Leitch & Bruns will sell at 11 o'clock, at the old Postoffice, real estate. J. Fraser Mathewes will sell at 10 o'clock, at

his office, geraniums. John G. Milnor & Co. will sell at 11 o'clock. at their store, dry goods, blankets, hats, &c.

BASE BALL .- A match game between the Palmetto Base Ball Club and a picked nine will take place, on the Citadel Green, at 1

BANGE OF THE THERMOMETER at Joseph Bisckman's drug store, No. 39 Broad street, September 19th: 8 o'clock, 72; 10, 76; 12, 79; 2, 83; 4, 79; 6, 76; 8, 73.

PRO BONO PUBLICO.—The admirable system of bugle calls, introduced and practically tested by the noble old Phœnix Fire Engine Company of this city, has been adopted by the Métropolitan Steam Fire Engine Company of

IMPROVEMENT .- The store lately occupied by Messrs. Raoul & Lynah and Williams & Blackwell, under the Music Hall, on King street, are now in the hands of Mr. J. H. Devereux, architect, who is preparing a store for Messrs. Lawton & Co., clothing merchants. This store, occupying the space of the two former stores, will have a front of fifty feet, with a depth of one hundred feet. When completed it will be one of the largest and handsomest stores in

MEETING OF THE REFORM CLUB OF WARD 2. A very large meeting of this club was held at the Hibernian Hall-last night, Vice-President J. N. Nathans in the chair.

On motion of Mr. C. O. Trumbo, the follow ing resolution was adopted. Resolved, That in the judgment of this club

it is necessary to appoint some competent person to take the census of this ward, and to make a full report in alphabetical order at our Mr. Joseph Samson was appointed census-

taker. Mr. O'Keefe spoke in favor of the immediate

nomination of delegates to a nominating convention: Messra Trumbo, St. Amand and Easterby opposed the movement. Mr. Walter Webb then moved that an adjourned meeting be held on Wednesday evening to nominate delegates, which was carried.

Mr. McCormack moved that no delegate should be a candidate for office, which motion was lost.

The chairman then introduced President Davis, of Ward 4, who explained that a wrong construction had been placed upon his remarks made at the last meeting of the Ward 4 Club. Colonel R. W. Seymour was introduced, and delivered the best speech we have heard since the commencement of the campaign. Clear in its reasoning, earne... and patriotic in tone, he won and received the well done of the assemblage. Several futile attempts to interrapt him were made by one or two of Scott's minlons, who had sneaked into the hall for the evident purpose of creating a disturbance. They soon discovered, however, that respectful silence was their best policy, and acted accordingly. Colonel Seymour was followed by Mr. W. H. Francis, whose remarks were loudly applauded.

THE MASONIC TEMPLE-ANOTHER ORNAMENT ING .- For many years past the Masonic fraterple worthy of the Order, but were unable to carry out their design because of a lack of funds. However, this difficulty has at last been overcome, and we are now warranted in saying that ere many months have elapsed, Charlestonians, and the Masonic portion especially, will point with pride to an edifice not excelled in point of beauty or commodiousness by any other building in Charleston.

DESCRIPTION OF THE BUILDING.
The building will be in rear of the Masonic Hall, at the corner of King and Wentworth streets, but fronting on the latter named street. It will have a front of eighty-six feet, with a depth of sixty-four feet. The main entrance, on Wentworth street, will be twenty feet wide, with an open arched approach to the vestibule, which will be frescoed and niched for statuary. The main hall will be lighted by long Gothic windows, and the walls trescoed and gold panelled. From this hall a massive stairway ascends to the upper stories.

On the first, or ground floor, there will be three stores with glass fronts. The second New York merchants imported large stocks floor will be used as the Grand Lodge Room, which will be seventy feet long by sixty feet wide, and capable of comfortably seating about twelve hundred persons. On this floor there will be an entrance to the present hall, which is admirably adapted for a supper room. The old refreshment room will be given up for cloak rooms, retiring rooms, &c. On the third floor of the new building will be two large lodge rooms, thirty by sixty feet each, with preparation and examination rooms necessary for the complete working of the craft.

The style of the building will be Tudor Gothic; but for a conception of its beauty, one must see the pasign itself. The ventilation will be most complete, and, with the windows rising from foor to ceiling, mush make it one of the pleasantest halls in the country. .

Mr. John H. Devereux, whose skill, energy and talents have been displayed on so many of the buildings which adorn our city, drew the design for the building, which, after passing a close examination by the committee, was accepted.

THE FALL TRADE.

Opening of the Busy Season-General Condition of the Stocks of Goods.

The busy appearance of our city for the last two weeks has been in marked contrast to the previous apathetic condition of merchan.s. clerks, steamboat and railroad men, and citizens generally. About the first of this month every one seemed to be taking a little rest, to prepare for the heavy work, which they knew was before them. Suddenly there was a general awakening. Steam and sall vessels and railroad trains came to the city laden with the new stocks for the fall and winter trade. Business men moved quicker, clerks flitted rapidly to and fro, drays by the hundred brought goods from the wharves and depots, and returned laden with the fleecy staple, poetically known as "the snow of Southern summers," which, however, melts not away, but turns to gold in the hands of those who hold it. Altogether there is new a bustle about the business haunts, which is inspiring, and promises the greatest success to our merchants. As yet, comparatively few country customers have arrived, but this is easily ecounted for from the fact that the busines season opened a little earlier than was antici-

pated. We present below some remarks in regard to the size, condition and prices of the stock of goods laid in for the fall and winter trade. The opinions of leading merchants, from whom our information was gathered, lead us to believe that Charleston will do a tremendous business this season.

DRUGS AND MEDICINES.

Contrary to the general opinion, this line of goods has been very slightly affected by the war in Europe. Fine French goods have advanced a trifle, while German goods are at about the same figure as they were last fall. American goods generally are much lower, and an unusual supply has been laid in. The country trade is already brisk, and is increasing. The city retail trade is good, and our druggists are sanguine of a large business for the late fall and winter.

The stock is very large indeed. It has been

bought at very low rates, and has not been sufficiently affected by European affairs to make it worthy of notice. The country trade is later than usual, but promises well. HARDWARE.

Some houses have made larger importations of hardware this season than they have since the war. The stock is very fine indeed. Some tew fancy French goods have been purchased at a slightly higher figure than last season, but for English cutlery, which is considered superior to French or German, the general range of prices is lower. The country trade is late, and city trade, just at present, is not so bright as it might be. Better luck is considered a certainty, and in a week or two sales will be large. GROCERIES.

The stock of groceries in the city is about the same as it was last fall, perhaps a little heavier. Prices range lower generally, and though breadstuffs were slightly higher in the early part of the season, they, too, have fal-By winter the stocks will probably be very heavy. The country trade is bright, and city retail trade about as usual. The retail grocers buy at all seasons, and generally their heaviest purchases are made in the early winter, at which time our merchants expect to make large additions to their present stocks. Sugar, molasses and coffee are much lower than last season, notwithstanding the Cuban wa:, which at first caused a considerable advance.

SHOES.

The shoe trade is not so good as was anticipated. Prices generally remain much the same as they were last year. The stock on hand is large, and the country trade is in-

PAINTS AND OILS. A large and very valuable stock of goods in this line has reached this port. Prices are, however, higher than they were last year. The European war has affected glass, and lead THE CITY-DESCRIPTION OF THE BUILD and zinc colors materially, and prices for these

articles have advanced fully fifteen per cent. nity of Charleston have desired to erect a tem- The country trade has hardly commenced yet, but is promising, and dealers seem quite satisfied with the prospect. PERTILIZERS, PHOSPHATES, &C. To speak of the business of Charleston with-

out alluding to its trade in tertilizers, would be to omit what, as much as anything else, contributes to the prosperity of the city. The business in this line, however, will not commence until about the first of December, but those engaged in it are busy making preparations to meet the large demand which is anticipated by ail. Last year the value of the fertilizers shipped from Charleston, nearly forty thousand tons, was about two and a half millions of dollars. It is confidently expected that the quantity shipped this year will be argely in excess of that last year.

TOYS, AC. It would be the natural conclusion of all who give the subject a thought that the effect of the present war would be to largely increase the price of toys, but such seems not to be the case. As far as we are able to ascertain, the previous to hostilities, and were, of course. able to sell to the Southern trade at the usual rates. If the stocks mentioned should give out and a new supply from Germany be necessary, it is very probable that there will be a considerable advance. However, we state for the gratification of those who are blessed with little ones that they will be able to lay in Christmas goods for them at rates very little. if at all, above the rates of last season. Mr. Von Santen, South Carolina's King of Amusements, is now in New York supplying himself with all things necessary to storm the children's hearts.

CLUBS AND STARS .- Maria Walker, charged with being implicated in a late robbery, is held for examination. James McCullum, charged with stealing me-

chanics' tools, is held for examination. Charles Saunders, Ben Moore, Charles Chesnut and Isaac Robinson, charged with breach

of the peace, were sentenced yesterday to pay a fine or be imprisoned. Three drunken men yesterday contributed

\$15 to the treasury.

Wesley and Louisa Capps, charged with burglariously entering Samuel Orr's house, have been dismissed for lack of evidence. Laura Parker, who enticed a countryman

into her house and robbed him, was sent to jail yesterday for thirty days. CRUMBS .- A regular meeting of the City

Council will be held to-night. A cargo of ice arrived here yesterday. On and after this date, the bells of St. Mi-

chael will be rung at the hours of 7 and 9 Mr. Thomas W. Bolger has been appointed

TO ARCHITECTS AND CON-TRACTORS.-Estimates will be received up to the 20th of October for the ballding of a Masonic Temple, in rear of the present Hall, on Wentworth street, according to the plans and specialcations in the office of the Grand Secretary. The Committee reserves the right to accept any

estimate, although not the lowest. The contractor will be required to give bond with approved sareties, for the faithful perform ance of the contract. ...

Additional plans and specifications, with esti mates, for the erection of a building in rear of the present Hall, on Wentworth street, will be received by the Committee up to the 20th of October. As soon thereafter as practicable, the Committee will decide upon the plan and allot the contract. 'All plans and estimates must be delivered to

the Grand Secretary. Any further information needed can be had on application to the Committee

JAMES CONNER, Grand Master. And Chairman of Building Committee.

sep19-6mwf6 TRUST WHAT TIME HAS SANC-TIONED.—The maxim that the voice of the people is the voice of the Divinity, may in some case be open to doubt, but the testimony of hones and enlightened witnesses extending through a series of years, and all to the same purport, is worthy of credence, admits of no question. Upon such testimony the reputation of Hostetter's Stomach Bitters as an antidote and cure for allments is based. During the twenty years that it has been before the world innumerable prepations intended to compete with it have gone up like rockets, and come down the extinguished sticks. Meanwhile the progress of that incompa rable tonic has been swift and steady-always upward and onward like the eagle's flight. Its introduction produced a revolution in therapeutics, and it proved to be one of those salutary rev olutions that cannot go backwards. To-day Hostetter's Bitters is one of the most popular remedies in Christendom, and commands a larger sale than any other medicinal preparation, domestic or imported, on this side of the Atlantic. As a cure for dyspepsia, bilious disorders, nervous at fections, general debility, and as a preventive of epidemic fevers, it takes precedence of every other remedy. This fact should teach the amb tious country dealers who endeavor to foist their local abortions on the public in its stead how futile their small attempts to calcle the community must necessarily be. Where the game fish have failed there is no chance for the "suckers." Sep17-6D&C

Drugs, Chemicals, &c. RUSSELL'S SOOTHING CORDIAL

FOR INFANTS TEETHING. ALLAYS INFLAMMATION OF THE GUMS, CURES CHOLIC, CHOLERA INFANTUM, DYSENTERY, CHILDREN ARE SUBJECT

WHEN TEETHING. CONTAINS NO ANODYNE.

RUSSELL'S SOOTHING CORDIAL is offered to the public with an absolute guarantee against all danger from its use. Read the following certifi-cates:

Cates:

CHARLESTON, May 18, 1868.

Mr. J. B. Russell, one of our careful and intelligent Pharmaccutists and Apothecaries, has submitted to my examination the formula for the preparation of a Soothing Cordial prepared and preparation of a Soothing Cordial prepared and vended by him.

It affords me pleasure to express a favorable opinion of its safe and encient adaptation to the particular cases of the diseases of children, which

it is designed to relieve. E. GEDDINGS, M. D. Having had occasion to prescribe RUSSELL'S Soothing Cordial in severe cases of Bowel Complaints in children and delicate females, I have been much pleased with its effects. I consider it yautable medicine in all cases, in which it may be advisable to avoid the use of anodyne, and particularly for family use, as it is perfectly safe.

W. T. WRAGG, M. D.

OHARLESTON, S. C., 1868. Dear Sir—I have used your soothing Cordial for Diarrhea in, teething children, and find it a very excellent preparation. It has a great advantage over most preparations of the kind in containing no Opium or Narcotic.

When these are required they can be added in proportions applicable to the case.
I therefore can recommend its use in the affections for which it is designed.

Respectfully yours, &c.,
T. L. OGIER, M. D.

CHARLESTON: S. C., 1888.

I certify that I have most successfully used RUSSELL'S Soothing Cordial in the Summer Complaints of infants. He has fully exhibited the ingredients of his remedy, and the tedious method of preparation. I recognize the presorption—containing no anodyne whatever—as a most safe and efficacious one in bowel affections of children. When much pain or restlessness attends the affection, doses of Paregoric can be added to the prescribed doses of the Cordial according to the age of the patient. The compound, though more often, acts in an efficient manner without any addition of anodyne.

often, acts in an electric dition of anodyne.

In the Diarrhosa of the aged, in increased doses, it is of great value as a remedy; never disagreeing with the stomach—increasing appetite, improving digestion, and acting as a slow but emclent astringent agent.

W. M. FITCH, M. D. MOUNT PLEASANT, S. C., 1868.

Mr. J. B. Russell:

DEAR SIR-I have used your Soothing Cordial
for children extensively in my practice, and most
cheerfully testify to its merits. I have found it,
without an exception, to accomplish all it claims,
and consider it superior to anything in use for and consent the children children. Its freedom from shodyne of any kind recommonds it as a perfectly safe preparation in the mends it as a perfectly safe preparation in the hands of mothers and inexperienced nurses.

Very respectfully &c.

Wate D. R. Williams, M. D.
