Government securities are strong in anticipation of a brisk investment demand springing up, in consequence of these dividend payments. The five-twenties of 1862 and 1865 are in particular active request, owing partly to the large "short" interest and the failure of the Scotia to bring more than four or five hundred thousand dollars worth of the bonds.

THE PHHADELPHIA UNIVERSITY OF MEDICINE AND SUEGERY was organized in 1848. Chartered by the Legislature, February 26, 1853. Name changed by a legislature enactment to the Eelectic Medical College, of Philadelphia, in 1860. In 1863 it purchased the Pennsylvana Medical College, established in 1542, and the Philadelphia Medical College, established in 1542, and the Philadelphia Medical College, established in 1542, and the Philadelphia Medical College, united, pesitioned and obtained a special Act of the Penn Medical University. The Trustees of the separate schools united, pesitioned and obtained a special Act of the Legislature, consolidating these institutions and chat ging their names to that of the Philadelphia University of Medicine and Surgery, March 16, 1865. All these various Acts are published in the statutes of Pennsylvania. The cost of the 1 milding and museum was over one hundred thousand dollars. It will be observed that the University, as now organized, is the legal representative of the four Medical Colleges that it has absorbed. It is a liberal school of medicine, confined to no dogma, nor attached to any medical cliques, but embraces in its teaching everything of value to the profession.

MEDICINE AND SURGERY.

Sessions.—It has two full sessions each year, commence Sessions.—It has two full sessions each year, commencing on the 1st of October, and continuing until the 1st of January, as its first session, and from the 1st of January to the 1st of April, as its second, the two constituting one full course of lectures. It has also a summer session, commencing the 1st April and continuing until Angust, for the preparatory branches, such as Latin, Greek, Mathematics, Botany, Zoology, Chemistry, Anatomy Physiology, etc.

Physiology, etc.

I have always recommended the Faber Polygrade
Lead Pencils as the only pencils fitted for both ornamental and mathematical drawing; but, after a thorough
trial of the American Polygrade Lead Pencils, mantanactured by the American Lead Pencil Company, New
York, I find them superior to any pencil in use, even to
the Faber or the old English Cumberland Lead Pencil,
being a superior pencil for sketching, ornamental and

These pencils are very finely graded and have a very smooth lead; even the softest pencils hold the point well; they are all that can be desired in a pencil. THIS INGENIOUS AND VERY USEFUL INVENTION

THIS INGENIOUS AND VERY USEFUL INVENTION, which has been patented in the United States, France and England, is now offered by the subscriber to the public, feeling assured they will find it, upon examination, one of the greatest inventions of the age. Frominent among its advantages are:

From—The facility with which horses may be harnessed to or unharnessed from a Carriage, also rendering it unnecessary for the person unharnessing to pass between or behind the horses as is customary, thus avoiding any liability of being kicked.

or behild the horses as is customary, this avoiding any liability of being kicked.

SECOND—In case of a horse falling, he may be loosed from the carriage in one second, without the driver leaving his seat. It is so simple in its operation that a child can work it. THIRD AND GREATEST-In cases of horses taking fright, THIND AND GREATEST—In cases of horses taking fright, becoming unmanagable or running away, the terrible consequences which so frequently follow may be all avoided by this simple application to carriage, as the horses can be loosed from the carriage "in a twinkling," and the carriage is quickly and safely stopped.

Mr. C. DUCREUX gave several public exhibitions. The great favor and praise manifested by the public on these occasions, is one of the evidences of a popular apprecia-

THE CELEBRATED "CRAIG MICROS-

THE CELEBRATED "CRAIG MICROS-COPE" combines instruction with amusement, and lasts forever. Best, simplest, chaapest and most power-rum Microscope in the world; magnifies 10,000 times, or equal to other Microscopes costing \$30; made on an entirely new plan, requiring no focal adjustment, therefore it can be readily used by every one—even by children. A beautiful grit to old or young; adapted to the family circle as well as scientific use; shows the adulterations in food, thousands of animals in a single drop of water, eels in vinegrit, globules in milk, blood and other fluids, tubular structure of hair, claws on a fly's foot, also the celeorated "trichina spiralis" or pork worm, which is causing so many deaths among perk eaters; and in fact the objects which may be examined in this wonderful Microscope are without number. All are invited to call and see its great magnifying power. It took the first premium at the Ohio State Fair. Liberal discount to Agents, School; and Dealers. Price \$2.50. Packed in a nest box and sent prepaid to any address on receipt of \$2.75. Money can be sent by mail at our risk Address GEORGE MEADE, Drawer No. 80, Racine, Wisconstn.
