Lauvience: DEAR SIR-My youngest daughter, aged five years, has been dreadrally afflicted with Scrotula nearly all her life. I tried a great many physicians, but with-our relieving her much; in fact, most of them said there was no hope of cure. During the last spring she was worse than ever, her body and limbs being covered with sores and blotches-with face and eyes badly ulcerated and swollen. Whilst in this condi-tion I was advised by Dr. L. A. Stift to try your Rosadalis. I at once procured three bottles, and commenced giving it to her. The effect was margi-cal. Is less than a month, to my great astonish-ment, she was enfirely well. I am sir, yours. Was entroy, yours, I am sir, yours, With much respect and gratitude, W. W. BURNETT.
