THE DAILY NEWS.

☞ LARGEST CIRCULATION.—THE DAILY NEWS BEING THE NEWSPAPER OFFICIALLY RECOGNIZED AS HAVING THE LARGEST CIRCULATION IN THE CITY OF CHARLESTON, PUBLISHES THE LIST OF LETTERS REMAINING IN THE POSTOFFICE AT THE END OF EACH WEEK, ACCORDING TO THE PROVISIONS OF THE NEW POSTOFFICE LAW.

LOCAL MATTERS.

AUCTION SALES THIS DAY.

CAMPBELL, KNOX & Co. will sell at 10 o'clock, at their auction house, No. 55 Hasel-street, furniture of a family.

CLIFFORD & MATHEWES will sell at 11 o'clock, at Customhouse wharves, Lightship No. 35, and a lot of scrap iron.

WILLIAM MCKAY will sell at 10 o'clock, at his salesroom, No. 136 Meeting-street, bureaus, bedsteads, &c.

MILES DRAKE will sell at 10 o'clock, in his store, corner of King and Liberty streets, boots, shoes, &c.

THE DAILY NEWS PRICE CURRENT AND COMMERCIAL CIRCULAR will be ready for delivery at our counting room at nine o'clock this morning. Single copies five cents. Orders for ten copies and over will be filled at the rate of two and a half cents per copy.

BASE BALL AMONG THE NEWSBOYS.—The "Atlanta" and "Active" Clubs played a match last evening, at the west end of Broad-street. The Atlanta boys were the winners. Score twenty-eight to fifteen.

EAST BAY IMPROVEMENTS.—The traces of the recent fire on East Bay are being rapidly effaced. The store occupied by Mr. R. M. Butler, in which the fire originated, is now undergoing repairs, and the tall peaked-roof of Messrs. West & Jones' establishment, next door, will be replaced by one of a gentler slant and more modern appearance.

THE CIRCUS.—The canvas on the Citadel Green was last night the centre of attraction, and the reappearance of the Brazilians was greeted with a fine audience. The programme was different from that usually performed by Circuses, and the feats of agility and the riding were quite novel in character. The performance last night was a decided success, and all who can enjoy a hearty laugh should attend to-night.

THE DRAMATIC READING.—Dr. Couturier gave his reading from Shakespeare and other poets, last night, at Hibernian Hall. In consequence, probably, of the circus opening the same evening, there was but a meagre audience present. The entertainment was every way worthy of a better house, and as the Doctor has been induced to repeat it, it is hoped he will be greeted by a large audience this evening. The vocal portion of the programme was much admired by all who heard it.

THE STATE CONSTABULARY.—Mr. John B. Hubbard, who was elected to the position of High Constable for the State by the Legislature, has recently appointed a deputy for each district or county. Mr. B. G. Yocum is the deputy for Charleston County, and, as will be seen elsewhere, has already entered upon his duties. According to the act, these deputies are authorized to either appoint subordinates, or in case of an emergency, to summon a *posse*.

COLORED DEMOCRATIC MEETING.—The colored Democrats of Ward No. 3 held a meeting last night at Fordham's Hall, in Meeting-street. After the routine business they were addressed by Messrs. George Tupper and John A. Moroso, who spoke at some length on the issues of the day, and the necessity of the blacks adhering to the Democratic party. At the conclusion of these speeches a negro, who claimed to be a Democrat, arose and made an adroit Radical speech, in which he combatted the arguments advanced by the previous speakers. He was replied to by E. Baynard Seabrook, Esq., and others.

SICK IN THE STREETS.—A white man, whose name is unknown, was picked up by the police yesterday morning, about two o'clock, in King-street, near Wentworth. When found he was in a convulsive fit, and medical aid was summoned. Remedies were applied, but only temporary relief was obtained, and the man was taken to the guardhouse on a cart, and thence to the hospital. At a late hour yesterday evening he was still suffering and unconscious. From his dress he is evidently a laboring man, and about thirty years of age. Those who have missed any member of their family answering to the above description, should call at the hospital or guardhouse to-day and identify him.

MERCANTILE CO-OPERATIVE ASSOCIATION.—This new enterprise promises to commence operations at a very early date. This is owing to the very prompt response of the subscribers to the call of the Board for payment of their subscriptions to the Treasurer. Notice was given only two days ago, requesting payment for one share each within ten days, and already a large number of the original subscribers have responded, whilst many new names have been added to the list of subscribers. This must, indeed, be encouraging to the Board and the friends of the Association, and it is expected that in a few weeks the store will be in full operation. The Board having limited the number of subscribers, the daily accessions will soon fill out the limit.

PALMETTO SONGSTRESSES.—The New York Mail says: "New York enjoys, at this time, the presence of two charming singers, of Southern origin, though neither is vocal just now for our entertainment.

"They are Miss Louise Kellogg, the fairy-like prima donna, who arrived last Tuesday in the Russia, and Miss McCulloch, of Max Maretzek's immense opera troupe, ready, in a few days, to appear in Chicago.

"Miss Kellogg is a native of the town of Sumter, in the Palmetto State. She has just arrived from a brilliantly successful tour in Europe, and has been engaged by Strakosch for four years, of which three are to be given in Europe, and one to concert-touring in the United States.

"Miss McCulloch is a native of Columbia, South Carolina, and has been engaged by Max Maretzek as a member of his immense combined opera troupe, that is to leave New York for the great West and Southwest. Miss McCulloch has been winning her way into popular favor for two years. She is the favorite elève of Maestro Torriani, who predicts for her a career of unusual brilliancy. Her style is Spanish.

"Thus, two of our pet minstrants of sweet sound are from the Sunny South—and both from the Palmetto State."

THE UP-COUNTRY CROPS.—The editor of the Spartanburg Spartan writes quite cheerfully of the crop prospect. He says:

During a ride, of some seventeen miles in the upper portion of our district, we observed that the corn crop was generally good, and the farmers are in good heart that they have once more made a good crop of corn. We have never seen so large a space covered before with the pea vines, and they are growing luxuriantly, so that this may well be called the great pea-year with us. Cotton is doing as well as could be expected. Potatoes are doing very well, and turnips are looking up. Peaches are gone, having been mashed up and placed in tubs awaiting distillation, but there are few if any distillers in this section who are able or are willing to pay license, tax, &c.

THE UNION LEAGUE IN CHARLESTON COUNTY—HIGH-HANDED PROCEEDINGS.—The Union League has grown to be a powerful body, and the leaders profess to believe that they have a right to make laws and dispense justice in their several precincts. A case of this description occurred a few days since in the Goose Creek section. The Union League in that neighborhood were in the habit of holding weekly meetings, which all the members were required to attend. While the novelty lasted the attendance was good, but one old darkey named Richard Dancet thought that he could make more by staying at his work, and acted accordingly. The leaders of the League remonstrated, but finding Richard contumacious, determined to show him their power. At a meeting held to consider the matter, his arrest was ordered, and an armed band of some thirty negroes proceeded to Mr. A. E. Parler's place, where Richard Dancet was staying, and arrested him. He was taken to the headquarters of the League and tried for his misconduct as a man and brother. Being found guilty, the League tied him to a tree, and after threatening his life, offered him various indignities for the purpose of scaring him back to their ranks. Mr. Parler was much incensed at the outrage committed on his place, and lost no time in reporting the facts to Governor Scott and asking for the arrest of the ringleaders. Governor Scott referred the case to Mr. John B. Hubbard, the Chief Constable of the State, and he empowered his deputy for this district, Mr. B. G. Yocum, to examine into the matter and arrest the guilty parties. Mr. Yocum visited the place with the Chief Constable and arrested the President of the League, Joe Bunch, a negro, and one Ervin, a colored ringleader. Abram Williams, another of the ringleaders, was subsequently arrested by Mr. Yocum, and the trio lodged in jail to await trial on the charge of riotous and unlawful conduct. Richard Dancet, the old colored man abused by the League, was a quiet and inoffensive character, who had been working steadily through the year.

SHELLS OF OCEAN.—The deep booming sound heard nearly every night from the direction of deep water is not, as has been supposed, the report of the guns used by the insurgents in shelling Madrid; nor is it a salute fired now for Grant, because there will be none to be fired in November; nor is it the death knell of the last musquito of the season; nor is it anything wonderful, peculiar or strange: it is only "nigger."

The intelligent freedmen do not care to dig and delve. They want their fortunes to come ready-made, and, as the iron entered their soles, while they lounged over the sand banks of Morris Island the thought struck them that Yankee shells might be made more profitable than either sea shells, spades or hoes. They set to work at once to gather up all the old shells they could find. But "blown up nigger" don't come down any more, and few freedmen desire to lay down "their fiddle and the bow" on a fixed star or the tail of an unreliable comet. They have a proper respect for cold iron and villanous saltpetre, and when they have found an unexploded shell, they build a fire around it and make themselves scarce. The shell soon finds its position too warm to be comfortable, coyly blushes a rosy red, and—busts. As particle is rent from particle, and another shell is no more, there is a thunderous BOOM, which is heard in all the classic groves, bustling streets and quiet alleys of go-a-head Charleston. Sometimes "nigger" not quick enough in getting out of the way, and then one more unfortunate sees stars, and some hundred weight of old iron wants a rightful owner.

A CHAPTER ON GLOVES.—The New York correspondent of the Louisville Courier writes:

By way of fashion gossip let me tell you that red gloves are coming into vogue. Garnet kid, maple red and the glowing sultan shade are to be worn. Think of it, ye fastidious ones, who shudder at the idea of a vulgar red hand. Our best customers, the most refined ladies all over the country, are ordering these colors, said Mr. Francis, the gentleman who designs the ornaments and colors for the Alexandre glove made in Paris for A. T. Stewart. Mr. F. inherits a love for the beautiful from his father, a Welch poet of renown, and in his leisure hours at his Staten Island home, he wanders about the forest, selecting and combining new tints from the leaves and flowers, which he forwards to Paris to guide the manufacturers of the celebrated Alexandre glove. Every New York girl who wants to be daintily gloved takes Mr. Francis into her confidence. He studies the shape of her hand as assiduously as does her most ardent lover, then measures its slender palm, its tapering digits and well rounded wrist, sends off an order to Paris, and in an incredible short time there arrives dozens and dozens of the loveliest kids of every color, all splendid fits, because all made specially for her. If a lady more mature, finding her plump hand in danger of becoming positively stout, bewails the fact that sixes are made so small now-a-days, she will be presently reduced to the distressing necessity of wearing six and a quarter, Mr. F., prepared for every emergency, assures her that there are two shapes (not sizes, mind you), of sixes—the long slender and the broad short; that she can still be fitted with her favorite number, and indulge herself with the pleasant fiction that in her matronly prime her hand is no larger than it was in her girlhood.

C.; A. Morgan, Georgetown, S. C.; O. T. Humphreys, New York; George J. Graham, Leesville, S. C.; E. M. Speight, Pocotaligo, S. C.

BUSINESS NOTICES.

EDUCATIONAL.—Messrs. Bruns & Cochran notify their patrons that the exercises of their school will be resumed on the first proximo. These gentlemen are well known from their connection with the High School in former days, and are most capable of acting as instructors of youth. Since the war Messrs. Bruns & Cochran have opened their present school in Wentworth-street, which has been abundantly patronized.

FANCY GOODS—MESSRS. JOHN S. FAIRLY & CO.—The Fancy Goods business of Charleston is not confined to one street, though the large firms in this branch of trade are to be found within a stone's throw of the Charleston Hotel. On Hayne-street Messrs. John S. Fairly & Co.'s establishment is perhaps the most prominent. These gentlemen have a full stock of the multitudinous articles that are classed as notions, including the various lines of fancy goods. Their store is large, and the stock, which is admirably arranged, embraces jewelry, pipes, and everything in the shape of notions. There are also full assortments of buttons, trimmings, hosiery, handkerchiefs, white goods, &c. Fairly & Co. are the agents for Calley's improved hoopskirts. As one of the partners is a resident of New York, the firm are enabled to obtain goods at reduced rates, and the stock is kept constantly supplied with the latest styles. The country merchants now visiting the city will find that no establishment contains a better selection, and offers greater inducements.

GROCERIES.—We direct attention to the card of Mr. Wm. Gurney, which appears in another column. Mr. Gurney has recently returned from a Northern tour, and has added considerably to his extensive stock. He offers inducements to planters and merchants that should not be neglected.

TAILORING.—As the equinox is the turning point of the year when summer is supposed to be buried, it behooves all to prepare for the winter's b'asts. Mr. John Rugheimer has recently returned from the North with a full stock of everything that can make the outer man presentable. His cloths, cassimeres and vestings, both foreign and domestic, are of the latest patterns, and will be made up in the most approved styles. His place of business is at No. 14' King-street, west side, three doors from Queen, where he will suit his customers to what they desire.

NICKERSON'S HOTEL.—Those travellers who visit the State Capital, and are desirous of taking their ease at their inn, can find few places where they are made to feel more at home than at Nickerson's. This hotel has recently changed owners, Mr. Nickerson having sold out his interest to Mr. Wm. A. Wright, who has been in charge for the past year. The present proprietor is the "Wright" man in the right place, and the old habitues of the house will not be sensible of the change, as the old name is retained, and the business will be conducted by the same officials.

GREEN TURTLE SOUP, shrimp salad, fish and boiled mutton, with caper sauce, is the appetizing lunch that will be spread at Torck's, "Our House," this morning.

WE REFER TO JOHN COMMINS, No. 131 Meeting-street, who has returned from the North with three hundred cases of good substantial boots and shoes, for retailing, and also two hundred cases from auction, which will be sold at reduced prices.

SARSAPARILLIAN

AND

ITS POWERFUL CURATIVE ASSOCIATES

PREPARED UNDER A NEWLY DISCOVERED PROCESS FOR EXTRACTING THE CURATIVE PROPERTIES FROM VEGETABLE SUBSTANCES, ENTERS INTO THE COMPOSITION OF

DR. RADWAY'S

RENOVATING

RESOLVENT.

A NEW PRINCIPLE DISCOVERED.

One Bottle of Resolvent is Better Than Ten Large Bottles of the Advertised Sarsaparillas, or Direct Diuretic Remedies.

PHYSICIANS wonder at the extraordinary power of RADWAY'S RENOVATING RESOLVENT in curing the worst forms of Scrofulous, Syphiloid, Chronic Skin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Diabetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping itching and painful discharge of urine, and its singular power in curing discharges from the Uterus and Urethra, Leucorrhœa, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the SARSAPARILLIAN used in the Renovating Resolvent differs from ordinary *Sarsaparillas!* Sarsaparillian is the only principle in Sarsaparilla that possesses *curative properties;* all other parts of the root are inert and useless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

SARSAPARILLIAN *is only one* of the ingredients that forms this truly wonderful medicine: and it is the only compensating remedy that communicates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and sore, secreting thick phlegm and purulent matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the skin is covered with pimples, spots, pustules, sores, ulcers, &c., the Resolvent will quickly remove these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the Throat or Bronchial Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct remedies, possessing only exclusive properties, are hurtful, as they increase the functional secretions of one organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is the only means of a permanent cure.

BEAR IN MIND THAT EVERY DROP OF BLOOD impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound and healthy flesh and fibre. The first dose that is taken commences its work of purification and increasing the *appetite and flesh.*

A REMARKABLE CURE!

SORES ON THE TONGUE, ULCERS IN THE THROAT, SORE GUMS, SORE MOUTH, SORES IN THE NOSE, AROUND THE EYES, &c.,

If recently exhibited, a few bottles will cure. If chronic, or through the effects of Mercury, Potassium, Corrosive Sublimate, from six to one dozen bottles may be required to make a permanent cure.

R. R. R.

A GREAT SENSATION!—A GOOD SENSATION!

PAIN CURED IN AN INSTANT!

In 1847 the great grand principle of stopping the most excruciating pain in an instant, without employing such dangerous agents as Chloroform, Opium, Morphine, Aconitine, Ether, &c., was first made known in

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once relieved the patient of the most violent and excruciating pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Pains in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and extirpate the pain.

Taken internally, twenty drops to a teaspoonful would cure, and will cure, Asiatic Cholera, Fever and Ague, Chills and Fever, Bilious Colic, Inflammation of the Bowels, Cramps, Spasms, Diarrhœa, Dysentery, and every pain that may exist in the inside of man, woman or child; this was RADWAY'S READY RELIEF of 1847, and it is RADWAY'S RELIEF, greatly improved, in 1868.

We then started it in its mission of relieving the infirm, pain-stricken, sick, distressed and crippled of all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kaimos, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation on the face of the earth.

CONGESTION OF THE LUNGS CURED IN THIRTY MINUTES!

Important to Know how to Use "Radway's Ready Relief" in Acute and Dangerous Attacks!

MY OWN CASE.

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I felt a dull pain over my left lung, with occasional coughs, but being actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and excruciating, that every breath drawn was like a red hot knife cutting my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain ceased. In half an hour I was free from pain and all signs of Congestion, Inflammation, &c., gone. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cases of Inflammation of the Loins, Bowels, Kidneys and Stomach. Apply the RELIEF freely; soak the skin with it. It will instantly secure the withdrawal of the inflammation to the surface, and persons now suffering may, in THIRTY MINUTES, be free from pain.

CHRONIC INFLAMMATION.

In cases where inflammation has existed for a length of time, in addition to the RELIEF, take six of RADWAY'S PILLS. Powder them. In half an hour, in most cases, they will operate. If not, repeat the dose. In one or two hours at the furthest they will operate, and the patient soon get well. In Bilious, Typhoid, Fever and Ague, this treatment is sure to cure. Let it be tried.

SOUTHERN TONIC

CURES DYSPEPSIA, INDIGESTION, DIARRHŒA, FEVER AND AGUE, AND GENERAL DEBILITY.

We have, after long study and many experiments, succeeded in producing what we claim to be the BEST BITTERS AND MOST PLEASANT BEVERAGE in use, compounded as they are of the most valuable ingredients known to Pharmacy. As a TONIC AND APPETIZER it has no equal—reliable in all BILIOUS DERANGEMENTS, resulting from miasmatic influences, so prevalent at the South, and change of diet, climate and water. In offering to the Southern public our great TONIC AND BEVERAGE, we only ask for it a fair trial, feeling assured its own merits will soon ensure its becoming a favorite at the South. It has all the pleasing qualities of a "Liqueur," and though under a small volume, is four times more active than other preparations. It is almost indispensable for reconstituting the blood in females suffering from debility and loss of appetite, and for persons exhausted by nervous excitement or over-exertion. The benefit of these bitters are felt immediately. Dose is a wine glass full before meals.

Each bottle has our stamp and signature over the cork. DOWIE & MOISE, Proprietors
