BURGLAR CAPTURED. -Yesterday morning, about one o'clock, Officers Coates and Reed, of the Detective force, arrested, under suspicious circumstances, in King-street near Hor.beck's Alley, a colored boy, named Peter Bellinger, with a lot of plunder in his possession. Upon investigation of his care it was discovered that he had, during the night, burglariously entered the premises adjoining the office of Magistrate Mackey. Meeting-street, and stolen therefrom sundry articles of dry goods, the property of the prosecutor in the case of swindling referred to in The News of Tuesday.

RESIGNATION OF LIEUZENANT MINOTT.-Lieutenant John C. Minott, who has filled the position of fir. : lieutenant of the city Police for the last three years, with credit to him-elf and entire satisfaction to the community, and who, at the last meeting of Council was reappointed to the same position under the new bill, has declined the appointment. Lieutenant Minott bases his resignation on the grounds that a junior officer, who has been for months or detached service, has been promoted over his head, and, under the peculiar circumstances of the case, he does not believe that he can longer maintain hi own self respect, or be useful to the community in the position which he has heretofcre filled.

NARBOW ESCAPE FROM DROWNING .- A COTrespondent writes as from Hilton Head, under dat of February 5: "On the afternoon of the 1st, two mer started from here in the Bay Point Lighthouse boat, to cross the harbor to Bay Point. After being cut i short time they found the boat unmanageable, and being unable to set to Bay Point or back to Hilton Head, tried to reach the Fishing Kip Lightship, but were unable to, and were drifting out to sea, when the men signalized for ass stance. The captain of the Fishing Rip Lightship, with a boat's crew, went to their aid and strove to low them to the lightship but as it was blowing a gale and a very high sea rur ning at the time, they found it impos ible to ave the boat. However, they rescued the men from their perilons situation and let the boat go to sea. On the same day, as the sloop Trader, Captain Grant, was about starting from here bound to Savanuah, the Captain while busy getting under way, fell over board, but was rescued by the exertions of two pas-

sengers on the sloop-with no other damage than a

tho: ough wetting.

Acting directly upon the organ which converts the food into the ruel of life, the preparation imparts to it a tone and v gor which is com-unicated to very fibre of the frame. The digestive function being accelerated by its tonic operation, the liver regulated by its anti-billious p. operties, and the was e matter of the system carried off punctually by its mild aperient action, the whole organization will necestarily be in the best possible condition to meet the shocks of winter and the sudden changes of temperature.
