Woman's Heart

FROM THE GERMAN.

God's angels took a little drop of dew Now fallen from the heaven's far-off blue,
And a fair violet of the valleys green,
Shedding its perfume in the moon's soft sheen,
And a forget-me-not so small and bright—
Laid alt gether gently, out of sight,
Within the chalice of the lijy white;
With humbleness and grace then covered it; With humbleness and grace then covered it;
Made nurity and sadness near to sit;
And added pride to this, and sighs a few,
One wish, but half a hope, and bright tears two;
Courage and sweetness in misfortune's smart,
And out of this was monlded—woman's heart.

The Money and Stock Market.

THURSDAY, April 23, 1868-2 P. M. Business in stocks and bonds during the past week has been very dull. There was I ttle offering and most of the investments made were of a purely speculative character. In many of the securities there has been a slight depreciation from the auction price of the Charleston Savings Institution, but some of them on the other hand hold their own stiffly and have even advanced. \$10,000 worth of old State bonds for instance were sold yesterday at 48c, an advance of two per cent, and command higher prices sull in New York.

THE CHARLESTON MARKET.

[FOR THE WERK ENDING THURSDAY, APRIL 23.] COTTON .- The market for the staple since our last weekly report has been characterized by much duliness, with slightly varying prices from day to day, purchasers not feeling sufficient confidence in the present value of the article to take hold with spirit, while factors keep firm under light stocks and steady lessening receipts. The course of prices at the leading markets evince great caution on the part of buyers, who evidently stand in dread of a reaction which would bring disaster on operators, and the staple for some time may be expected to exhibit extreme sensitiveness and be affected by every event that in the most remote degree is calculated to operate on supply and demand. The controlling markets have shown the following quotations during the proved to 1214@1234d., and receded to 1256@1254d,. and again advanced to 121/@123/d. 3 lb. The New York market during the same time begun at 31@ 3132c., declined to 3034@31c., stiffened to 31@ ing yesterday at 31/4/232c. 3 lb. for this quality, while the fibre here, which opened nominal at 31c., receded to 30c, and hardened to 3014@31c., Pellissier, Mr at 31c., receded to 30c, and hardened to 30;2@31c., Pitcomb, Isaac M but the market has been very inactive, generally destitute of strength and quotations, quite unrelia-

MONEY MARKET.

The New York Journal of Commerce of Tuesday, April 21st, says:

The demand for money is less pressing than during the early part of last week, and the market appears to be working easier. The supply of capital has somewhat increased, and temporary loans are obtained upon acceptable collaterals at 7 per cent, which is the prevailing rate, \*trictly first-class commercial paper is placed at 7a9 per cent per annum discount, but there is not much currency for names offered at higher rates.

BACON.—The demand for all qualities of meat is almost nominal, there being a most decided dullness in trade. There is a fair stock of prime meat, for which holders are asking 15c. per lb for prime shoulders, 17c. per lb. for prime rib, and 18c. per lb. for prime clear rib sides. Second quality shoulders are held at 14c. per lb., and prime strips at 17\(\frac{1}{2}\)c. per lb.

Notwithstanding the substantial advance here noted, there has been no undue/accumulation of stocks.
Indeed, the supply of bulk meats (nacon, hams, &c.) has not been so low at this season for many years, a fact that contributes directly to the buoyancy of the market. The rising tendency of pork has been checked by the money pressure; but some of the leading members of the trade are quite sanguine that mess will touch \$30 during the season. Thus far, the advance does not seem to have diminished the consumption, though a further rise can hardly fall to have that offect, in view of the low state of incustry. THE BOSADALIS is not a secret medicine. The articles from which it. is made are published around each bottle, and it is used and recommended by the Medical Faculty, wherever it has been introduced, as a POSITIVE and RELIABLE Medicine for Liseases of the BLOOD,

Used and endorsed by the leading Physicians everywhere it is known.

The following, among many hundreds of our best citizens, testify to its wondrous efficacy: CERTIFICATES FROM PHYSICIANS.

BANTMORE, MD., MARCH 4th, 1868.
I believe Dr. Lawrence's "ROSADALIS" to be the
BEST ALTERATIVE IN USE, and, therefore, cheerfully,
recommend it as such.

THOS. J. BOYKIN, M. D. BALTIMORE, February 10th, 1868.

Dr. J. Laurence:

DEAR SIR:—I take pleasure in recommending yourROSADALIS as a very powerful alterative. I have
seen it used in two cases with happy results—one a
case of recondary syphilia, in which the patient pronounced himself cured after having taken five bottles of your medicine; the other a case of scrofula,
of long standing, which is rapidly improving under
its use, and the indications are that the patient will,
soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an
excellent compound of alterative ingre-lients. veilent compound of alterative ingre lients.
Yours truly, R. W. CARB, M. D.

We know Dr. Dawrence's Rosadalis to be a safeand reliable alterative, &c., and take pleasure in recommending it to the profession and the public.

has been dreadfully afflicted with Scrofuls nearly alliner life. I tried a great many physicians, but without relieving her much; in fact, most of them said there was no hope of cure. During the last spring she was worse than ever, her body and limbs being covered with sores and blotches—with face and eyes badly ulcerated and swollen. Whilst in this condition I was advised by Dr. L. A. Stith to try your Rosadalis. I at once procured three bottles, and commenced giving it to her. The effect was magical. In less than a month, to my great astonishment, she was entirely well.

ROSADALIS CURES ALL SKIN DISEASES; Wilson, N. C., September 15, 1867.

Dr. Lawrence:
DEAR SIB-In 1862 my son, now aged five years.

Dr. Lawrence:

DEAR Sm—In 1862 my son, now aged five years, was vaccinated with what proved to be impure matter, which completely destroyed his health. He has been afflicted with an inveterate and extremely troublesome eruption of the skin, sometimes breaking out in sores, &c. Rosadalis was prescribed by my jamily physician, Dr. A. D. Moore, After taking it a few weeks my son became and remains entirely well.

Yours, truly, J. B. DANIEL.

CHRONIC LIVER COMPLAINT CURED. This is to certify that I was cured of Chronic Liver: Complaint by Dr. Lawrence's Rosadalis, after having: seen confined to my bed and house for a long time, been comment to my been and not so that so, and, and trying various medicines without benefit.

I know of several others in this county cured through the use of Rosadalis, and it can be found in nearly every house in my neighborhood, and they all praise it as a great medicine.

CASES OF CHRONIC RHEUMATISM.

PORTSMOUTH, VA., February 25, 1868.

Captain J. H. Baker:

Dear Sim—This is to certify that I have been affilicted with Rheumatism for the last five or six years, many times unable to move. I tried all medicines recommended to me for the disease, without receiving any benefit. Having heard "Rossadalis" highly spoken of, I procured a bottle, and finding some relief, continued it until I am happy to say that I am completely well.

I not only consider the "Rossadalis" a sovereign remedy for Rheumatism, but I believe it also a preventive, and cheerfully recommend it to the "afflicted."

Yours, very truly.
