F COURT OF GENERAL SESSIONS.—In consequence of the continued indisposition of Judge Corpenter, he has adjourned the court for one Monday next, but the Grand Jury will remain in ion, and will consider the sases presented to onn be made until the court reassembles.

THE STAVEDORES' PROTECTIVE UNION .arned meeting of this association was held at con street, last evening. A number of persons re admitted to the Union, and arrangements sympathy and encouragement of all shippers nade to perfect its workings. It has the full owners, and will be what has long been wanted in that branch of business

which took the silver pitchef, presented by the Chamber of Commerce, at the Pair of the State ural and Mechanical Society, will be on exhibition this morning on Boyce's wharf. A PROBABLE MURDER.—At an early hour Sanday morning a colored man, named James Balley, was found lying near the milroad track, his home on Saturday night induced a search, which resulted in his discovery. When found, he was lying on the track in such a position that the of a passing train would mutilate the body. There was a terrible wound in the head, and he was quite insensible. Bailey was at once brought to the city and taken to the Roper Hospital, but his injuries were mortal and he expired the same evening. The Coroner was notified, and a jury of inquest empanelled, who viewed the adjourned until the witnesses from bebody and adjourned until the witnesses from be-youd the city limits could be summoned. The women in the back of the head was evidently caused by a gunshot, and it is supposed that the perpetrator removed the body to the railroad ok in order to avoid detection, trusting that some passing train would complete the bloody

A NEW HATERPRIER FOR CHARLESTON.—The map the been developed in the South has caused forthern dealers to give this trafic their close at mention. The "United States and West India Presh eat and Pruit Company" has been organized for the purpose of shipping fresh meat, fruit and all le produce to and from the sesports and gulf cities of the United States and to the West Indis Islands. This company holds the patent right of Bray's invention for preserving meat and fruit on the refrigerating plan, and has a capital stock f \$1,000,000 with a working capital of \$600,000. rman & West, of New York, (heavy dealers in ace and fruits) have entered into a contract with this company to fit up, early in the spring, on and Savannah steamships and con neoting lines of steamers to St. John's River, ids, by the application of this patent on board ers. This same firm will also purchase 10,000 screerof land near Savannah, and put the same in fruits and early vegetables.

BLUE RIDGE RAILROAD.—A prelim nary meet ing of the Directors of the Blue Ridge Railroad Company was held in this city, on Friday last, and on Saturday a meeting of the stockholde was held. These meetings were held with closed doors, and no reporters were allowed to be present, nor was any account of the proceedings furnished for publication. It has, however, transpired that the directors declared the contract of Criss well. Patterson & Co. to be forfeited, and elected Wm. McKinlay, colored, and Judge James L. Orr o all the vacancies caused by the resignation of Mr. Geo. S. Cameron and the withdrawal of Mr. J. H. Nolmes. The Board of Directors is now as follows: J. W. Harrison, president; T. J. Robertson, Henry Courdin, William Gurney, G. A. Trenholm, James L. Orr, William McKinlay, J. H. Jenks, and James M. Allen ! Governor Scott and Mayor Pillsbury are directors ex officio, and as they represent nine-tenths of the stock, they controt the company absolutely and entirely. No more need be said on that point. The company, it is understood, will ask for no appropriation this session, unless the price of State bonds can be run up to the neighborhood of par.

One thing must not be forgotten. The State and city have art interest of over two million doltars in the Blue Ridge Railroad, and every taxpayer has a right to know the state of its affairs. Yet the meetings are held in holes and corners the reporters are dodged, and all the information the public has comes from envesdroppers and lobby members. No more significant fact than this is found in the history of the undertaking. Portunately the Bine Ridge Railroad Company has no difficulty in obtaining a quorum. Pilisbury and Scott are the company, and if both would dre their proxies to the same individual, a meetmight be held every day in the year, for the happy man went there would be a em of the stockholders of the Blue Ridge thread Company.

PREPARE FOR CHRISTMAS. - MOSETS. C. Bart à Co. offer a okolee assortment of West India fruit, just landing from Baracoa, besides a large variety of everthing tempting and appetizing for the Christmas season.

NEWCOME'S MINSTRELS last night drew a full house, as minstrels always are sure to do; and cented in really excellent style. "The Man of Many Instruments," "The Active Lively Little Moke," "The Mechanical Donkey," and other comic interludes provoked peals of laughter; and the concluding extravaganza of "The Coal Shoveller's Revenge" was alone worth the price of admission. The second performance takes place

to-night, with a change of programme. DIETY OF CHARLESTON COLLEGE.—The exercises were held yesterday evening in the College chape and were well attended. The faculty and trustees occupied the stage. After a prayer from the Rev. A. T. Porter, the president of the society introduced Mr. T. H. Strohecker, the orator of the oc-casion. Mr. Strohecker took for his subject 'The Improvement of the Present," and treated it in a masterly manner, eliciting frequent applause. The anniversary lecture by the President, N. R.
