A similar petition was referred to the same committee.

A petition of P. H. Waring, trustee, in relation to over assessment of property. Referred to the committee on assessments.

One of F. Von Santz, relative to putting up a shed in the rear of his store, No. 229 King street. Referred to committee on brick and wooden buildings.

One of J. O. Beckman in relation to over assessment of his property. Referred to the committee on assessments.

A communication from W. C. Bee & Co., stating that they have been appointed agents of the North British and Mercantile Insurance Company of London and Edinburgh, and asking if a license was necessary, was referred to the city assessor with power to act.

One from Miss Susan Armstrong, notifying Council of her intention to make an alteration in her property, was referred to the committee on brick and wooden buildings.

One from Cameron, Barkley & Co., stating that they were unable to collect from the Board of Firemasters the cost of four trumpets, worth forty dollars each, furnished, as they thought, under proper authority, which elicited some discussion, and, on motion, it was ordered that the bill be not paid.

Alderman Geddings, from the finance committee, reported a number of bills as correct, and recommended their payment, and one bill as not having been signed. The report was adopted.

Several bills for printing were presented, and created a considerable deal of discussion, and after a lengthy debate, they were referred to the finance committee, and, on motion, it was resolved that hereafter no job printing should be done unless recommended by the proper committee.

A bill from the Lunatic Asylum, in Columbia, was laid on the table.

Alderman Greene made a lengthy and elaborate report of the meeting of the Memphis and Charleston Railroad Company, giving statistical and other information from the reports of the officers of the road. Received as information, and ordered to be printed.

Alderman Potter, from the committee on streets, made a report recommending that one dollar per square foot be paid for the land of Mr. A. Nimtz, taken by the city, between Queen and Cumberland streets on East Bay.

A communication was presented from the City Engineer stating that he had been deprived of his office and pay without having the investigation which he desired granted.

Alderman Voltz, from this committee, read an able report defending Mr. Barbot, the civil engineer, and recommending that he be reinstated, and recommending that, as any neglect by the commandant-in-chief, and any neglect or violation of the provisions of this section shall, upon conviction, be punished with imprisonment at hard labor in the State Penitentiary for a term not less than one year, nor more than three years, at the discretion of a competent court."

The act requires an organization in the militia of "all able-bodied male citizens between the ages of eighteen and forty-five years," with certain exceptions.

These "volunteer" negro companies are for the object of brewing ill-blood between the races, to influence the election, and produce a collision if necessary. This we know—but please answer the purely legal question.

THE LATE FATAL DUEL.—We take the following from the Savannah Republican of yesterday: "The consideration of the matter pertaining to the recent duel came up before Justice Isaac Russell, in the City Court room yesterday morning, but owing to the absence of Mr. Bennett, one of the jurors, who is in Charleston, the court adjourned until this morning at 10 o'clock."

CLUBS and STARS.—Ann Howard, for beating Ella Plumett, was fined five dollars and costs or thirty days in jail.

Mary O'Neill was fined fifteen dollars, or thirty days in jail, for keeping a disorderly house.

William Johnson was sentenced to pay a fine of five dollars and costs, or to serve out thirty days in jail, for assaulting Mary Stokes.

Jim Bingley and Henry Seabrook were arrested for stealing corn and blisters from Mr. Armstrong, in Market street, and were held for trial they having confessed their guilt.

Mary Ann Drayton was fined twenty dollars and costs or thirty days in jail, for assaulting Arabella Conrad with a knife.

Isaac Riggs, who was arrested for being drunk and disorderly, was begged off by his wife.

MONUMENT TO STONEWALL JACKSON.—In another column will be found the appeal of the "Stonewall Jackson Monumental Association."

A young gentleman of this city, who has for several years been a cadet at the Virginia Military Institute, in Lexington, (the institution of which General Jackson was a professor for fourteen years,) will call upon our citizens during the present week for their contributions to this praiseworthy object.

It is a work of supererogation on our part to urge one word even in addition to the brief but comprehensive statement of the object contained in ex-Governor Letcher's appeal. There is not, perhaps, a single one of the readers of THE DAILY NEWS who is not perfectly familiar with the name and character of the great Confederate hero whose memory is enshrined in every Southern heart.

We feel assured that the appeal will meet with a prompt and liberal response on the part of our citizens.

Contributions will also be received at the following places: Walker, Evans & Cogswell, Kinsman & Brother, Daily News Office, Courier office, Dr. H. Baer's drug store, E. H. Gardner's soda fountain, T. M. Bristol & Co., King street, Board of Trade rooms, McLOY & Rice, A. H. Hayden, J. R. Read & Co., Mills House, Charleston Hotel, Pavilion Hotel, Jose Jara, Alva Gage, (ice house.)

TO THE EDITOR OF THE NEWS. Allow me the use of your columns to ask the Hon. Mr. Chamberlain the following question: Is not the organization of volunteer companies (not incorporated by special acts), as largely conducted in the different counties by the Governor and his Acting Adjutant-General, unlawful and indistinct, under section 14 of act of March 16, 1869?

I quote from that section: "Provided, That there shall be no military organizations, or formations for the purpose of forming, drilling, exercising the manual of arms, or military manoeuvres, not authorized under this act, and stated, that any neglect or violation of the provisions of this section shall, upon conviction, be punished with imprisonment at hard labor in the State Penitentiary for a term not less than one year, nor more than three years, at the discretion of a competent court."

The act requires an organization in the militia of "all able-bodied male citizens between the ages of eighteen and forty-five years," with certain exceptions.

These "volunteer" negro companies are for the object of brewing ill-blood between the races, to influence the election, and produce a collision if necessary. This we know—but please answer the purely legal question.

STONEWALL JACKSON MEMORIAL ASSOCIATION.—AN APPEAL TO THE PUBLIC.—The admirers of the exalted virtues of the late Lieutenant-General T. J. JACKSON are now endeavoring to raise the requisite funds to erect a suitable MEMORIAL to this great and good man.

For this purpose agencies are now being employed by the formation of Auxiliary Memorial Associations in the several States, through which contributions are solicited in aid of the noble work.

The scheme contemplates the erection of a MEMORIAL CHAPEL at the Virginia Military Institute, Lexington, Va., with which Institution General JACKSON was connected fourteen years as a Professor, and near to which his remains now lie. It is believed that such a Memorial would be most in harmony with the character of this renowned Confederate hero.

It is proposed to place within this Memorial Chapel a Statue, in bronze or marble, to transmit to coming generations the features, form and expression of one whose name and virtues are alike known and honored throughout the civilized world, and who was a bright exemplar of what every true and noble and of good report among men.

It is estimated that \$50,000 will be required for these purposes. We invoke contributions from all who will unite with us in paying this tribute to the memory of STONEWALL JACKSON.

No local or sectional views restrict the scheme. It is national in its design. The North has cordially responded to the appeal. The East and West are moving in it; while the followers of Jackson in the field, and on the march throughout the South, are sending forward their tributes to the memory of their noble chief.

The funds of their noble chief are collected, may be forwarded by check or by express, to the undersigned, Lexington, Virginia, who, as President of the Board of Visitors of the Virginia Military Institute, has been designated by the Central Memorial Association in Pennsylvania as Treasurer of the Memorial Fund. JOHN LETCHER, Treasurer of the Jackson Memorial Fund. Lexington, Va., February 22, 1870. aug24

FOOD TREASURE FROM THE SEA.—Editors, physicians and newspaper correspondents in all parts of the country, seem to have investigated the merits of the SEA MOSS FARINE (made from pure Irish Moss or Carrageen) pretty thoroughly. It has been subjected to the experimentum crucis in numberless kitchens, and to the criticism of numerous epicurean palates, and the result, as far as we can judge, is a universal verdict in its favor.

It has been placed, so to speak, in the front rank of our food staples, and at that has been said of it by the commands-in-chief, and any neglect or violation of the provisions of this section shall, upon conviction, be punished with imprisonment at hard labor in the State Penitentiary for a term not less than one year, nor more than three years, at the discretion of a competent court."

THE Niagara Fire Engine Company, No. 8, of Charleston, being desirous of rendering their organization more efficient for the preservation of property from fire, earnestly solicit the citizens in general to aid the Company in the purchase of a new Engine. The one they have been in service since the year 1850, and being worn out, has become almost entirely useless.

The Company have been using this Engine since 1851, and repairing it with their own means and without expense to the city. They are now compelled to appeal to the generosity of those whom they have heretofore faithfully served to contribute for the purchase of a new Engine that the Company may be enabled in the future to render more valuable services than in the past.

The Chief and officers of the Department, as well as the whole organization, can bear testimony to our efforts as well as good order. We feel confident we cannot call on our citizens in vain.

The following named persons are authorized to collect for the Company: J. B. BROWN, Chairman; J. H. GADSDEN, E. CHAPMAN, J. R. PINKNEY, H. GARROL, H. WICKMAN, P. WELLS, C. TURNER, R. MINDORA, J. H. CURTIS, E. LYONS, W. LAWTON, J. B. NEEL, T. MCG. GARR.

No list is genuine unless bearing the Seal of the Company. Be the undersigned officers of the Charleston Fire Department, approve of the above appeal. R. M. ALEXANDER, Acting Chief Fire Department. C. P. AIMAR, Second Assistant Chief Fire Department. F. L. O'NEILL, Third Assistant Chief Fire Department. GEORGE L. BUIST, Chairman Board Firemasters. R. S. THE SEASON OF EXHAUSTION. The close sultry weather which usually prevails toward the end of summer is particularly unfavorable to the feeble and enervated. Even the healthiest frames of strong men feel the influence of the season, and lassitude and languor pervade the whole community.

Ladies, especially those in delicate health, suffer much from debility, occasioned by the humid heat, and feel the want of a wholesome invigorant. In fact, a necessity for something to reinvigorate the exhausted system is experienced, more or less, by everybody, and the only question is, what that something will be, with those who have tested the effect of HOSTETTER'S STOMACH BITTERS on themselves, or have observed its effects on others, this question will not be in doubt for a single moment.

As it is understood that mercenary speculators in various parts of the country are endeavoring to supersede the standard tonic of the age with worthless articles manufactured by themselves, which they represent to be superior to this long-tried remedy, it is proper to put the public on their guard against this species of imposition, and to warn them against the deleterious trade with which dishonest dealers seek to enrich themselves.

NOTICE TO CONTRACTORS.—WILMINGTON COLUMBIA AND AUGUSTA RAILROAD COMPANY—OFFICE CHIEF ENGINEER, WILMINGTON, N. C., JULY 26, 1870.—Sealed proposals will be received at this office until 31st of August proximo for building the extension of this Road from Sumter to Columbia, including Grading, Trestle-work, Masonry and Bridges, or any portion of this work. A GRAND EPOCH IN SCIENCE.—From the time when, in 1854, Dr. RUGGE discovered "Carbolic Acid" and its extraordinary medicinal effects, nothing in the history of Medicine has equalled it. Largely used by the French physicians in treatment of consumptive and scrofulous diseases, it was introduced by the Court Physician of Berlin, MAX ERNST HERBY, into Prussia, and from thence to the United States. Nothing else of the present day has equalled HENRY'S SOLUTION OR CARBOLIC CONSTITUTION RENOVATOR.
