best interests of the State.

Retrenchment and the City Police.

CHARLESTON, October 31, 1867.

SIR: The Retrenchment Bill now before Council proposes reducing the police force as follows: Lieutenants from six to four, with two hundred dollars less pay; Sergeants from eighteen to fourteen, with eighty dollars less pay, and the privates from one hundred and fifty to one hundred, with sixty dollars less pay per annum.

Forty-nine Paymaster's Department cierks were discharged to-day.

Senator Wilson, Chairman of the Judiciary Committee, is here.

The Public Schools in New Orleans.

New O is impossible since the number of steamers arriv-ing at and departing from our wharves require the presence of a large proportiod of this number for the protection of property and prevention of

disturbance.

Besides these there are four privates and a Sergeant sent to each Railroad Depot at the arrival and departure of each passenger train.

Now the question arises, can we do with less? It is said that our city is so quiet, and the citizens so orderly, that the present force is uncalled for, and consequently, an unnecessary expense. Let us ask, what was the condition of the city during the year 1865? What was it that produced the admitted improvement in the morals of our people? and what is it that continues to preserve the peace and quiet of our city? It is the presence of a well organized and efficient police. Remove this police or reduce their numbers so that they may be successfully resisted once, and we will soon find that all of our boasted quiet and security will be "but as the tale that was told."

We are told that Savannah, Inchmond, Mobile and other cities of equal and superior size are

A FINANCIAL SERALIGO. The Globe, the semiecasional paper which Mr. Edward Dunbar publishes, in Wali street, for the purpose of showing up what he calls the stupendous trands of the Treasury Department at Washington, contains in its last number an article entitled "The Amours of the Treasury Department," as follows:

of the Treasury Department," as follows:

For several years the amours of the Treasury Department have furnished the material for outrageous public scandal. Since starting the Globe, statements have been forwarded to me relative to the amours of high Treasury officials and others who frequent the department. One extraordinary feature in the business is that scarcely any effort is made by the parties implicated to conceal their shame. In one way or another, evidence of imshane. In one way or another, evidence of immoralities unfit to be published in detail in any decent journal, and in which high Treasury officials and their adherents are implicated, is brought out from month to month, and year to year, and yet the culpable parties are not in the least distribed.

The Sheriff of Darlington District advertises three hundred and seventy-five tracts of land. Ordered for sale to pay State taxes. As the market is overstocked, these lands will probably go for a song. What a deplorable picture of the times, and view of prospective desolation!

-The trial of Alexander Bryce and nine negroes, on the charge of the marder of Milos M. N. Hunnicut, took place at Pickens C. H. on Thursday, before his Honor Judge Dawkins. The State was represented by the Solicitor, Hon. J. P. Reed; the prisoners by Generals McGowan and Easley, Messrs. Norton and Adams. The evidence and Messrs. Norton and Adams. The evidence and arguments occupied two days, and the jury, after an absence of half an hour, brought in a verdict of guilty with reference to December Gadsden, Nat. Frazier, John Keith, Jack Walker, Green Cleveland, jr., and Jackson Henderson—all colored; not guilty with reference to Alexander Bryce, white, and Captain Deane, Bob Breckenridge and Mark Adams, colored. The testimony of the President of the Union League proved that all of the parties named constituted the guard sent out to arrest Bob Smith, the white man who had fired a pistol, in the neighborhood of the League; that a portion of this guard were armed with guns and pistols, and under the direction of Jackson Henderson as Sergeant; that December Gadsden, the Vice-President of the League, from the description of his size and his bearing on the occasion, was the one who fired the fatal shot which took the life of young Hunnicutt, the others being accessory to the erime. It also appeared in evidence given by both white and black that the negroes used the most violent threats and language, imprisoned the

MARRIED TO FATHER AND SON.—A peculiar case, which throws a singular light upon the morals of this city, and which recalls the history and the sad fate of the unhappy Prince Don Carlos, was argued a few days ago, in the Surrogate's Court, before his honor, the Surrogate, G. J. Tucker. A man named Xigues, a native of Cuba, died in this city, and left his entire property to his widow, whom he as a widower had married only a few years before his leath. The children by his first wife, all grown up sons, contested the validity of this second marriage of their father, and on this occasion the following curious details were elicited. One of the sons of the deceased was before this second marriage, on very intimate terms with his father's wife, had traveled with her in Pennsylvania, and they had lived there for some time as man
