BY MISS MULOCH. Down, down like a pale leaf dropping

Under an autumn sky, My love dropped into my bosom Quietly, quietly.

There was not a ray of sunshine And not a sound in the air As she trembled into my bosom— My love, no longer fair. All year round in her beauty
She dwelt on the tree-top high;
She danced in the summer breezes
She laughed to the summer aky.

I lay so low in the grass dews, She sat so high above; She never wist of my longing, She never dreamed of my love.

But when winds laid bare her dwelling, And her heart could find no rest, I called—and she fluttered downward Into my faithful breast.

I know that my love is fading;
I know I cannot fold
Her fragrance from the frost blight,
Her beauty from the mould;

But a little, little longer She shall contented lie, And wither away in the sunshine Silently, silently.

Come when thou wilt, grim winter, My year is crowned and blest; If when my love is dying She die upon my breast.

SARSAPARILLIAN is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy that communicates its purifying, cleansite and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and sore, secreting thick phlegm and prurelent matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the Skin is covered with pimples, spots, pustulee, sores, ulcers, &c., the Resolvent will quively removs these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the Throat or Bronchial Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct remedies, possessing only exclusive properties, are huriful, as they increase the functional secretions of on- organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is

Dr. J. J. Lauverec:

DEAR SIR-My youngest daughter, aged five years, has been dreadfully afflicted with scrotula nearly all has been dreadfully afflicted with scronus nearly ander life. I treed a great many physicians, but without relieving her much; in fact, most of them said there was no hope of cure. During the last spring she was worse than ever, her body and timbs being covered with sores and blotches—with face and eyes badly ulcerated and swollen. Whilst in this condition I was advised by Dr. L. A. Stift to try your Rosadalis. I at once procured three bottles, and commenced giving it to her. The effect was magical. In less than a month, to my great astonishment, she was entirely well.

I am sir, yours,

PORTSMOUTH, VA., February 25, 1868.

Captain J. H. Baker:

DEAR Sin—This is to certify that I have been afflicted with Rheumatism for the last five or six years, many times unable to move. I tried all medicines recommended to me for the disease, without receiving any benefit. Having heart "Rosadalis" highly spoken of I procured a bottle, and finding some relief, continued it until I am happy to say that I am completely well.

I not only consider the "Rosadalis" a sovereign remedy for Rheumatism, but I believe it also a preventive, and cheeriully recommend it to the "affected."

Yours, very truly,

JAMES WERP

Yours, very truly, Wilson, January 7, 1868.

I hereby certify that I have used Dr. Lawrence's justly celebrated Rosadalis in my family as a general alterative and Tonic, with the most satisfactory results, and I therefore conscientiously recommend it to the public as a medicine of rare and genuine merit.

Short of Wilson County N. C. Sheriff of Wilson County, N. C.

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I felt a dull pain over my left lung, with occasional coughs, but teing actively engaged, paid no attention to it. When seized, the pam was so piercing, cutting and excruciating, that every breath drawn was like a red hot knile cutting my lung. Being absent it om home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and ma few moments got up counter-irritation. Respirations were casy, and, as the skin becare reddened, all pain ceased. In half an hour I was tree from pain, and all signs of Congestion, Infi. mmation, &c., gone. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cases of Infianmation of the Loins, Bowels, Kidneys and Stomach. Apply the RELIFF freely; soak the skin with it. It will instantly secure the withdrawal of the infianmation to the surface, and persons now suffering may, in Thirty Minutes, be free from pain.

CHRONIC INFLAMMATICN. Rosadalis.-This medicine has met with an un-ROSADALIS.—This medicine has new wint an empercedented success in this community.
