THE FOURTH.

How it was Celebrated—Parade of Fire and Military Companies.

The celebration of the Fourth of July in the way it is expected to be celebrated, with music, gun-firing, parades, etc., was confined almost exclusively to the colored people and the United States soldiers stationed at this post.

Early yesterday morning the First Regiment of National Guards of South Carolina paraded through the principal streets. This parade ushered in the day, and from that time out the streets were thronged with men, women and children.

Shortly before 3 o'clock the rendezvous of the companies and societies at the corner of Meeting and Calhoun streets presented a most animated appearance. Drums were beating, rifles shrieking, marshals giving orders, banners fluttering, and companies marching to and fro.

It had been announced that R. C. DeLarge, Aaron V. Logan, T. J. Mackey, W. H. Mishaw, A. J. Ransier, Wm. Elliott, Martin B. Delaney, R. H. Cain, C. C. Bowen, L. C. Northrop, W. G. Griffin and B. F. Jackson would deliver addresses, and the assemblage settled itself down to hear them.

While the procession above treated of was forming at the corner of Meeting and Calhoun streets, the Ashley, No. 9, Comet Star, No. 5, Prudence, No. 4, Comet, of Orangeburg, and Pioneer Axe Company, of Savannah, formed at the corner of John and Meeting streets, and paraded in the following order down Meeting street to Calhoun, through Calhoun to King, down King to Hasel, through Hasel to Meeting, thence to White Point Garden, and up to Broad street.

Notwithstanding the large crowd of colored people on the streets, there was the utmost order throughout the day. There seemed to be a lack of unanimity among the companies in their parade this year. Heretofore all of the organizations paraded together.

Crums—Owing to the hot weather, there will be no skating at the rink for the present. A large number of persons went to the blackfish banks yesterday, but caught few fish.

The chimes of St. Michaels were rung yesterday in honor of the Fourth. The national salute was fired from a battery at the arsenal yesterday at sunrise, noon and sunset.

A banner with the inscription, "No phosphates in this ward," (4th), attracted considerable attention yesterday.

Two half-grown colored girls engaged in a regular row and tumble fight yesterday afternoon, at the corner of Atlantic street and the battery, which ended without bloodshed.

The steamer of the Phoenix Company was called out yesterday to extinguish the flames among the ruins of the late fire on East Bay street.

The heat.—The Fourth of July is generally considered the hottest day of the year. This Fourth is an exception, however, as will be seen by the appended register of the thermometer report at Joseph Blackman's drug store.

FIRE IN COLUMBIA.—The Phoenix says that at 3 o'clock, Sunday morning, fire was discovered issuing from the grocery store of Cooper & Taylor, on Assembly street, opposite the market, which soon extended to the buildings north and south, and endangered all the surrounding property.

MORE POWER THAN CALOMEL. HOME EVIDENCE.—ADULTS & CHILDREN. For several years past, I have been subject to Bilious attacks, and always was a firm believer that there was no remedy for the complaint but mercury. I tried your Vegetable Liver Pills, and was greatly surprised to find that they accomplished all the results, and more besides, of Blue Mass or Calomel, without any of their bad effects. I was always an unbeliever in Patent Medicines, but can say this for your Pills, that since I commenced using them, I have not taken a particle of Mercury in any shape, and I consider this fact an important one, and one that those who are in the habit of taking Mercury for Bilious diseases can properly appreciate. I cordially recommend them as the best Liver Medicine ever introduced. Yours, &c. E. H. GRAY, jun17-1mo

GRAND EPOCH IN SCIENCE.—From the time when, in 1834, Dr. BUGGE discovered "Carbolic Acid" and its extraordinary medicinal effects, nothing in the history of Medicine has equalled it. Largely used by the French physicians in treatment of consumptive and scrofulous diseases, it was introduced by the Court Physician of Berlin, MAX ERNST HENRY, into Prussia, and from thence to the United States. Nothing else of the present day can equal Henry's SOLUTION OF CARBOLIC CONSTITUTION RENOVATOR. Patients get better after only one dose has been taken, and we cordially recommend it to the public.—Editor "Argus." jan17

PUBLIC SCHOOLS.—PEABODY'S FUND FOR THE SOUTH.—The Trustees of the fund have just had their annual meeting, when resolutions and resolutions were read in honor of the memory of the distinguished benefactor, and the report of the board for the past year received. The use of the fund has been productive of much good, chiefly by the stimulus it has given to the committee in the establishment of public schools. The benefits derived from them in every community is lasting in their effects, and of incalculable advantage—elevating the masses, and imparting among them a thirst for knowledge, and a desire for information on all the leading topics of the day, and on none more so than on Hygiene—the preservation of health and the prevention of disease. This is now so marked and apparent as to astonish the intelligent observer, proving evidently that the people as a mass seek themselves informed of the hygienic reforms of the day, by reading with discrimination the various medical pamphlets and almanacs that are furnished them gratuitously—among the best of which is Solomon's Omnibus for 1870, the medical text book for the people—in which will be found, by untested certificates, "the unrivaled tonic of the century" IS SOLOMON'S BITTERS. jun15-tuhs

A BROADSIDE FOR HUMBUGS.—Incompetence and assurance generally go hand in hand, and of all the tribe of pretensions know-nothings with which society is afflicted, the unscientific "medicine men" who attempt to tamper with the health of the community are the most dangerous and the most impudent. So much by way of text. Now for a special and particular application. It appears that a mushroom growth of so-called "Bitters" is springing up under different names in various localities, particularly in the Southern and Western States, which the vendors have the hardihood to recommend to easy-going people upon whom they think they can impose, as a substitute for HOSPIETER'S STOMACH BITTERS, long recognized by every class as the purest and best medicated stimulant and invigorant of the world affords. The concoctions referred to being composed of worthless materials, offer a larger margin for profit than that Celebrated Tonic, and hence the anxiety of dollar-worshipping dealers to tout them upon the public in this place. But "forewarned is forearmed," and all parties whom these distinguished (?) beings are endeavoring to coax and inveigle into substituting trash for a standard remedy, are hereby informed of the selfish and sordid motives which underlie the representations in question. The great popularity and vast sales of HOSPIETER'S BITTERS cannot, of course, be seriously impaired by these "tricks of trade," but as the debilitated and suffering have a direct interest in the matter, it is only an act of common humanity to put them on their guard. jun1-1

SWEET QUININE.

Is a recent improvement. Replaces the use of the Bitter Sulfate Quinine, with which all are familiar. DOSE FOR DOSE, It is warranted fully equal in every way to Bitter Quinine, and, like it, is the one great, positive and unfailing cure for all DISEASES OF MALARIOUS ORIGIN. Fever and Ague, Intermittent Fever, Chills, Bilious Remittent Fever, Bilious Fever, Dumb Ague, and all the various forms of Malaria, when taken as directed, are cured by the use of this medicine. SWEET QUININE is made solely from Peruvian Bark (so is Bitter Quinine), therefore it is of vegetable origin, and not a mineral poison, but, on the contrary, is proved to be one of the elements found in the blood of all healthy persons. SWEET QUININE acts as an antidote to, as well as a cure for, Malaria, Bilious Fevers, and all the various forms of Malaria, when taken as directed, are cured by the use of this medicine. SWEET QUININE over the use of old Bitter Quinine, is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children. SWEET QUININE is in two forms—in Powder, for the use of Physicians, and in Fluid form, for the use of the family and for the general public. STEARNS, FARR & CO., MANUFACTURING CHEMISTS, NEW YORK. RUSSELL'S SOOTHING CORDIAL FOR INFANTS TEETHING. ALLAYS INFLAMMATION OF THE GUMS, CURES COLIC, CHOLERA INFANTUM, DYSENTERY, AND ALL DISEASES TO WHICH CHILDREN ARE SUBJECT WHEN TEETHING. CONTAINS NO ANODYNE. RUSSELL'S SOOTHING CORDIAL is offered to the public with an absolute guarantee against all danger from its use. Read the following certificates: CHARLESTON, May 16, 1868. Mr. J. B. RUSSELL, one of our careful and intelligent Pharmacologists and Apothecaries, has submitted to my examination the formula for the preparation of a Soothing Cordial prepared and vended by him. It affords me pleasure to express a favorable opinion of its safe and efficient adaptation to the particular cases of the diseases of children, which it is designed to relieve. E. GEDDINGS, M. D. Having had occasion to prescribe RUSSELL'S Soothing Cordial in several cases of Bowel Complaints in children and delicate females, I have been much pleased with its effects. I consider it a valuable medicine in all cases, in which it may be advisable to avoid the use of opium, and particularly for family use, as it is perfectly safe. W. T. WRAGG, M. D. I certify that I have most successfully used RUSSELL'S Soothing Cordial in the Summer Complaints of Infants. He has fully exhibited the ingredients of his remedy, and the tedious method of preparation. I recognize the prescription—its efficaciousness in the treatment of children. When much pain or restlessness attends the affection, doses of Paregoric can be added to the prescription, and the whole length of the building, often acts in an efficient manner without any addition of anodyne. In the Mothers of the aged, in increased doses, it is of great value as a remedy; never disagreeing with the stomach—increasing appetite, and promoting the secretion of bile, and acting as a very efficient astringent agent. W. M. FITCH, M. D. Dear Sir—I have used your Soothing Cordial for Diarrhoea in teething children, and find it a very excellent preparation. It has a great advantage over most preparations of the kind in containing no Opium or Narcotic. When these are required they can be added in proportions applicable to the case. I therefore can recommend its use in the affections for which it is designed. Respectfully, T. L. OGIER, M. D. MOUNT PLEASANT, S. C., 1868. Mr. J. B. Russell. DEAR SIR—I have used your Soothing Cordial for children extensively in my practice, and most cheerfully testify to its efficacy. I have found it, without an exception, to accomplish all it claims, and consider it superior to anything in use for children. In freedom from anodyne of any kind recommended it as a perfectly safe preparation in the hands of Mothers and inexperienced nurses. Very respectfully, D. R. WILLIAMS, M. D. Made by J. B. RUSSELL, Chemist. Sold by DR. H. BAER, Wholesale Agent for South Carolina. oct15
