

THE DAILY NEWS.

What's My Love Like? Tell me—what's my love like? A fly of the May. That does not stir the kissing fun. Yes, and no; Fond is she, and coy is he. She is more than this to me, So, no lily shall she be.

Working for Nothing and Not Found—Clerks Classified—How they Live. The New York correspondent of the Troy Times thus writes concerning the merchants' clerks of this city:

THEY ARE ALL PAID. In the great shipping and commercial houses no salary is paid. The clerks, and sometimes they may continue in service several years at the same rate. The employers are overrun with applications from rich men who desire their sons to learn the shipping business. They are not allowed to go to school during the day, but are sent to school in the evening. The writer of this, many years ago, had an ambition to get into a South-street shipping house, and offered to serve in the office. This liberal offer was declined, and he got into better business. We met a noble looking youth recently who has the favor of serving in one of these houses on the same terms. He is offered about \$1000 per year, and his relatives are "put to it" to raise the funds; but such is their ambition that they will strain every nerve to maintain his position. If he is a very bright fellow, he will in course of four or five years be able to support himself; but as to rising to the dignity of a South-street merchant, not one in a hundred can do it. In dry goods jobbing concerns \$100 per year is the average salary. In some cases \$200. By the term "beginners" we mean boys who wish to learn the business. These must expect to work at starvation prices, and take their first chances of promotion, which may never occur.

DIFFERENT CLASSES OF CLERKS. These may be summed up as cash boys, errand boys, salesmen, shop walkers, cashiers, cloth measurers, &c., all of which are found in retail trade. The most important of these is the shop walker. He is of fine appearance and elegantly dressed. He stands at the entrance to greet the customers with gracious smiles, and to escort them to the different departments which they wish to examine. If any one wishes to note an example of overdone politeness, and good manners running into extravagance, let him look at some of the walkers in our fashionable stores. In the wholesale trade, there are entry clerks, shipping clerks, corresponding clerks, customer boys, receiving clerks, salesmen on commission, clerks and bookkeepers. To these are to be added the various clerks in the dry goods stores. It is not to record, but which are so extensive that we may estimate the number of clerks in New York at about one hundred thousand, one-tenth of whom may be found on Broadway.

BROADWAY CLERKS LIVE. Some of the Broadway houses have from one hundred to three hundred clerks. The salaries of these young men range from one hundred to one thousand dollars—about \$200 per week, a figure ranging from two to four thousand dollars. But on the moderate rates first mentioned they are expected to dress well and keep up a good appearance. They must be at their post at 6 o'clock, and every excuse for illness. They are kept on their feet all day, having just spare time at noon for a hasty lunch, and by 7 in the evening they are ready as a rule for retelling goods. It is an incessant talking and hard work, the busy season wholesale clerks are often kept at work until midnight, without allowance for extra services, and when trade falls off they are liable to immediate discharge. With the exception of errand boys who influence trade, no clerk is sure of his situation for a week ahead. The "drummers" who hang around hotels and bring in customers, are "van better" chances than in-door men, but their dring is a killing business, and hence they are not to be despised. Merchants care nothing for their clerks, except as tools to make money with, and every unexpected outlay is met, if possible, by cutting down their pay. A merchant who is making twenty-five thousand dollars per year and living in handsome style will gladly reduce his clerk to the lowest rate, and will clear lives at cheap boarding-houses, and finds it hard to meet even this outlay. No luxuries are within their reach unless he obtains the means by fraud, and to this he is soon tempted. He finds amusement in the street, and in the shops up for the loss of home associations. To meet the cost of pleasure he robs his employer, turns a brief career of misadventure, and either is saved by flight or winds up in the penitentiary. Such is the life of a clerk in a majority of our clerks; and yet the country boy reads the facts is just the one to determine to try his chance, and we shall probably meet him here in his new suit and best goods in less than a fortnight. So many of our dear grown-ups to roam the streets, a unit in the grand army of the miserables who serve the salaried of trade.

Drugs, Chemicals, Etc. DR. O. S. PROPHITT'S FAMILY MEDICINES, CONSISTING OF HIS CELEBRATED LIVER MEDICINE, ANODYNE PAIN KILL IT, ANTIBILIOUS PILLS, AGUE PILLS, Dysentery Cordial, Female Tonic AND PURIFYING PILLS. THE EXCELLENT REMEDIES OF O. S. PROPHITT, M. D., need no recommendation. Their well known power in removing the disease peculiar to our Southern climate having already established for them an enviable reputation in Georgia and the adjoining States. As the majority of persons living in the South are predisposed to disease of the Liver, it is granted by all intelligent physicians that most of the pains and aches of our people are due to organic or functional derangement of this important organ. Prophitt's Liver Medicine and Antibilious Pills strike directly at the root of the evil. They cure the Liver, which in nine cases out of ten, Sick Headache, Rheumatism, Constipation, Malaria, Eructa, Flatulency, Acute Rheumatism, Sciatic Obstructions, &c., so in nine cases out of ten, Rheumatism and bodily pains of every kind lie before Prophitt's Pain Kill It. PROPHITT'S PAIN KILL IT. PROPHITT'S LIVER MEDICINE. Dr. Prophitt—Having used this medicine sufficiently to test its value, and to satisfy my mind that it is an invaluable remedy for Dyspepsia—a disease from which the writer has suffered much for six years—and being almost instantly and permanently benefited, as he has been, by its use, we deem it a duty we owe to the unfortunate class to whom it is recommended to give our testimony, which has given not only himself but several members of his family the greatest relief. M. W. ARNOLD, of the Georgia Conference. DOWDY CORNIT, GA., July 9, 1867. This is to certify that I was confined to the house, and most of the time to my bed, and suffering the greatest agony imaginable with Rheumatism, for five months, and after trying every available remedy with no relief, I was cured with two bottles of Dr. O. S. Prophitt's Anodyne Pain Kill It, each costing fifty cents only; it relieved me almost instantly; I therefore recommend it in the highest degree to others suffering from similar disease. I can say that it is one of the best family medicines now out, certain. Yours truly, W. A. FORDMAN. CONYNGTON, GA., July 9, 1867. Dr. Prophitt—Having used your Liver Medicine for a year in my family, I cheerfully recommend it to all persons suffering from Liver affections, Dyspepsia or Indigestion in any form. I also recommend your Dysentery Cordial as the best remedy for that disease. O. T. ROBERTS. SPANFORDVILLE, PUTNAM COUNTY, Oct. 1, 1867. Dr. O. S. Prophitt—This is to certify that I have used your Anodyne Pills for the last ten years, and I have never failed to cure the Ague in a single instance with them. They always break the Ague the first day that they are given. I can recommend them as being the best medicine that I have ever found, and they leave no bad effects. Blessing them, as Quinine, &c. Yours respectfully, A. WESTBROOK. PUTNAM COUNTY, GA., September 22, 1868. Dr. O. S. Prophitt—I have used for the last two years in my family your Liver Medicine, your Pain Kill It, and your Female Tonic, and I can say that they are the best medicines I have ever used for the Liver and Stomach. Neurogia and Rheumatic affections, Headache, Colic, and pains of every kind are subdued by them. After using the medicines so long, I cheerfully recommend them to any and every one, and to all that are afflicted, as the best and safest remedies for all the diseases for which they are recommended. Yours respectfully, JAMES WRIGHT. DR. PROPHITT'S FEMALE TONIC. This medicine, with its associates, is a safe and certain remedy for all curable diseases to which Females are liable. It is also an excellent preventive of Nervous Biliousness, or Nervous Disease in either male or female. It is a powerful Nutrient Tonic, setting up a full and free circulation throughout the system. All of the above Medicines sold by Druggists and Merchants generally throughout the South.

AYER'S SARSAPARILLA, FOR PURIFYING THE BLOOD. THE REPUTATION of this excellent medicine, as a purifier of the blood, is derived from its cures, many of which are truly marvelous. Inevitable eruptions of the skin, such as Scrofula, Syphilis, &c., are cured by it. Scrofulous affections and disorders which were aggravated by the scrofulous contamination until they were beyond remedy, are cured by it. Scrofulous poison is one of the most destructive enemies of our race. Often this unseen and silent tenant of the organism undermines the constitution, and invites the attack of embolism or fatal disease. Often, this slow and insidious poison, again, it seems to spread infection through the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or foul ulcers on some part of the body. Hence the occasional use of a bottle of this SARSAPARILLA is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure by the use of this SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ring Worm, sore Eyes, Sore Ears, and other eruptions of the skin. It is the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various chronic affections of the muscular and nervous systems. Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate malads by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhoea or Whites, Ulcerations and Fungoid Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case will be sent on application, supplied gratis. AYER'S SARSAPARILLA, FOR PURIFYING THE BLOOD. THE REPUTATION of this excellent medicine, as a purifier of the blood, is derived from its cures, many of which are truly marvelous. Inevitable eruptions of the skin, such as Scrofula, Syphilis, &c., are cured by it. Scrofulous affections and disorders which were aggravated by the scrofulous contamination until they were beyond remedy, are cured by it. Scrofulous poison is one of the most destructive enemies of our race. Often this unseen and silent tenant of the organism undermines the constitution, and invites the attack of embolism or fatal disease. Often, this slow and insidious poison, again, it seems to spread infection through the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or foul ulcers on some part of the body. Hence the occasional use of a bottle of this SARSAPARILLA is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure by the use of this SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ring Worm, sore Eyes, Sore Ears, and other eruptions of the skin. It is the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various chronic affections of the muscular and nervous systems. Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate malads by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhoea or Whites, Ulcerations and Fungoid Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case will be sent on application, supplied gratis.
