MEETINGS THIS DAY. Palmers Pioneer Co-operative Association, at half-past 7 P. M. St. George's Society, at 8 P. M.

THE STATE COURT.—HON. R. B. CARPENTER PRESIDING.—Monday, March 22.—The call of the Equity docket and the trial of causes of no general interest occupied the court to the hour of adjournment.

AROUND THE HARBOR.—The attention of sight-seers is called to the steamer trip around the harbor, advertised for this morning. Time is allowed for the proper examination of the different objects of interest.

IMPORTANT TO THE BAR.—It will be seen by the proceedings of the United States Court yesterday, that heretofore motions in bankruptcy will be heard from ten to twelve o'clock every day, Saturday excepted, and at no other time during the day.

A CHARLESTON MECHANIC ABROAD.—The Savannah Advertiser pays a high compliment to Mr. John Baker, the skillful organ builder of this city, for the thorough and satisfactory manner in which he has repaired the organs of the four churches in Savannah, and states in substance that Mr. Baker has made a good reputation in that city.

SAVANNAH STAMEN.—Several changes have been made in the arrangements of the Savannah steamer line of Messrs. J. D. Allen & Co. Captain Wm. T. McNelly, has assumed command of the Dictator, and Captain George E. McMillan, of the City Point. The day of sailing of the City Point has been changed from Saturday to Friday. Hereafter, the Dictator will arrive here on Saturday instead of Sunday, and the City Point on Wednesday, instead of Thursday.

COLUMBIA AND AUGUSTA RAILROAD.—At a meeting of the Board of Directors of the Columbia and Augusta Railroad, held on Monday, the 19th instant, the following gentlemen were appointed a committee to confer with the Board of Directors of the South Carolina Railroad: Edward Thomas, Esq., of Augusta; John J. Cohen, Esq., of Columbia; L. D. Childs, Esq., of Columbia. The committee heretofore appointed on behalf of the South Carolina Railroad are Messrs. Geo. A. Trenholm, Henry Gordon and Louis D. DeSaussure.

EXCITEMENT ON WESTWORTH-STREET.—FINDING UPON A TRIP.—Yesterday afternoon a colored boy, about eighteen years of age, was detected stealing from the residence of Mr. G. W. Southwick, in Westworth-street. While he was being carried to the guardhouse, he broke from the policeman and ran down Coming-street, when the policeman in his anxiety to recapture him resorted to his pistol, from which he fired several shots at him, until he was brought to a stand in Westworth-street, near St. Philip-street.

The shooting caused excitement and considerable alarm, principally amongst the children and ladies passing in the vicinity, and it is hoped that this unwise recourse to firearms on a public thoroughfare will not be allowed by those in authority to happen again.

THE UNITED STATES COURT, MARCH 22.—HON. GEO. S. BYLES, PRESIDING.—The jury was discharged until Wednesday, 31st instant, to which day has been continued the case of the People's National Bank against Thos. C. Richardson, on an issue of involuntary bankruptcy. The position of Richard DeWitt for leave to establish lien against Charles Wisell, bankrupt, was referred to Registrar Carpenter. It was ordered that the marshal serve a copy of deorsal order containing injunction against P. S. Washburn on E. W. Moise, Esq., and that he have time till 2d of April to file any objections to the report of the Registrar. S. Leroy Adams, James Brittain, J. A. Haseltine, James Miller, J. B. Steele, of York; James R. Truesdale and H. W. Wilson, were finally discharged in bankruptcy. The petitions of O. A. Coleman, Henry S. Kerr and J. F. Hodges, for final discharge in bankruptcy, were referred to the Registrar. The case of Richard Mather was referred to Registrar Carpenter for final hearing. T. J. Lanette and L. T. Levin were approved of as assignees of sundry petitioners. The Judge gave notice that he would hear no motions in bankruptcy from 10 to 12 o'clock daily, Saturdays excepted, and at no other time during the day.

EXCURSION AROUND THE HARBOR.—The balmy spring weather makes a jaunt over the beautiful waters of our harbor an exceedingly pleasant and reasonable recreation. Each morning and afternoon pleasure parties of ladies and gentlemen may be seen crowding our various yachts and skimming gaily over the waves faster and lighter as whirlwind, curiosity or a natural interest in localities now or over various may lead them. Conscious among the favorite craft for these excursions is the trim, swift and comfortably-appointed yacht Eleanor, which has been placed by her owner, Captain Young, at the disposal of strangers and others in our community who may be in quest of aquatic diversions. Enclosed in her clean and cushioned seats (for ladies) you can glide with glorious speed past the battlements of Castle Pinckney—the pigmy bastille of our harbor, under the bayonet regime—and thence sweep across Fort Sumter, that noble pile of ruins, which is so grand a monument to Southern heroism and endurance steering seaward you pass the continuous line of massive earthworks that skirt the beach of Sullivan's Island, or along the channel once commanded by the guns of Wagner and the less noted batteries of Morris Island. Returning, you pass the dilapidated remnant of what was Fort Ripley and the still formidable looking defences of Fort Johnson. At any or all of these points you can land and inspect what is to be seen. A run up either of our beautiful rivers will satisfy you of this pleasant and interesting excursion. And returning home, our word for it, you will pronounce the Eleanor the most agreeable of speed, safety and comfort for a sailing party.

TAXATION.—A. J. R. Meier, the County Assessor, informs us under the law to regulate the assessment and taxation of property, section 26, "all companies or corporations, whether organized under the laws of this State, the manner of doing whose personal property is not otherwise specifically provided for by law, shall list their personal property and effects for taxation at the same time, in the same manner, and in the same localities as individuals are required to list similar property and effects for taxation." All companies doing business in this county must, therefore, at once return their assets and property for taxation, the time allowed having expired. All shares or stock of these companies are exempt from taxation. That is, holders of stock and shares in them pay no tax, the tax being paid by the companies upon their capital.

HOTEL ARRIVALS, MARCH 22.—Passion Hotel. N. C. Fenwick, Geo. A. Foote, Florida; James F. Cowan, Buñu'a, N. Y.; James Williams, East Tennessee; O. P. Cox, N. Y.; S. J. Gill, New York; Dr. D. B. Dixon, Florida; C. P. Dawson, Mount Pleasant; James Brown, City; N. J. Johnson, steamer Dictator; H. J. Blackburn, Bamberg; B. A. Ward, Rochester; John T. McNair, Chertau; Captain M. B. Crowell, steamship Magnolia.

Charleston Hotel.—Mrs. Leggett and daughter, Mrs. Phillips, New York; W. C. Cray, Wilmington, Del.; R. T. Hill, N. H.; L. M. Holmes, Frank E. Holmes, New York; John S. Call, B. S. Alcock, S. P. Gilbert, Brooklyn; J. W. Murdoch, Brighton, Mass.; B. V. Fraser, Saratoga, N. Y.; H. W. Aaron, New York; Wm. Johnson, Charleston; Edward Thomas, John S. Cobb, Augusta; John D. Robbins, Talbot County; D. A. Clegg, New York; C. H. Van Buren, Albany; James G. Gibbs, Columbus; D. L. Merrill, Miss J. Lerrill, New Jersey; S. H. Sanders, Sumner.

OUR REPRESENTATIVE MEMBERS.—A SPLENDID PICTURE.—The photograph of our Board of Promoters, just completed by Messrs. Quinby & Co., and to which the attention has already been made in THE NEWS, is one of the most faithful and perfect pictures of the kind that has ever been produced in Charleston. In a single large and handsome frame are presented life-like and full length portraits of the chief assistants, clerk and the fourteen members of the Board—all in full uniform and taken with the insignia of their respective organizations. The pictures are ranged in three rows, the substantial form of Chief Nathan being, of course, the centre piece, flanked on the right by Assistant Chief Almar and Superintendent Strobel, and on the left by Assistant Chief Alexander and Chief Clerk Quinby. In the upper and lower rows are ranged in order of likeness of the Presidents: Alberts, of the German; Willis, of the Essex; Lacoste, of Hook and Ladder; No. 2; O'Brien, of the Pioneer; Hook of the Marion; Guy, of the Young America; McIntosh, of the Eagle; George Tupper, of the Phoenix; S. Y. Tupper, of the Vigilant; Carson, of the Washington; Smith, of the Hope; Ferguson, of the Palmetto; Hilton, of Hook and Ladder, No. 1; and Buis, of the Stoneval. The group of portraits reflects infinite credit upon the artistic skill and taste of Mr. Barnard, the accomplished photographer of Quinby's gallery, and will doubtless be in request among our friends as an interesting souvenir of the organization of the department in 1869.

REPORTERS' CHAIRS.—The organ of Holy Communion Church is being taken down by Mr. Baker, to give room for the repairs on the building. Probably the organ will be replaced by a new one, as it is now fifty years old, having been in use (with fifty years in St. Paul's, and fifteen years in its present place).

A German's fine silver trumpet can be seen at Messrs. W. G. White & Co.'s to-day, which is to be raffled for the benefit of the male Catholic orphan of this city.

Mr. Haseltine who, in connection with Mr. Due, constructed the first velocipede seen in this city, was out on the streets yesterday on his tank nag, and exhibited it much to the delight of the East Bay merchants and others.

Another batch of prisoners will be transferred to the penitentiary to-day.

A new student is wanted in the choir of St. John's Lutheran Church. Application may be made at the church on Saturday evening.

The semi-annual examination of the students of the Charleston College began yesterday in the president's room. The junior class was examined and exhibited proficiency in their studies. The examinations will be continued from day to day at 9 o'clock until Thursday.

A male young journalist, who is also a limb of the law, was exhibiting his dexterity as a velocipedist on East Bay yesterday afternoon to the intense edification of open-mouthed young Africa. An unfortunate car wheel fell in the way of his flying bicycle was ineffectually crashed.

MASONIC LECTURE.—A large number of the Masonic Fraternity assembled last evening at Masonic Hall, where it had been announced a lecture would be delivered on the principles of Masonry, by Brother N. Levin, P. M. of Friendship Lodge, No. 9.

After referring to the various opinions of Masonic writers relating to the antiquity of the order, and demonstrating some of them as cited in biblical texts, from the earliest history of creation, the lecturer proceeded to decant upon the three great beliefs of a Mason's profession, "Brotherly Love, Belief and Truth," and illustrated these Masonic principles in a forcible and eloquent style. The following extract from the lecture will commend itself not only to the consideration of the members of the craft, but to all men:

No Masonic community can prosper that allows its poor to suffer from the effects of disease, it is our duty as Masons to reclaim the idle, not destroy them. It is, we repeat, our duty as Masons to reform the erring, and to enlighten the ignorant, to strengthen the feeble and to sustain those who totter and fall without hope.

Masonic relief has no charity in it that does not look with indulgent eyes upon the infirmities of our nature. It is the weak, and not the strong, that we must uphold; it is the virtuous we must reclaim, not the virtuous.

True Masonic charity teaches us never to rebuke writers who suffer from their errors of opinion, but to demonstrate to them the error as cited in biblical texts, from the earliest history of creation, the lecturer proceeded to decant upon the three great beliefs of a Mason's profession, "Brotherly Love, Belief and Truth," and illustrated these Masonic principles in a forcible and eloquent style. The following extract from the lecture will commend itself not only to the consideration of the members of the craft, but to all men:

AYER'S CHERRY PECTORAL, For Diseases of the Throat and Lungs, such as Coughs, Cold, Whooping Cough, Bronchitis, Asthma and Consumption. PROBABLY NEVER BEFORE IN THE WHOLE history of medicine has anything so widely and so deeply upon the confidence of mankind as this excellent remedy for the pulmonary complaint. Through a long series of years, and among most of the races of men, it has risen higher and higher in its estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, which is known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for independent consumption, and the dangerous affection of the throat and lungs. As a preventive against sudden attacks of croup, it should be kept on hand in every family, and in fact, as all are sometimes subject to colds and coughs, all should be provided with this antidote for them. Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled have been completely cured, and the patient restored to sound health by the Cherry Pectoral. No complaint is so distressing or the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they are subdued and disappear. SINGERS AND PUBLIC SPEAKERS find great protection from it. ASTHMA is always relieved and often wholly cured by it. BRONCHITIS is generally cured by taking the CHERRY PECTORAL in small quantities, four or five times a day. It is virtually known that we need not purchase the certificates of them here, or do more than assure the public that its qualities are fully unattested.
