#### LOCAL MATTERS.

A SCREW LOOSE.-The Northern mail failed yesterday morning. A failure so soon after the inauguration of the new schedule is a bad omen for regularity in the future.

THE RT. REV. DR. PERSICO will preach at the Cathedral Chapel, Queen-street, to-morrow evening, at seven o'clock. Subject, "The Supremacy of the Pope."

THE REV. C. C. PINCKNEY will deliver a lecture before the Young Men's Christian Association to-morrow evening, at 7½ o'clock, in Grace Church, Wentworth-street. An invitation is extended to all, but especially young people, to attend.

CHEAP STANDARD NOVELS. - From Russell's, Dickens' novels, in the new and beautifully printed cheap edition, which the Appletons are now publishing. These comprise Ivanhoe, Kenilworth, Guy Mannering, David Copperfield, Old Curiosity Shop, Sketches by Boz, and the Tale of Two Cities. The work of the great masters of fiction is rendered doubly delightful by such typography as that of the Appletons.

THE CITADEL AND GROUNDS .- The long promised improvements on the Citadel Green were inaugurated yesterday. Several wagons were upon the main walk empytying their loads of oyster shells, which will soon be scattered along the walks. The green is also to be reconstructed, and will be sown with grass seed at an early day. A few shade trees planted near the fence would be a great improvement to the appearance of the green.

THROUGH FREIGHTS AT LOW RATES.—Messrs. Ravenel & Co., agents of the Leary line, advertise in the Augusta papers that they will receive and carry cotton from this port to New Vork for \$1.50 per bale, free of dravage and commissions. The low price asked should induce the planters from the interior to come down with their bales and help the metropolis of the State by keeping her coastwise steamers well freighted.

THE CO-OPERATIVE STORE .- The grocery store of the Palmetto Pioneer Co-operative Association is now open at No. 107 Market-street, April. and, by an advertisement in another column, it will be seen that the patronage of the public is invited.

The weekly instalments of members will be received by the storekeeper at the store during the week, and by the treasurer on Satur-

MUSIC AT THE CHARLESTON HOTEL.—The Post last night, from the upper piazza of the Charleston Hotel. The night was threatening, but the music drew a large outside audience, and the opposite side of the street was lined three deep with unbleached citizens of African

REMOVAL OF FEDERAL DEAD .- Tho steamer remains of United States soldiers from various On a late trip the Ajax carried to that place the bodies of seven hundred and forty Union soldiers, which had been disinterred from the one thousand more will be similary transferred in a few days.

THE ASPHALTUM PAVEMENT .- Captain Habernicht, the contractor for the new asphaltum sidewalk, has determined to give it an extra engaged in tarring the pavement and then covering it with a coat of gravel. The tar will hide all inequalities, and combined with the gravel, will render the new sidewalk hard, firm and durable. Captain Habernicht designs applying a coat of tar to the entire pavement. and though travel will be impeded for a time, the result attained will be satisfactory hererafter to all who have occasion to promenade that portion of Meeting-street.

SARGENT, THE ILLUSIONIST .- The "Wizard of the South" was greeted with an overwhelming house last night, many being refused admittance on account of the crowded condition of the hall. Sargent has proved himself to be a veritable necromancer, as he not only astonished his audience by his tricks of legerdemain. but delights them with his presents. He will continue his entertainment for a few days longer to allow those who have not yet visited him a chance to see his wonderful perform-

P. E. Kane, of the Victoria Hotel, was the lucky man who last night won the prize of forty dollars in greenbacks offered by Professor Sargent. Who will be the next man for a similar prize?

A NEW BROOM SWEEPS CLEAN .- Since the new Mayor came into office the court room has been crowded every morning with a promiscuous assembly of whites and blacks, while the corners of Meeting and Broad streets have been similarly occupied. An order was issued in court a few days since that an examination of these idlers would be held, and those who could give no good account of themselves would be treated as vagrants. This fulmination from the powers that be had the effect of thinning the audience that daily attend this court, and the popular street corners were proportionately deserted. Yesterday, however, a number of persons collected in the court room to witness the proceedings, but were thunderstruck, when leaving, to find a sentinel A at the door, who prevented their exit. They were called up separately and questioned by the May or as to their business, means of livlibood,

and why they had attended the court. About a dozen could not give satisfactory answers and were sent to the workhouse for periods varying from one to three days. They were extremely disconcerted, and those who could raise the money paid their way out immediately. These crowds have been an intolerable nuisance for some time, and the action of the Mayor is warmly commended.

HOTEL ABBIVALS .- Charleston Hotel .- Thos. B. Pohl, Branchville, S. C.; Robt. Hamilton, Columbia; Wm. Wragg, Savannah, Ga.; R. Wood, Mrs. Odele and child, Beaufort; Mrs. A. M. Steton, Miss H. A. Allison, H. O. Stetson, Danl. B. Gillett, Jr., Boston; T. J. Dean, Texas; M. S. Wells, Atlanta; R. A. Van Winkle and Jno. S. VanWinkle, Portland, Me.; C. B. Hub-

bed, Texas. Mills House. - C. W. Smith, Charleston; J. B. Cummings, New York; Calvin Parson, Pennsylvania; G. W. Slaughter, Marion; J. W. Gregerson Wappleton, Boston; Wm. H. Trump, Philadelphia; A. Hastings, New York; H. V. L.

Sprague, Columbia. Parition Hotel .- D. P. Patterson, Ashepoo; O. D. Folger, Pickersville; H. C. Strauss, Cokesbury; W. D. Perry, Newnan, Ga.; D. Johnson, Cumberland, Md.; J. W. Malloy, New Orleans; P. K. Coburn, Summerville.

THE DISTRICT NOMINATING CONVENTION.—The Radical Convention to make nominations for creditors of the undermentioned bankrupts, to members of the legislature and for district | prove debts and choose assignees, will be held officers for Charleston and Berkeley Districts, at the office of the Registrar, Hon. R. B. Carmet at 7 P. M. Thursday, and adjourned at 6 peuter, No. 72 Broad-street, on the days and A. M. yesterday. The session was somewhat at the hours named: stormy, and at the time of adjournment only the following nominations had been made: Berkeley-Senator.-Major D. T. Corbin, Uni-

ted States District Attorney.

Representatives.—F. J. Moses, Jr., W. H. Gray, colored; George Lee, colored; Abram Smith, colored; Reuben Temlinson, white; Samuel Johnson, colored; Edward Mick, colcred; Stephen Brown, colored; and William Jervey, colored. Charleston-Senator.-R. H. Cain, colored.

Representatives .- R. C. DeLarge, colored; A. J. Ransier, colored; Dr. B. A. Boseman, colored; Major J. B. Dennis, W. J. Brodie, colored; J. H. Jenks, William McKinlay, colored; Rev. E. H. Jackson and J. B. Wright,

Last night the convention re-assembled to make nominations for Sheriff, Clerk of the Court, Coroner, and other district officers. T. Hurley and E. W. M. Mackey were understood to be candidates for Sheriff, A. C. Richardson for Clerk of the Court, and W. R. Hoit for Coroner.

By twelve o'clock last night the convention had succeeded in making the following nominations: For Sheriff, E. W. M. Mackey; Clerk King-street, we have a number of Scott's and of the Court, A. C. Richmond; for Coroner, Timothy Hurley.

> HAIL! ALL HAIL!-The clouds that lowered o'er our city last night were occasionally illumined by brilliant flashes of lightning which only served to make the darkness visible, while the distant muttering of thunder portended a coming storm. About half-past 9 P. M. the expectations of the weather-wise were realized, and the citizens were treated to a genuine authenticated old fashioned bail storm. The first hail stones that fell were about the size of a pigeon's egg, but they soon dwindled in size antil the storm terminated in a heavy rain. It is somewhat unusual to have a hail storm at this season, though our venerable friend Miller has stated in his almanac that March would close "stormy and disagreeable."

IMPORTANT TO TAX-PAYERS. -THE CAPITA-TION TAX MUST BE PAID .- We have before alluded to the urgent necessity that existed for at once paying the capitation tax. Without the receipt showing its payment, the voter may be disqualified and disabled from depositing his ballot. The Mayor has ordered all capitation tax returns not paid on or before the 31st of March to be reported to him, and double tax executions and summary process will cer-

Owners of real estate are also reminded that the tax on one-third of the assessed value of all real estate must be paid before the 1st

A HOBRIBLE MURDER was committed last week in Edgefield District, of which we get the following account from the Advertiser: On the night of Wednesday, the 18th instant, Mrs. Elkins, a married lady living in the Dark-Corner section of our District, was most barbarously murdered. Mrs. Elkins was still a young woman, the mother Band discoursed some of their sweetest strains of three small children, the youngest an infant of five months. We are informed that Mr. Wm. Elkins, the husband and father, who is a maimed Confederate soldier, was ab sent from home, at the time this murder was committed, on a visit to an uncle living in the neighborhood. And that when he returned to his home, at 10 o'clock r' night, the unfortunate man found the dead body of his wife lying Ajax is engaged in the transportation of the in the yard, the face and head most horribly crushed and shattered as if by blows from an points to the new Union Cometery at Beaufort. axe or heavy iron shovel. And that in the absence of her husband, no one remained with Mrs. Elkins save her children and the nurse of her infant, the latter a young colored girl. vicinity of Savannah. The remains of at least | The whole affair, however, is as as yet involved in much mystery. The citizens of the neighborbood are on the alert to unravel the mystery and bring the perpetrator or perpetrators to justice. On Saturday last, seven negroes, six consignment of 200 fine imported German men and one woman, the nurse above mentioned, if we mistake not, were brought from ers. They will also sell at the same time a Dark-Corner and lodged in the jail of this town. The gentlemen who brought these negroes are Messrs. J. S. Cartledge, S. C. Cartledge, W. R. Parks, A. C. Parks, N. M. Cartledge, and J. P. Sharpton.

> MAYOR'S COURT .- Friday was certainly an unlucky day for the city treasury, as few delinquents were arraigned, and the fines im posed were quite small.

Two colored men, who were charged with disorderly conduct and trespassing on the premises of certain citizens, were each charged \$10, or given the option of spending ten days

in the workhouse. One individual, who had partaken of the good-night cup, thought that he would make his bed in the streets, but his slumbers were rudely interrupted by the police, and he was

charged \$5 for trespassing on city property. A stranger, who endeavored to puff his cigar on Union wharf, was arrested and charged \$5 for his fumigation.

A stray cow was picked up in the Upper Wards and lodged in the guardhouse. Two colored men appeared to claim their beast, but were informed that the ransom had been placed at \$5, and if that was not forthcoming they would drink no milk in their coffee that night. A colored man, who had falsely charged Mr. Eberhardt with selling liquor without a

PHOSPHATE AND MARL LANDS .- All who have leposits of phosphates and marl on their lands will apply at No. 131 Meeting-street with ws6-[Advt.]

THE LORDS OF CREATION could pass a few hours very pleasantly in examining the tailoring stock of Mr. John Rugheimer, at No. 141 King-street, near Queen. Mr. Rugheimer has recently returned from a business visit North, and has secured every fabric that can please the eye or make the wearer a "new man." His store has been fitted up with great taste, but the external adornings are completely eclipsed. by the stock displayed on the counter. The store has been recently fitted up for Mr. Rugheimer, and the shelving, window shades, &c., are perfectly new-the latter were furnished by Mr. Nordall, and painted in a pleasing manner. There are few stores on King-street that present a more attractive appearance than Mr. Rugheimer's, and all who need a good outfit should pay him a visit.

A FULL CHOIR OF CANARIES FOR SALE .-There are few of the feathered songsters whose notes are more sweet than those of the farfamed canary. These birds have always been popular with the ladies, and their musical notes are heard in nearly every boudoir. An opportunity is now offered for the fair sex to procure a superior canary at a small outlay. Messrs. N. Hunt & Son, No. 142 Meeting-street, opposite the Pavillion Hotel, have received a canary birds, all of them being superior singnumber of fine ornamental cages. The birds will be sold in lots to suit purchasers. The sale is positive on Monday, and all should on attend.

Fertilizers. " MAPES'

NITROGENIZED SUPER-PHOS PHATE OF LIME. HE PRACTICAL EXPERIENCE GIVEN BELOW

of planters during the past season, fully establish the advantages claimed for this well-known FEB Received the highest premium awarded to Fertilizers by the American Institute of New York, held October, 1867.

For full report, with analysis made by the Com-nittee of the Institute, composed of Dr. C. E. Buck, Professor J. G. POHLE, and other prominent Chem-sts. see pamphlets. Professor J. G. FOHLE, and other products ists, see pamphlets.

The distinguished feature of this SUPER-PHOS-PHATE from other similar Fertilizers is, that all of its ingredients are of animal origin, and are either soluble in water, or in a condition to quickly become soluble in the soil and be taken up by the crop. BEGS TO INFORM HIS FRIENDS, AND THE

SPRING AND SUMMER GOODS, ns no inert or mineral r The proper relative proportion of the ingredients in MAPES' SUPER-PHOSPHATE to meet the re quirements of the Cotton crop on Georgia and South Carolina soils, is fully proved by the experience of planters who testified that wherever applied, even to planters who testified that wherever applied, even to land noted for rutting cotton, the disease is entirely corrected, and a healthy, vigorous growth produced. On the same land Peruvian Guano and other fertilizers have failed to secure a healthy growth. FRENCH, ENGLISH AND AMERICAN CASSIMERES, SILK, MARSEILLE AND

irers have falled to secure a healthy growth.

REPORTS FROM PLANTERS, 1867.

For Letters in full see Descriptive Pamphlet.

Dr. E. M. ROYALL, Christ Church Parish, writes:
Applied at the rate of 150 to 200 pounds per acre on 11th April, on 22 acres blue clay land, a good deal worn from being planted in cotton from 1857 to 1867, with only one year's rest during that time, and notwithstanding the long continued cold and heavy rain, and gales during the spring and summer, about the first of September the crop on this field was estimated by some of our best judges to promise a yield of 180 to 200 pounds fine Sea Island Cotton Lint to the acre. Notwithstanding the ravages of the caterpillar, the first cotton picked was from the field on which MAPES' PHOSPHATE was used, and it has made about 65 pounds to the acre, while no other manured land made over 46 pounds. Has used MAPES' PHOSPHATE on melons, potatoes and the garden with satisfactory results.

THOMAS S. SALIER, Washington County, Ga, reports that seventy-five pounds per acre on old land increased both the Cotton and the Corn three feld ENGLISH AND FRENCH BROADCLOTHS, DOESKINS, AND COATINGS ADAPTED OF WHICH HE OFFERS SUITS FOR \$25 MADE He would call special attention to the popular and

ports that seventy-five pounds per acre on old land increased both the Cotton and the Corn three-fold. Considers it far more economical than Peruvian Dr. E. Pansons, Sandersville, Washington County

"My observation is that MAPES' SUPER-PHOS-PHATE is a preventive against rust in Cotton. Has about doubled the Cotton and trebled the Corn. Has done better than Peruvian Guano per pound." J. W. Scott, of same section, reports:
"That his crop manured with Peruvian Guano was far more effected by drought and excessive rains than where MAPES' SUPER-PHOSPHATE was used.

than where MAPES' SUPER-PHOSPHATE was used. Shall use MAPES' in preference to any fertilizer he has seen used by his neighbors."

W. H. SPARES, Eatonton, Ga., reports:

"On land about half covered with sedge, and which had not been cultivated in two years, when the manure was put on, badly manured, crop would yield two pounds where the unmanured would yield.

ne."
B. B. Hamilton, Americus, Ga., reports:

B. B. HAMILTON, Americus, Ga., reports:

"Obtained the most satisfactory results from MAPES' SUPER-PHOSPHATE, applying it as a top dressing. Considered to have had the best garden this year in Scuthwestern Georgia."

W. J. ANDERSON, Fort Yalley, Ga., reports:

"MAPES' SUPER-PHOSPHATE has doubled the crop of cotton in every case reported, and some report it has more than doubled their crop. On wheat and oats the results are very satisfactory."

D. A. WARNOCK, Beach Branch, S. C., reports:

"On land which always rusted cotton, increased the crop twofold; as fire cotton as he has seen this year. Prevented rust. Four rows unmanured rusted in August. Everything the MAPES' SUPER-PHOSPHATE was tried on did well. Cotton stood the cold weather in Spring; kept perfectly green, and growed finely; has beat Perusian Guano in his neighborhood. Believes it to be the nest Manure now in use."

now in use."

E. R. Lilles, Lilesville, Anson County, N. C., reports:
"As compared with Peruvian Guano and Baugh's

"As compared with Peruvian Guano and Baugh's Super-Phosphate, the result was decidedly in favor of MAPES' SUPHER-PHOSPHATE; attributed, beyond doubt, to the fact that the ravages of the rust were not, by a marked dyference, so severe where it was applied as where the other manures were."

JAMES MOMERIUM, Alston, S. C., reports:
"Used a ton of Peruvian, and found the result but one half as compared with those from MAPES' SUPER-PHOSPHATE. Soil mostly sandy, with clay subsoil. Marked difference in the size of the boils, in favor of MAPES' SUPER-PHOSPHATE. On Cotton plants the increased growth was about 100 per cent."

JOHN R. HAIR, Mims, S. C.: JOHN R. HAIR, Mims, S. C.:

"Cotton was more vigorous and healthy, and matured at least two weeks carlier where MAPES'
SUPER-PHOSPHATE was used as compared with other Fertilizers applied. MAPES' SUPER-PHOS-PHATE produced 100 pounds per acre more Cotton than Rhodes' Super-Phosphate, and 50 pounds per acre more than Soluble Pacific Guano. Same quantity of each, 150 pounds, used to the acre, cultivated in the same manner, MAPES' SUPER-PHOSPHATE more than doubled the yield of Cotton."

R. S. VENNINO, Christ Church Parish. S. C., re-

ports:
"One application, 200 pounds MAPES' SUPERPHOSPHATE, per acre, made the cotton grow to the
height of six feet, where it grew only two feet the
year before. Considers MAPES' SUPER-PHOSPHATE the best Fertilizer for SEA ISLAND COTTON, and would safely recommend it to all plant-

ers."

S. C. Means, Spartanburg, S. C., writes:

"Used 240 pounds per acre, applied May 18th. Can
safely say never saw a more vigorous growth impart
ed to cotton from the use of any manure. Satisfied
the use of MAPES' SUPER-PHOSPHATE pays hand-

Rev. W. A. MERRIWETHER, Valle Crucis, near Co umbia, S. C., reports:
"MAPES' SUPER-PHOSPHATE has given perfect "MAPES' SUPER-PHOSPHATE has given perfect satisfaction, and that it permanently improves the soil. Has no hesitation in saying it is the special manure for the turnip and Irish potato."

P. C. PENDLETON, Valdoston, Ga., writes:
"MAPES' SUPER-PHOSPHATE has exceeded my most sanguine expectations. The effects of its use on Corn, Peas and Garden Vegetables was most marked. If it can be always kept up to the standard it must take the preference of all fertilizers in use."

use."

M. B. Hunter, Quitman, Ga., reports:

"Applied at the rate of 150 pounds per acre upon every alternate four rows. The result was truly astonishing. The manured rows yielded fully double the neighboring alternate rows."

IMPORTERS AND WHOLESALE DRUGGISTS. No. 153 Meeting-street, Charleston, S. C.

THE POPULARITY WHICH THIS MEDICINE has obtained within the past few years is justly merited. The oil presented as WILSON'S is in its purest state; is procured from fresh clean Livers only of the Gadus Morrhua, and a successful method has been discovered by which all the Iodine and Bromine, so necessary for the efficacy of the oil, are retained unimpaired.

WILSON'S

Is recommended and prescribed by some of the most eminent physicians of Philadelphia and elsewhere, and approved by a large number of laides and gentlemen, wholesale and retail druggists, merchants, invalids, and many others who have been, on examination, convinced of its rare excellence.

This Oil can be obtained from all respectable Druggists throughout the United States.
