During the week following, there will be an engagement of the Galton Guglish Opera Company.

MORE EAST BAY IMPROVEMENTS .--- We are granded to announce that the unsightly gap in East Bay, left by the recent fire which destroyed the stores of Messre, Klatte & Co. and Wohltmann, is about to be filled by the immediate erection of two handsome stores, each 22 feet front by 125 feet duop, with a front elevation of 40 feet. The owaer of the property, Mr. E. Poincignoz, shows a commendable spirit of enterprise in so promptly taking measures to replace the burned buildings and we have no doubt that the contractor. Mr. J. f. Deverenx, will erect the new structures in a ubstautial and handsome style, every way wor thy of our great commercial thoroughfare.

THE UP-TOWN RAIDS .- The denizens of the Upper Wards are loud in their complaints of the fow! thieves who roam through that section unmolested and nightly make some choice roost their prey. The dulcet note of the pistol, which nally breaks the stillness of the midnight air, has no terrors for these marauders, and different neighborhoods are in turn called upon to pay a tax to their rapacious maw. Within the past few days these robberies have been on the increase, and, though the police authorities have been notified, the evil seems irreparable, and many fond anticipations of Christmas dinners have been blighted by the sudden disappearance of the fatted gobbler.

CHEAP LITERATURE .- Messrs. C. C. Righter & Co. have established a news depot in Hasel street, nearly opposite the Express office, which is destined to become a popular resert with the Charleston public. The stand is in a good location, and the stock has been carefully selected. comprising the leading works of fiction, together with the magazines, journals and papers of the day. Mr. W. N. Hughes, who has enjoyed a large experience in this line, will conduct the basiness. The price of every article has been placed at the lowest figure, and the Northern weeklies and rs will be offered at prices lower than ever known in this city. A good chance is af-forded those persons desirous of making Christmas investments, as the stock embraces a variety of articles adapted for presents.

SULLIVAN'S ISLAND .- The Rev. Dr. Bermingham, who made the first practical movement after the war to restore Sullivan's Island to its old-time prosperity, and to cause it to be known and frequented as the seaport watering-place of the Carolinas and the inland Southern States. is determined to do his part in improving the island, and with his accustomed energy has devot- Ind, and with his accessioned energy has devoted himself to the task of building a Catholic Church to be deficicated to "St. Mary, Star of the Sea." We understand that it is intended to license every calling but those excepted, and these fees are relied on to fill the vacuum of the treasury during next month.

Until the tax bill is reported, we cannot tell, with certainty, what its chief features will be, but we desire to impress upon the Committee of Ways and Means the advisability of reducing, if possible, the present onerous tax on real estate. Than this, nothing would do more to instil a cheerful spirit into owners of city property, who now receive but a beggarly return from their investment.
