While speculators discuss the probable yield of the crop, planters who have made it know that their cotton is as good, and that the visible supply will fall far short of the accumt-lating demand of the world. The crop has been made, and whether a long or short one this fact appears, that it is almost entirely housed, await-ing the easy convenience of the owners to be put upon the market. Our advices indicate that the ok for the re ing the easy convenience of the owners to but apon the market. DODD'S NERVINE AND INVIGORATOL

BODD'S NERVINE AND INVIGORATOR Is a Tople and gentle stimulant, which is not at-tended by reaction. What it gains for you it maintains. When is refreshes body or mind, it refreshes with natural strength that comes to stay. We are not recommending teetotalism in the interest of any faction; but long and extend-ed observation teaches us that he who resorts to the bottle for rest or recuperation, will find, as he keeps at it, that he is kindling a first in his bones which will consume like the fames of perdition. Turn from it. This is tonic that will refresh and not destroy. DODD'S MERVINE is for sale by all Druggists. Price One dollar. See book of carti-ficates that accompanies each bottle. June25 Tmos
