### LOCAL MATTERS. CHEAP ADVERTISING.

CHARLESTON NEWS, the circulation of which is about twice as large as that of any other paper published in South Carolina, is the best advertising medium for all business men. For persons who want situ tions or servants; who want houses or spartments, or have them to rent: who want or who offer board and lodging; who have lost or found articles of value, THE NEWS has no equal; and in order that all classes may have their wants supplied, we have adopted the following scale of CHEAP ADVEE-TISEMESTS, payment for which must invariably be made when the order is given:

Advertisements of situations wanted by or offered to clerks, governesses, tutors, workmen, mechanics, house-servanta, porters, shopboys, cooks and washers; board and lodging wanted or offered; apartments wanted or to let; articles lost or found; houses, shops, offices and warehouses wanted or to let, and miscella-

neous wants of all kinds. For each insertion of advertisements of the classes specified :

All advertisements to be inserted at these rates must be prepaid and delivered at THE NEWS office by 9 P. M. MEETINGS THIS DAY.

Yesterday Henry and John Sanders, colored, were arrested for trying to dispose of cattle, which are believed to be the indentical ones stolen from Captain Lathe suspected thieves were com to jail by Magistrats Mackey.

THE RATEBOAD EMBROGLIO. -Judge Andrews. of Augusta, has, upon the motion of the counsel of the South Carolina Bailroad Company, the Georgia Bailroad Company and the Augusta and Summerville Bailroad Company, granted a writ of prohibition, restraining Justices Maher and Ells from exercising jurisdiction in the case of Wm. J. Vason, who had claimed that the roads, in passing through Washington-street, were a public puisance. The case was to have been heard yesterday morning.

THE GALETTE for this w

BAILBOAD STATION INDICATOR. -- One of these handy and interesting machines was shown to us yesterday by General W. S. Walker, the agent and part proprietor. It is a clock of fine quality, the hour hand of which points out the hour of arrival at the different stations on the line of railroad upon which it is used. By it the traveller sees the time of day, the last station passed, and the time when the train is due at the next station. It will be put in use at once on the South Carolina Railroad and the Northeastern Bailroad, and as it will be constantly before the eyes of all the persons in the trains, the advertising space around the dial, which is for sale, should be very valuable. The indicator was invented by Mr. E. B. Marshall, of Atlanta, and is owned exclusively by

Southern men.

Under the experienced management of Mr. Budds, the late propriator, the Gazette had attained a wide circulation and greater measure of prosperity than usually falls to the lot of weekly papers in the South. CHARLESTON AND THE GRAIN BUSINES". - The Baltimore Sun says :

The St. Louis movement to reach the ses-board by the way of the Mississippi River has already produced one good result. We have heard of various efforts at Chicago for reduc-ing the exorbitant charges on handling and forwarding grain. and now comes the an-nouncement from Buffalo of the dissolution of the union among the elevators there, and a great reduction of rates.

Charleston may find an explanation of the Port Boyal movement against her in the desire of the Great West to get to the markets of the world without unnecessary expense. Query: depots be located at the Four Mile House, or on tidewater?

AN IMPORTANT DECISION .- The case of Mr. W. Y. Leitch, of this city, against Collector A. G. Mackey, was compromised yesterday by the payment to Mr. Leitch by hir. Mackey of \$1000. The claim was for the share of the forfeited cargo of the schooner Aid, due Mr. Leitch as Surveyor of the Port at the time of the forfeiture. It was resisted by Collector Mackey on the ground that, although Mr. Leitch did act as surveyor under the appointment of the President and Secretary of the asury for more than eighteen months, he Treasury for more than on oath and was not entitled to a share of the forfeiture. By compromising the claim Collector Mackey apparoutly recognizes the fact that Mr. Leitch, as a emoluments of his office.
