PERSONAL. -Mr. E. P. Lucas, of the Darlington Democrat, is stopping at the Pavilion Hotel.

THE SPECIAL COMMITTEES of the various companies of the Fire Department meet tonight at Phonis Hall.

THE ST. CECELIA Soc .. T .- At the one bundred and second anniversary meeting of this Society, held on Monday evening last, the following officers were elected:

WM. RAYENEI, President.
E. P. MILLIKEN, Vice-President.
T. PINCKNEY LOWNDES, Secretary and Treasurer.

POLICE ITEMS .- James Birgins, colored, was apprehended yesterday for having in his possession a coat claimed by Louis Banks. Cathe rine Rutledge was lo lged in the Upper Wards Guardhouse, by her mother, for safe keeping, Catherine not having behaved according to the old lady's standard.

A Young Hopeful.-James Brown, a very small colored youth, walked into the millinery establishment of Mrs. Stackley, King-street, near Beaufain, yesterday, and atter fitting his knowledge-box to a nobby hat, made off without paying. His race was brief, and resulted in his lodgment in the guardhouse.

ASSAULT AND BATTERY .- Nancy Weston, a colored denizen of Tradd-street, got into a dispute yesterday with a white woman residing in the same locality, which culminated in the latter making an assault and battery on Nancy. Both parties were arrested and carried to the guardhouse, where they gave bail for their appearance this morning.

THE BASE BALL MATCH ON THE CITADEL GREEN. - The match between the Alert and Liberty Clubs yesterday afternoon drew quite a crowd of spectators. A number of lady witnesses were on the look out from the Citadel, as was a so many officers of the garrison. These clubs did not play in full force, but by their issue docket. representative nines. The game was exciting up to the third inning, when a want of practice began to tell on the Alerts, who have been resting on their bats since their contest with the Forest City. Darkness coming on before the fifth inning was concluded, the game was called, making it void. It will probably be played over on some future occasion. As the weather cools base balling grows less popular, the sport being adapted to the summer.

ANOTHER GRAND SACRED ORATORIO. - We are pleased to announce that a repetition of the Grand Sacred Oratorio, heard with so much pleasure some time ago to a full audience in St. Patrick's Church, will take place about two weeks hence in St. Patrick's Church, under somewhat better circumstances. Professor Eckel, who will conduct the programme, has secured the Roman music of the Rev. Father Schachte. The choruses will be rendered by a full corps, and in a manner in keeping with the importance of the occasion. The services of Professor Deden, of the Chapel, Queenstreet, have been secured, and he will lead the choruses. The "Saengerbund" will contribute materially to the occasion, under the direction of Professor Hoffmann. Some of our best amateur singers will be present, and lend the charm of their voice to this expected trial. The proceeds of this Oratorio are to be devoted to the choir of St. Paul's Church. There will, no doubt, be a liberal support given to this ob-

EXTENSIVE NEW PHOSPHATE WORKS .- We understand that a company, with a capital of \$1,000,000, have leased the premises known as Riker's Mill, and intend to erect commodious works for the manufacture of fertilizers out of the Carolina phosphates, so plentiful in the locality. Buildings are now in progress of construction, which when completed will cost \$12,000. All the necessary appliances of machicery for grinding and crushing the rock in ruling, go to Hiram Harris, Agent, No. 59 Broadits natural state are to be speedily obtained and put up. The wharf leading out to the stream is to be strengthened, and a railway laid to facilitate the loading of vessels, which will not be deterred taking in cargo at any tide, as the depth of water is sufficient under all circumstances. The effect of the discovery of this important article is already being felt; a house in New York that used to sell \$50,000 worth of the fertilizer in our midst alone, is storing their property, not only here, but even out west, as far as Cincinnati-the demand for the Carolina article exceeding all others.

Williams, the new but already very popular pastor of the First Baptist Church, preached a very interesting sermon yesterday, Thanks-

giving Day. He remarked, in substance, that we should look upon the severe trials that have overshadowed us as merciful dispensation of God, an ordeal which shall purify us, and ultimately develope for His people's good. He was listened to with marked attention, and elicited many warm expressions of approval on the part of his hearers. We are glad to learn that already the church is feeling the effects of Mr. Williams' faithful ministry, and that there are some accessions to the congregation, and more

expected.

THE THEATRE-LEAH .- Another full house testified to the merits of Gilbert's troupe last night. The play was well performed, and the principal actors were repeatedly applauded. some mischievous fellow turned off the gas, which left the audience in Egyptian darkness for a few minutes, but good order was preserved, and the hall immediately lighted up again. To-night will be performed the great moral temperance drama of "Ten Nights in a Barroom." Little Kate Gilbert, only twelve years old will appear as Mary Morgan, the Drunkard's child. The performance will conclude with the amusing farce of "The Ghost." This is positively the last appearance of this excellent company in Charleston.

MR. COWARDIN'S LECTURE LAST NIGHT. South Carolina Hall was filled last evening by a select audience to hear the famous lecture en titled "The Humors of Reconstruction," by James P. Cowardin, Esq., formerly reporter for the Richmond Dispatch. Although the expectations of the audience had been raised to very high pitch by the great fame of Mr. Cowardin, which had come before bim, they were not disappointed. The absurdities and incongruities of the Virginia Reconstruction Convention were depicted in such a humorous and life-like manner that the audience were convulsed with uncontrollable laughter. Mr. Cowardin's powers of mimicry are unrivalled, and with the eyes shut, it was almost impossible for one familiar with such scenes not to imagine himself in the midst of a reconstructed leg islative assembly. Mr. Cowardin has generously offered to re

peat his lecture for the benefit of the Widows Home, and our people should not neglect the opportunity thus afforded them of acquiring from his descriptions that knowledge of the new regime under which they are compelled to live, which self-respect and a love of decency prevented them from obtaining by actual experience. Mr. C. can promise them one hour's hearty laugh for the price of their ticket, and they can at the same time have the satisfaction of knowing that they have contributed their mite to one of the noblest charities of the age.

ITS POWERFUL CURATIVE ASSOCIATES

PREPARED UNDER A NEWLY DISCOVERED PROCESS FOR EXTRACTING THE CURATIVE PROPERTIES FROM VEGETABLE SUBSTANCES, EN-TERS INTO THE COMPOSITION OF

DR. RADWAY'S

RENOVATING

RESOLVENT.

A NEW PRINCIPLE DISCOVERED.

One Rottle of Resolvent is Better Than Ten Large Bottles of the Advertised Sarsaparillas, or Direct Diuretic Rem-

PRYSICIANS wonder at the extraordinary power of RADWAY'S RENOVATING RESOLVENT in curing the worst forms of Scrofulous, Syphiloid, Chronic Skin Diseases, and its marvelous power in resolving calculous concretions, affording immediate relief and consequent cure of Diseases of the Kidney, Bladder, Liver, Lungs, Pancreas, Spleen. Its rapid influence in the cure of Diabetes, Incontinence or scanty, turbid, albuminous, cloudy urine; its almost instant efficacy in stopping itching and painful discharges from the Uteras and Urother, Leucorhoa, Bloody Urine, and other unhealthy and weakening discharges;—and inquire wherein the SaksaPaRILLIAN used in the Renovating Resolvent differs from ordinary Sarsaparillas? Sars parillan is the only principle in Sarsaparilla that possesses curative properties; all other parts of the root are inert and useless. One ounce of the extract obtained under Dr. Radway's new process for extracting the curative properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

Sansaparillaty is only one of the ingredients

properties from vegetable substances, contains more of the true principle of cure than twenty pounds of the ordinary roots.

SARSAPARILLIAN is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy that communicates its purifying, cleansing and reinvigorating properties through the BLOOD, SWEAT, URINE, and other secretions, securing a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. If the Lungs are ulcerated and sore, secreting thick phlegm and prurelest matter, the Resolvent will loosen this deposit and repair the wasting lung with sound and healthy material. If the skin is covered with pimples, spots, pustulee, sores, ulcers, &c., the Resolvent will quickly remove these annoyances. If mercury is deposited in the bones and has accumulated in the system, the Resolvent will drive it out. If the Throat or Bronching Glands are ulcerated, the Resolvent will cure these signs of an early waste. Direct romedies, possessing only exclusive properties, are hurtful, is they increase the functional secretions of on-organ by suspending the constituent secretions of others; hence, a compensating remedy like the Resolvent is the only means of a permanent cure.

BEAR IN MIND THAT EVERY DROP OF BLOOD impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure. Sound BEAR IN MIND THAT EVERY DROP OF BROOD impregnated with the Resolvent and absorbed to supply the waste of the body, will make pure, sound and healthy flosh and fibra. The first dose that is taken commences its work of purification and increasing the appetite and flosh,

A GREAT SENSATION! -- A GOOD SENSA-TION !

R.

PAIN CURED IN AN INSTANT!

In 1847 the great grand principle of stopping the most excruciating pain in an instant, without empioring such dangerous agents as Chloroform, Opium, Morphine, Acontine, Ether, &c., was first made known in

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once relieved the patient of the most violent and excruciating pangs and throbs of pain, and imparted the delightful sensution of ease and comfort.

Every kind of pain, whether Rheumatism, Neu-algia, Toothache, Paus in the Chest, Side, Lungs, tomach, Bowels, Kitneys, Spine, Legs, Arms, Feet, ne application was sufficient to kill and extera fuate

the pain.

Taken internally, twenty drops to a teaspoontul would cure, and will cure, Asiatic Cholera, Fever and Ague, Chills and Fever, Bilious Colie, Inflanmation of the Bowels, Cramps, Fpasms, Diarrhea, Dysentory, and every pain that may exist in the inside of man, woman or child: this was RADWAY'S READY RELAUF of 1847, and it is RADWAY'S RELIEF, greatly improved. in 1868.

READY RELIEF of 1847, and it is RADWAY'S RE-LIEF, greatly improved, in 1868.
We then started it in its mission of relieving the infirm, pain-stricken, sirk, distressed and crippled of all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kain os, Kings, High Priests, Nobles, as well as in the cottages of the laboring classes of every nation in the face of the earth.

CONGESTION OF THE LUNGS CURED IN THIRTY MINUTES!

important to Know how to Use "Rad. way's Ready Relief" in Acute and Pangerous Attacks!

MY OWN CASE.

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a lew days previous I reit a duli pain over my lert lung, with occasional coughs, but being actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and exerciating, that every breath drawn was like a red het kante cutting my lung. Boing absent 10 on home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, see, and I na few moments got up counter-tritation. Respirations were easy, and, as the skin beases rediened, all pain ceased, in half an hour I was tree from pain and all signs of Congestion, Ind must lon, Ac., genc. This is an important cure. It is well that every one should know how to use this remedy in severe attacks, the same rate holds good in cases of inflammation of the Lodins, Rowels, Kidneys and Somach. Apply the RELIFF free; souk the skin with I. It will instantly secure the withdrawal of the inflammation to the surface, and persons now suffering may, in running my transfer of the following the free from pain.

CHEONIC INFLAMMATICN. CHRONIC INFLAMMATICN.

In cases where inflammation has existed for a length of time, in addition to the RELIEF, take six of dADWAY'S 1911.8. Powder them, in half an hour, in most cases, they will operate. If not, repeat the dose. In one or two hours at the furthest they will operate, and the judient soon get well. In Billous, Typhoid, Fever and Ague, this treatment is sure to care. Let it be tried.
