-There is much comment upon the indifference with which the administration treats the recent | ing town, whose business is said to be better of Butterfield with the Gould-Corbin "corner" in New York. People ask, with good reason, why the Sub-Treasurer, accused of such grave charges, is permitted to hold on to his poon for weeks after the development of the damning facts of the affair. Uncharitable persons will shortly suspect that there are reason not at all creditable to the government for this bound over on the part of the State. This loose way of treating a serious matter.

-A number of Jewish rabbis from the principal ities of the Union are in conference in Philadeiphia on the subject of reform in the Hebrew Church. They adopted resolutions abolishing the use of prayers in the Hebrew tongue as unintelligible to the masses; disclaiming the doctrine of bodily resurrection or the removal of the Jewish state by a segregation from all other nations, and declaring the Aaronic priesthood and the Mosaic sacrificial worship to have been merely preparatory steps to Israel's national priesthood, and fore things of the past, to be mentioned in prayer only in their educational capacity and not to be practiced.

It is reported, on alleged good anthority, that a large number of clergymen of the English Estabilshed Church have signed a petition to the menical Council, praying "That, should the decision of the council be un'avorable (as the petitioners bel'eve it not improbable it will be) to the validity of the Anglican orders, the petition- time the columns have been le athened.

nistry of the English Church through religious motives should be received into the Church, ordained as priests, employed as such, and allowed, if married, to continue so until the death of their present wives; those married not to be employed as confessors."

-The correspondent of the London Post writes

as follows from Rome concerning the expected action of the Council: "The dogmatic definition of the Assumption of the Virgin Mary will encounter no obstacle. The Pope earnestly desires the consolidation of the dogmas. The erection into a dogma of the necessity of the temporal power is not considered possible by its most ardent champions. The foundation and preserva tion of that power do not afford the elements of a dogma, and belief in its necessity is not even proxima fidel, but only of high importance. Probably the protests of 1862 and 1867 will be received. It is suggested that the liberal bishops will advise that terms be made with the Kingdon of Italy, so that all appointments, Popedom, may be conferred without the destruction of nationality; but such a change of policy, although desirable, is improbable at present, and must be left to time and the force of wants. The Council does not have the initiative with respect to the Syllabus. It would be absurd to think that the Syllabus will be abrogated. It is more probable that the bishops will be asked to sanction it by open and unanimous adhesion, and to explain such portions as are obscurely worded or erroneously interpreted. Beyond these points, the Council will only be occupied with questions of internal discipline, such as reform missions, the reunion of schismatics and heretics with the church, modifications of the religious orders, the amelioration of instruclons to the clergy, and the adaptation of the udicial power of bishops to the condition of society. It is important to observe that the initiative in everything belongs to the Pope alone. As the Roman Catholic hierarchy is strongly and judiciously constituted, it is improbable that any serious opposition will be manifested.

An Appeal to our Citizens.

The shivering season comes on apace, and all the signs foretell a winter of unusual severity. The condition of the numerous destitute families in our community is already truly pitiable, and intense suffering can only be averted by the prompt help of all the charitable. We have already an association of ladies known as the Fuel Society, whose earnest and discriminating efforts have done wonders during past winters in the alleviation of distress. But their funds are now exhausted, and, without assistance, they will be unable to discribute fuel this month, even in the most urgent cases of need. They therefore appeal to the generosity of the citizens-to the hundreds who have been blessed by a prosperous business this fallfor the required help. It will not do to delay. Let each merchant, as he enters his cosy counting-room this morning, think of the suffering women and little children of the city, and at once do something, be it ever so little, in aid of the Ladies' Fuel Society. Any contributions in money or orders for fuel, large or small, that may be sent to THE NEWS office, will be promptly acknowledged and placed at the disposal of the Society.

State Monumental Association.

The women of South Carolina are earnestly invited to unite with their sisters of Richand District in the formation of a State Monumental Association, whose pious duty it shall be to erect an enduring monument to the memory of the gallant Southern men who died in the service of the Confederacy. girded on the knightly sword, who cheered the faint-hearted, solaced the weary and mourned the dead, should with holy care give fit expression to the loves and regrets of our people. The men who passed through the Valley of Shadows, and yet live, find tacked by persons lying in wait and brutally stone, iron, or sculptured tablet. To the stone, iron, or sculptured tablet. in the hard battle for existence no room women, who garner up in their hearts the rememberance of all that was lost and all that is won, is remitted the sacred task. And what may we do to aid them? We who stood shoulder to shoulder with the old men ranks of war; who knew with them the maddening joy of victory and the anguish of defeat; who returned to ruined hearths and desolated homes when all that was mortal in our cause sank from sight for ever-we must give to our women now no grudging help or lukewarm aid. In their breasts are enshrined the memories of every child of the Palmetto State who poured out his blood in our defence. The women alone are indomitable and undismayed. They are true and firm, however all else change. And they appeal to a chord which still vibrates, though slowly, in the hearts of every Southern soldier when they ask for encouragement and support. Of the women we have no fear. Their name, their race, their record, are the hostages of their behavior now. They who have not failed the living, will not fail the dead.

All who sympathise with the women of Richland in their noble endeavor, are requested to meet in Columbia to-morrow to form the Monumental Association of the State.

AT THE adjourned railroad meeting, held at Lancaster Courthouse on Monday, the action of the Camden Convention was approved of, a vote was ordered to be taken on the question of subscribing \$200,000 by the county to the Wateree and North Carolina at this time to engage in a railroad project from Laneaster to Georgetown.

THE Orangeburg News gives a glowing acaccount of the rapid recovery of that thrivnow than ever before, despite the disorganization and demoralization of labor, and the heavy losses sustained by the farmers.

IN A CASE of assault and battery lately tried at Laurensville, sixty witnesses were case will cost the State one thousand dollars-according to the estimate of the Herald. This is Radical economy.

THE arrangements for the State Fair in Columbia are about completed, and a goodly gathering of visitors and exhibitors is expected. Colonel, Aiken, the secretary and creasurer, is in Columbia, and has his office on the Fair grounds.

WE ARE pleased to see that our correspondent is able to give so good an account of the discipline and system of tweling in the Howard school for colored children at Columbia.

THE Union Times Bagain e rge Tais

A RADICAL paper published a statement that the Rev. Samuel Johnson, of Columbia, "was preaching on the farm of Dr. G. "C. Wright, near Allen's Ford, in Laurens "County, when three white men rode up and "fired from twenty-five to thirty shots among the congregation. The name of one of the 'assailants is Philip Coon, who resides in

"that vicinity." The Laurensville Herald says (1) there is no such place as Allen's Ford in Laurens County; (2) there is no such man as Dr. G. C. Wright in the county; (3) there is no man named Coon in the county; (4) the Rev. Samuel Johnson has not yet been found. This may be termed a Radical lie, or lying by wholesale.

Mr. HORACE GREELEY, the Republican candidate for Comptroller of New York, ran ahead of his ticket in the city, and behind his ticket in the country districts, while his whole vote was less than that of General Sigel, the candidate for Secretary of State. The New York Sun, which rang his praises on every page and in every column, probably gave Mr. Greeley his metropolitan strength; but his position as the champion of the protectionist monopolists killed him in the country. The Sun now nominates Mr. Greeley for Governor of New York!

OUR Darlington correspondent tells the story of a man indicted for grand larceny, whose counsel offered to plead guilty, pro vided the judge would assure a punishment not greater than that prescribed for petit larceny. This was refused, the trial went on, and the jury, in face of a full evidence of guilt, returned a verdict of not guilty. The jury was composed of negroes only!

His Excellency, Governor Scott, has, by letter, ordered one of the negro magistrates of Darlington County to release on bail
certain persons who had been arrested on a
character of results and water.

Address B, at this Office. of Darlington County to release on bail charge of murder, and the order was meekly obeyed. We cannot believe that Governor Scott is wholly ignorant of the laws of the State. On the contrary, he knows the laws, and wilfully and wantonly breaks them.

ACRES.—TO CAPITALISTS.—
PLANTATION in Orangeburg District, forming a part of the estate of the late Colonel Keit, consisting of about 600 acres; 330 of it cleared. It is watered by Lyon's Creek, a large and never-failing stream. Soil rich, red clay, well adapted to cotton, corn, wheat, root crops and clover. Climate healthy all the year. Splendid range for cattle; the neighborhood attractive—the adjoining plantations owned by gentlemen who reside there and secure good order. The buildings were burned, but lumber mills being near, they could be replaced cheaply. A large State road connects it with Lewisville, South Carolina Railroad, six miles distant. The above is a splendid chance for those desiring to form a beautiful farm in a pleasant, healthy section. In 1866 these lands were returned at \$20 per acre. Will be sold at half that price. For terms apply to Mrs. LAURENCE KEITT, Society Hill, S. C.
