Dr. J. J. Lawrence:

DEAR SIR:—I take pleasure in recommending your ROSADALIS as a very powerful alterative. I have seen it used in two cases with happy results—one a case of recondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine; the other a case of scrofuls, of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.
