

THE DAILY NEWS.

Largest Circulation—THE DAILY NEWS BEING THE NEWSPAPER OFFICIALLY CIRCULATED AS HAVING THE LARGEST CIRCULATION IN THE CITY OF CHARLESTON.

THE DAILY NEWS will be served to subscribers in the city at six dollars a year in advance, or at fifteen cents a week, payable to the carriers.

LOCAL MATTERS.

THE AUCTION SALES THIS DAY.

R. M. MARSHALL & BROTHER will sell at quarter-past 10 o'clock, in front of their office, Broad-street, horses, mules, &c.

MEETINGS THIS DAY.

South Carolina Lodge, at 7 P. M. M. A. and F. A., at half-past 7 P. M.

ADVERTISEMENTS FOR THE NEWS

dropped into the iron advertising box at the corner of Hayne and Meeting streets, before 11 o'clock P. M., will appear on the following morning with as much certainty as if they were left at the office.

JOB PRINTING AT THE NEWS OFFICE.

For the accommodation of our friends and the public, we have just established, in connection with our business, a Job Printing Office, where we are now prepared to execute all kinds of job printing with cheapness, accuracy and dispatch.

HOME INSURANCE COMPANY.

The subscription books of this new company are still open. A large amount was subscribed yesterday.

PROTOS.

The health officer of the port, Dr. Lobby, calls the attention of the pilots to the extracts from the quarantine laws published in another column.

ACKNOWLEDGMENT.

The thanks of THE NEWS are tendered to Captain Read and Purser Strobel, of the steamer Liberty, for their kind remembrance, so acceptably and delicately manifested.

THE STATE COURT—HON. R. B. CARPENTER, PRESIDING.

No business of a public nature was transacted yesterday, the court being engaged to a late hour in hearing argument in causes on the docket.

REAL ESTATE SALE.

The following sale was made yesterday, by A. C. McGillivray, auctioneer: A tract of two hundred acres land on Wadmalaw Island, butting on the Sound, for \$3000; one-third cash, balance in one and two years.

CHAMBER OF COMMERCE.

We have received a new pamphlet, printed at the Courier Job Office, containing the rules of the Chamber of Commerce, with the tariff of commissions and other regulations, adopted by the Chamber of Commerce, and members, and an index of the awards made under its sanction March, 1868. This pamphlet is published, we believe, by authority of the Chamber.

THE SCHOONER MONTREUX.

This fine schooner, which came into this port some time since in a distressed condition, bound with a cargo of molasses from New Orleans for New York, after undergoing complete repairs and taking on board her cargo, was cleared yesterday by her agents, Messrs. J. A. Enlow & Co., for her port of destination. The Montreux now presents a fine appearance, and reflects much credit upon those who had a hand in fitting her out. Captain Kendon should be much pleased with his tidy craft, and we wish him a speedy and prosperous voyage.

THE UNITED STATES COURT, MARCH 23.

HON. GEORGE S. BRYAN, PRESIDING.—The Judge approved of E. H. Wardlaw as assignee of J. M. Van Diver, of Abbeville, and Henry S. Kerr, of same place. Tuesday further time to read schedule in voluntary bankruptcy was allowed A. W. and C. C. Thomas. The report of sale of effects of J. J. Brabham, by his assignee, F. G. Smith, was approved. The report of the registrar on the petition of B. W. Lawton, assignee, to complete purchase by bankrupt, R. Martin, was read and confirmed. The Court was occupied the balance of the day in hearing sundry libels against the steamer Volunteer, and after argument, decreed damages to libellants.

ANOTHER HOTEL.

Both of our fine hotels, the Charleston and Pavilion, are crowded from basement to attic; numbers of persons have been turned away, and have had to seek accommodation in private boarding houses, and yet the crowd of strangers does not diminish. It is very evident now that Charleston is becoming popular with the travelling public, and when the Savannah and Charleston Railroad is completed to Savannah, as will be the case in less than twelve months, three-fourths of the Florida travel will pass through this city. But we have not enough hotel accommodations, and the Mills House, one of the finest hotels in the South, has its rooms heretofore generally sealed. This is not as it should be. The Mills House can be made to pay well, and it is to the interest of the city to have it opened at once. We hope that some one will look into the matter at once, for unless Charleston is made attractive, we cannot expect to retain the large transient business which we now have. A bustling and popular man could have the Mills House open again in a very short time, and we have no doubt that it can be rented on favorable terms.

MEETING OF COUNCIL.

The regular meeting of Council was held last evening at half-past seven o'clock.

Present.—The Mayor, Aldermen Geddings, Potter, Lindstrom, Deref, Code, Olney, Honnig, Yoist, Moore, and Whitten.

A communication from J. B. Bissell, requesting a loan under the Fire Loan act. Referred to the Committee on Fire Loan.

A communication from the residents of Bull-street on the subject of a drain in said street was referred to the Committee on Streets.

A communication from Geo. S. Verone, asking a reduction of assessment on his property, was referred to the Committee on Accounts.

A communication from residents of Shepherd-street, praying that the said street be opened to travel, was referred to the Committee on Streets.

A communication from Mrs. Mahoway requesting that provision be made for the support of an inmate of the lunatic asylum, was referred to the Mayor.

A communication from Geo. S. Felzer, City Registrar, submitting mortuary and meteorological Health Department reports, was received as information.

Communication from Geo. S. Felzer, City Registrar, on the propriety of constructing drains in various portions of the city, and regularly in emptying the results the city, and suggesting other sanitary measures. First part referred to Committee on Streets, and also to Committee on Hospital.

An application from Wm. Robb, executor, for payment for piece of land taken to widen King-street, was referred to Committee on Streets.

A communication from Alonzo J. White, Esq., stating that he had learned Council was willing to treat with Mr. DeLa Torre on the subject of a right of way in Washington-street, was referred to the Committee on Ways and Means.

A communication from A. D. Edill, stating his intention to erect a wooden house in Rutledge-grove, was referred to the Committee on Brick and Wooden Buildings.

A communication from Anna D. Kaufman in relation to Reid-street and the effect of its condition on the property in the vicinity, was referred to the Committee on Streets.

A communication from the Commissioners of the Alms House, calling attention to repairs necessary in the house, and asking an appropriation of \$1000 for the purpose, was referred to the Committee on Public Buildings.

A communication from the commission of various medical men to investigate the propriety of filling certain lots in the western part of the city, was, on motion, ordered to be published with the proceedings of Council, and action delayed until the next meeting of Council.

The report of the Captain of Police for February, showing the number of fines, arrests, &c., was received as information.

The annual health report of the City Registrar for 1868 was received as information.

Sundry bills from the Board of Traders for making changes in certain engine houses were laid on the table.

The bill of E. F. Halsey was referred to the Committee on Accounts.

Sanitary bills of the Health Department were referred to the Committee on Accounts.

The bond of J. C. Campbell, Lieutenant of Police, was approved.

Aldermen Geddings, from the committee to whom the petition of Wm. Lobby and others was referred, reported it inexpedient to take any action on the said petition.

The same Alderman, from the Committee on Hospitals, in relation to removing inmates of Old Folks' Home to quarters on Pottery-st., made a verbal report favorable to the measure, which was received as information.

Aldermen Geddings, from the Committee on Ways and Means, named Z. B. Oakes, E. W. Marshall, Andrew Simonds, Alva Gage, R. B. Rodin and George A. Glover as a board of equalization. Adopted.

Alderman Olney, from the Committee on Accounts, reported favorably on sundry bills against the city, amounting to \$4,074.45. Adopted.

Alderman Whitten, from the Committee on Lighting the City, reported favorably on bill of Gas Company, amounting to \$2,268.95.

The bill to regulate the measurement and inspection of timber and lumber was postponed until the next meeting of Council.

The communication of George S. Felzer, City Registrar, on using offal on water lots, was postponed until the next meeting of Council.

Alderman Olney, from the Committee on Public Buildings, in relation to building a house, was referred to the special committee on Fire Department.

On motion of Alderman Whitten, General W. S. Martin, counsel for L. J. Barbot, Esq., was allowed to read his defence before Council.

The reading finished, Alderman Olney moved that the report of the late City Engineer be referred to the Committee on Streets, to report at the next meeting, and they be requested to employ three competent persons to re-measure the streets in question. Adopted.

Alderman Yoist moved an amendment, that Mr. Barbot be allowed to select one of the three, which was lost. Adjourned.

A JUST CLAIM.

We understand that a number of persons, in making their returns for State taxes, have included the amount of shares of stock held by them in public companies which themselves are taxed upon their whole capital. The State is not entitled to tax the same property twice, and as the returns were made under a misapprehension of the law caused by its proximity and ambiguity, the persons assessed should be allowed to withdraw their returns and substitute correct ones in their stead. This is a just claim, and we presume that the County Assessor will make no difficulty about it.

HONOR FOR THE VELOCIPEDE.

Another of these wobbling, pinneting, shin-scraper, coat-tail elevating inventions of cavorting genius, on which a man can travel in any attitude, from a perpendicular to a horizontal, at the rate of a mile a minute, reached the city yesterday, consigned to J. C. Chapin & Co., Nos. 39 and 23 Hayne-street. Crowds gathered to see the extraordinary performance of this machine, and the three-wheeled monster, but it was not until a gentleman from New York mounted the vehicle and went through the streets like the wind, that anybody believed the thing would do. The gentleman foremost pronounces it to be one of the best and most substantial he has ever tried. Our citizens can gratify their curiosity by calling at Messrs. Chapin & Co.'s store, and if they wish, can invest their greenbacks in the "last sensation."

MONUMENTAL FAIR OF THE WASHINGTON LIGHT INFANTRY.

The fair of the Washington Light Infantry, for the double purpose of increasing their charity fund and erecting a monument to their dead who fell in the late war, is destined to be the grandest event of the kind which has ever transpired in Charleston. The entire community have more or less of a personal interest in the undertaking, and it will, therefore, receive a warm support on all hands. The hall has already been engaged, and arrangements are on foot to decorate it to the most splendid manner. The ladies will put every garden under contribution for flowers, and with their tact and skill and pleasant faces, to say nothing of vulgar pecuniary help from mac-killiee pots, they will make a lady see beside which "Whitman's great fifteen thousand dollar transformation" would appear "of the earth, earthy."

CLUBS AND STARS.—But few cases were on the docket yesterday before the Mayor.

Charles Charleston, colored, arrested for stealing books from Mr. Seabrook's house, was turned over to a magistrate.

M. McBride, white, drunk and unable to take care of himself. Fined \$5.

Ben Lockwood, colored, arrested for stealing an overcoat from Mr. T. L. Bissell, No. 123 Calhoun-street. Turned over to a magistrate.

Elizabeth Middleton, colored, stealing clothing from the residence of J. C. Rutledge, No. 62 American-street. Committed to jail on magistrate's warrant.

A fight occurred in Smith-street on Saturday night last, when Green, colored, struck Brown, colored, on the head with a slung-shot, inflicting several severe wounds. Green is a well known one arm fellow, and was committed to jail yesterday.

Isaac Boyd, colored, was arrested yesterday by Officer Levy for stealing hats from the steamship Magnolia.

John Henry, colored, was arrested by Officer Nigson for stealing cloth from John Livingston.

A saddle and bridle belonging to F. Kressell, Jr., was recovered yesterday by the detective.

Wm. Lee, colored, was arrested by Officer J. N. Youngblood, Williston; L. H. Pitt, Beaufort.

ANOTHER KU-KLUX-KILLING ANNOUNCED.

Forney's Washington Chronicle, of Monday, has the following:

P. J. O'Connell, a member of the South Carolina Legislature, telegraphs to Hon. A. S. Waller, claiming to be in Congress in the Fourth District of that State, that his father was shot in the street on Saturday, at Fort Mill, in York County. The murder is attributed to "politic" motives. The murderer was, of course, allowed to escape.

No particulars of the alleged murder have yet reached us; but we venture to say that the statement, as far, at least, as its political aspect is concerned, will turn out to be a pure invention.

THE BELL RINGERS.

The Peak and Berger families of bell ringers have the greatest combination of musical attractions that has ever been brought to Charleston. The bells, though beautiful as well as wonderful, form but a small portion of their programme. The troupe consists of fourteen performers, all of whom play on the bells, and each of whom has a separate specialty. Their performances on their harps, cornets and violins must be heard to be appreciated, and their vocal powers are rare and charming. Their first performance will be given at Bibbiana Hall to-night. Seats should be secured early, as the bell ringers always draw crowded houses.

REPORTERS' CAMPAIGN.

The repairs mentioned in THE NEWS some time ago, contemplated in the Guard-house, have been completed. The main room is divided by a partition, and the sergeant's office has been raised off outside of the Mayor's room, making it convenient and accessible. With the general doing up of the building the premises present a very improved appearance.

The spring weather is drawing a number of visitors to the battery, which by the way needs some repairs on the walk where the water settles after rain.

The division of the county into townships will shortly begin, according to the maps lately before the Legislature.

There was a paper read before Council last evening, which is a literary curiosity. It refers to hygienic matters.

The Promptitude Colored Fire Company paraded yesterday, the occasion of the anniversary, presenting a respectable appearance.

There is a gem of a picture at Russell's, King-street, representing the Virgin and Child, done by Mr. Caradue, of Aiken, S. C., which has elicited the most favorable criticism.

Mr. John B. Shook, of the Barwell Journal, is at the Pavilion Hotel.

Still another lot of prisoners were sent off to the penitentiary yesterday. The jail is now nearly empty, but was reinforced by four recruits yesterday.

The City Registrar's report for last week shows a total of only twelve deaths—five whites and seven blacks.

R. M. Marshall & Brother yesterday sold at auction, twenty shares Union Bank stock at \$25, and ten shares at \$8.50.

BUSINESS NOTICES.

Boots and Shoes.—Messrs. Lyons & Murray have an attractive advertisement in another column of this morning's News. They offer every variety of boots and shoes at moderate prices, at their establishment, No. 78 Market-street.

CANARIES.—A rare opportunity is now afforded to fanciers of singing birds to supply themselves with fine canaries at very moderate prices. See advertisement of J. Carlsen, in another column.

Something new in the Gas Globe Line.—P. L. Guillemet, at his store in Church-street, near Market, has now on exhibition a new and beautiful design in the gas globe line, known as the Parisian Globe. It is shaped like a vase, and has a Maltese cross cut in the side. This pattern is exactly similar to those used in the European cities, especially in Paris. It combines beauty, finish and utility, and is worth an inspection. Mr. Guillemet will be pleased to explain and show it to those who will call on him.

L. E. CORDRAY & CO.'S SASH AND BLIND FACTORY.—This complete establishment, located at No. 2 Prichard-street, opposite J. F. Taylor & Co.'s extensive machine shops, is constantly supplied with sashes, glazed and unglazed, sash doors, hot house shades, moulings, &c., which are also made in a highly workmanlike manner, and at a reasonably short notice. The proprietors are well known and experienced mechanics, and are peculiarly skillful in their line. Promptness, energy and first-class work are the characteristics of their concern.

Hepatic Bitters.

AYER'S CHERRY PECTORAL, For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma and Consumption.

PROBABLY NEVER BEFORE IN THE HISTORY of medicine has anything won so widely and so deeply upon the confidence of mankind as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease, and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affection of the throat commonly complained of by persons of advanced age. It should be kept on hand in every family, and indeed, as all are sometimes subject to colds and coughs, all should be provided with this medicine for their own use.

Although settled CONSUMPTION is thought incurable, still great numbers of cases where the disease seemed hopeless have been completely cured, and the patient restored to sound health by the CHERRY PECTORAL. So complete is its mastery over the disorganizing action of Phthisis, that the most obdurate of them yield to it. When a notable case could be provided with this medicine for their own use, and side and disappear.

ASTHMA is always relieved and often wholly cured by this medicine.

BRONCHITIS is generally cured by taking the CHERRY PECTORAL in small and frequent doses.

So generally are its virtues known, that we need not publish the certificate of their cure, or do more than assure the public that its qualities are fully maintained.

Ayer's Cathartic Pills, FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

Are so composed that disease within the range of their action can only be formed or cured. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting the diseased action, and restoring the system to health. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health restored by a remedy at once so simple and so mild.

Not only do they cure the every-day complaints of every body, but they may be resorted to in the most dangerous cases. The agent below named is cleared of his health by Ayer's Cathartic Pills, and is now able to perform his duties as a physician with confidence.
