To our Friends in the Country.

The strides hich THE NEWS has made in circulation, especially in the country, within the last twelve months, encourage us to redouble our efforts to make it such a paper as everybody wants to read, and a visitor which shall be welcomed in every household in the State. There is no good reason why a live Charleston newspaper, which keeps pace with the progress and spirit of the day, and is published at a price which places it within the reach of all, should not, with proper mail facilities, attain a circulation of Thirty Thousand copies; and we can promise that no exertions or enterprise shall be wanting on our part to make the regular edition of this journal ap-

As a peculiarly attractive inducement to the planters of the State to become subscribers to THE NEWS before the expiration of the present year, we have arranged with Messrs. Walker, Brans & Cogswell, the publishers of the "Rural Carolinian," to supply that new and superb agricultural magazine, together with THE NEWS, at the following very low rates:

THE DAILY NEWS and the "Rural Carolinian, one year, for six dollars and fifty cents, THE TRI-WEEKLY NEWS and the "Rural Caroli-

nian." one year, for four dollars. Subscriptions to the two publications may be ent either to the proprietors of THE NEWS, or to the proprietors of the "Rural Carolinian." But parties desiring to avail themselves of this offer must do so before the first of January next, as the arrangement will not be extended beyond that period.

When these rates are contrasted with those of the Charleston papers before the war, when the yearly price of a daily was ten dollars, and of a tri-weekly five dollars, in gold, or its equivalent, we think we may fairly claim that THE NEWS has labored to some purpose in the diffusion of intelligence among the people at prices suited to the changed aspect of the times. changed aspect of the times.

MEETING OF COUNCIL.

Preparations for the Trial of Messrs. C. N. Averill and P. C. Guerry To-Night.

There was an extra session of Council held last evening, at which were present the Mayor, Aldermen Barrow, Cunningham, Collins, T. J. Mackey, Greene, Volgt, white; Brown, L. F. and E. P. Wall, followay, colored.

The Mayor called the meeting to order at a quarter of 8 o'clock. Alderman Mackey, chairman ... the select committee appointed to investige the administra-

tion and records of the Harbon and ter's department, reported that the records were well kep and the duties of the office faithfully discharged, and recommended that the assistant he employed at his own expense be paid by the city, as the office of Harbormaster was not only self-sustaining, but returned a net revenue to the city of \$8000 per annum. In conclusion, the committee submitted a resolution providing that the Harbor master be empowered to employ an assistant at a salary of \$1000 per annum.

The report, on motion of Alderman Greene, ccepted, and, on motion of Alderman Wall, the resolution was adopted.

Alderman Mackey stated that the object of the meeting was to adopt rules to govern the proceedings of Council in the trial of Messrs. Averill and Guerry, which would commence to-night He then submitted some rules, which the clerk commenced to read.

Alderman Mackey interrupted the reading t move that a committee of three be appointed to report rules and regulations for the impending trial, saying: We have all, Mr. Mayor, enjoyed the privilege of being tried ourselves, but we have never had the pleasure of trying Democrats before, and as it is such a novel thing with us, we the said schooner, returnable on Thursday next. had better proceed with all the formalities.

The motion was carried, and the Mayor an nounced as the committee, Aldermen Mackey, Voist and L. F. Wall.

Alderman Mackey moved that Council take a recess of five minutes, in order to give the committee time to prepare a report. The motion was carried, and the committee re

tired to the Mayor's office. While the committee was out the Aldermen who were lounging about the Council Chamber, were individually invited to takera sherry cobbler; each one accepted and retired to the Mayor's

After an absence of about five minutes, the ommittee returned to the Council Chamber and Council was called to order. The committe then reported the following:

Alderman Mackey presented a bill to regulate the inspection and storage of inflammable oils, and to provide for an inspector of the same, and asked for its first reading. Which was granted. Alderman E. P. Wall, colored, sarcastically Did the Alderman include among his inflammable

oils the inflammable gases also? Alderman Mackey. I would have included em, but the gentleman had Alderman Mackey moved that the bill be read

the second time by its title. Alderman Wall, colored, said that the title of the bill was not full enough, as it did not include inflammable gases, especially now as Council had

become considerable of a gusometer. Alderman Mackey said that as there seemed to

be considerable vexation about the bill, he would move its immediate passage, as it would undoubtedly be pouring oil upon the troubled waters. After some discussion the motion for the second reading was rejected, and the bill was ordered to

be printed. Alderman L. F. Wall moved that the Council ad-The motion was carried, and Council adjourned until 7 P. M. to-day.

AN INTERESTING PAPER.-Few papers published The serial stories published in its columns are written by the best American and English authors; the fun is furnished by Josh Billings and Doesticks: the short stories, sketches and departments are always readable, and the illustrations are invariably fine specimens of art. The present is a good time to subscribe for the New York Weekly, as by reference to the advertisement in another column it will be seen that the "Boy Whaler, or the Young Rovers," by Leon Lewis,

TROUBLE AT THE GUARDHOUSE-BOTH DEMO-CRATS AND RADICALS OBJECT TO THE APPOINTMENT OF NEGRO ROUNDSMEN .- Night before last the Chief of Police received orders from the Mayor to dis charge Roun-temen Geo. W. Scott and M. Hastings, and Private John Smith from the police force-all three of whom are Democrats. They were discharged and three negroes, members of the night force and named as follows, were appointed to fill their places: Thomas Bamfield and F. C. Desverney, roundsmen; and John Simmons,

The appointment of these negroes to the important position of roundsmen created a great J. J. Nettles, South Carolina; S. H. Rogers and o'clock a squad of armed men were sent to Adger's wharf, under the command of one of these negro roundsmen. Mr. J. C. Wescott, a Democrat, was ordered to go with the squad, but re-fused, saying that he would not be placed under the command of a negro. He then resigned.

The white Radical policemen, who, like their leaders, have boasted so much about negro equality, were as much disgusted at the appointments as the Democrats. They "fumed and fretted" for a while, and then, as we learn, a committee of them called upon the Mayor to know whether the appointments could not be revoked. The reason of this disgust is (as asserted by some | fort; S. G. Marshall, - New York; H. F. Emory of the members) because they have to salute the roundsmen whenever they are met.

These discharges are ordered by the Mayor in conformity with his promise to the committee of the Loyal League, who were recently sent by that members of the police force. The men who have been discharged are said to be among the best officers of the force. No reason was assigned for him. He was informed that there was no fault which the Mayor refused, stating that he was
