THE OLD ESTABLISHED

Oh, fit and few! oh, tried and true!
The friends who met that day,
Each one the other's spirit knew;
And so in earnest play.
The hours flew past, until at last
The twilight kiss'd the shore,
We said, "such days shall come again
For any avernors."

One day again, no cloud of pain
A shadow o'er us cast,
And yet we strove in vain, in vain, To conjure up the past;
The but unlike, the cut that shone, The waves that best the shore.
The words we said, the songs we
Like—unlike—evermore.

For ghosts unseen crept in between,
And, when our songs flowed free,
Sang discords in an undertone,
And marred the harmony.
"The past is ours, not yours," they said,
"The waves that bet the shore,
Though like the same, are not the same,
Ob past payer more!" Ob, never, never more

> New York Market. MONEY MARKET.

The New York Journal of Commerce, of Wed nesday, June 10, says:

The plethora of money at this centre appears to be a hindrance to business, instead of stimulating a general activity. Capital is freely offered at extremely low rates of interest, but there is comparatively little demand for commercial purposes, and speculators find it difficult to employ funds profitably in any class of ventures, although they are easily obtained at 3a4 per cent per annum, consequently the aggregate amount lying idle is unusually large.

PRODUCE MARKET. nesday, June 10, says:

NEW YORK, June 9.—BREADSTUFFS.—The market for State and Western flour opened more steadily and closed dull and a shade firmer, with a moderate demand for home use. CALFORNIA FLOUR—The market is active and prices are steady. Most of the very rancy grades have been exhausted, so that the range of prices is not so great. The sales are 2000 sacks at \$11a13.

WHEAT—The market is more active and has a lit tie more tone, caused in part by the taking of a few loads for export. Sales were made of 36,500 bushels at \$2 17a2 20 for No 2 spring, the latter price for choice Milwaukie; \$2 27a2 28 for No 1 spring; \$3 05 or new white Southern; \$3 15 for choice white Michigan, and winter amber Canada on private terms.

Conn.—The inquiry being confined to supply the immediate wants of the home trade, the market is dull and prices are about one cent easier. We notice sales of 62,000 bushels at \$1.08\\$\\$\xeta\$(109\\$\text{y}\$) for new Western mixed affoat; \$1.11\\$\xeta\$ for Western yellow, and \$1.21 for handsome white Scuthern.

Corrow.—The market is dull and prices are heavy and lower. The offerings continue to be liberal, and holders are willing to make moderate concessions to meet the views of buyers. The sales are 550 bales, including 462 to spinners and 88 to speculators. We quote:

Upland & Florida. Mobile. N. Orleans. Texas private terms, and 100 hhds Perto Rico at 70c.

Western is quoted at 25a32c for the range of inferior to prime. One Bottle of Resolvent'is Better Than Ten Large Bottles of the Advertised Sarsaparillas, or Direct Diuretic Rem-

PHYSICIANS wonder at the extraordinary power of RADWAY'S RENOVATING RESOLVENT in curing the worst forms of Scrofuloue, Syphiloid, Chronic Skin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spieen. Its rapid influence in the cure of Disbetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost invitant efficacy in stopping tiching and painful discharge fourine, and its singular power in curing discharge from the Uterus and Urethre, L'ucorrhoz, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the SARSAPARILLIAN used in the Ronovating Resolvent differs from ordinary Sarsaparillas! Sarsiparillian is the only principle in Sarsaparilla that possesses curative properties; all other parts of the root are inert and useless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

of the true principle of cure than twenty pounds of the ordinary roots.

SABSAPARILLIAN it only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy that communicates its purifying, cleaning and reinvigorating proper-ies through the BLOOD, SWEAT, UBINE, and ther secretions, securing a barrantees treatest its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, UBINE, and
other secretions, securing a harmonious functional
action of every deprayed organ and gland in the system. If the blood is corrupt, the Resolvent will
make it pure. If the Lungs are ulcerated and sore,
secreting thick phiegm and prurelevit matter, the
Resolvent will loosen this deposit and repair the
wasting lung with sound and hee'thy material. If
the Skin is covered with pimples, spots, pustules,
sores, ulcers, &c., the Resolvent will quickly removs
these annoyances. If mercury is deposited in the
bones and has accumulated in the system, the Resolvent will drive it out. If the Throat or Bronchial
Glands are ulcerated, the Resolvent will cure these
signs of an early waste. Direct remedies, possess
ing-only exclusive properties, are hurital, as they
increase the functional secretions of one- organ by
suspending the constituent secretions of others;
hence, a compensating remedy like the Resolvent is
the only means of a permanent cure.

BEAR IN MIND THAT EVERY DROP OF BLOOD
impregnated with the Resolvent and absorbed to impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound and healthy fiesh and filter. The first dose that is taken commences its work of purification and in-creasing the appetite and fiesh.

A GREAT SENSATION !- A GOOD SENSA

TION! PAIN CURED IN AN INSTANT!

In 1847 the great grand principle of stopping the most excruciating pain in an instant, without employing such dangerous agents as Chloroform, Opium, Morphine, Acontine, Ether, &c., was first made known in

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once relieved the patient of the most violent and exeruelating pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Paira in the Chest, Side, Lung; Stomach, Bowels, Kidneye, Spine, Lega, Arms, Feet, one application was sufficient to kill and extera inate the pain.

Taken internally, twenty drops to a teaspoonful would cure, and will cure, Asiatic Cholera, Fever and Ague, Chills and Fever. Bilious Colic, Inflammation of the Bowels, Cramps, Spasms, Diarrhea, Dysentery, and every pain that may exist in the inside of man, woman or child; this was RADWAY'S READY RELIEF, greatly improved, in 1868.

We then started it in us mission of relieving the infirm, pain-stricken, sick, distressed and crippled of all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kalmos, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation on the face of the earth.

CONGESTION OF THE LUNGS CURED IN THIRTY MINUTES!

Important to Know how to Use "Radway's Ready Relief" in Acute and Dangerous Attacks!

MY OWN CASE.

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I felt a dull pain over my left lung, with occasional coughs, but being actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and excruciating, that every breath drawn was like a red hot knite cutting my lung. Being absent from home, I sent out for three bottles or RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain ceased. In half an hour I was free from pain, and all signs of Congestion; Infis-mastion, &c., gone. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cases of Infianmation of the Loins, Bowels, Ridneys and Stomach. Apply the RELIEF freely; soak the skin with it. It will instantly secure the withdrawal of the infianmation to the surface, and persons now suffering may, in Thirity Minutes, be free from pain.

CHRONIC INFLAMMATION.

In cases where inflammation has existed for a length of time, in addition to the RPLIFF, take six of RADWAY'S PILLS. Powder them. In half an hour, in most cases, they will operate. If not, repeat the dose. In one or two hours at the furthest they will operate, and the patient soon get well. In Bilious, Typhoid, Fever and Ague, this treatment is sure to cure. Let it be tried.

Dr. J. J. Lawrence:

Dr. Sim. My youngest daughter, aged five years, has been dreadfully afflicted with Scrofula nearly all her life. I tried a great many physicians, but without relieving her much; in fact, most of them said out relieving her much; in fact, most of them said there was no hope of cure. During the last spring she was worse than ever, her body and limbs being covered with sores and blotches—with face and eyes badly ulcerated and swollen. Whilst in this condition I was advised by Dr. L. A. Stith to try your Rosadalir. I at once procured three bottles, and commenced giving it to her. The effect was magical. In less than a month, to my great astonishment she was entirely well.
