From the Daily Balletin, February 1: Business continues moderate, partly for want of supplies, though in resilty the defining is not very solive and solion in extress of the temporary wants of the regular mate. and 8% for fancy. East india stock fairly active and steady, with sales of Rangoon in small lots at 75 %.

From the Journal of Commerce: Domestic remains firm, but is quiet. There is some demand, but the supply is limited and holders are indifferent. We quote 7% sec. Rangoon sells in a job-bing way at 7c. currency.

From the World: There is nothing new, the supply amounting to merely the accumulation in second names, and this holders deal out only as wanted, and force the few buyers on hand to pay full figures. We note about 50 casks Carolina at 7% aso, and 8% of or very choice; and small lots Rangoon at 787%.

From the Herald: Rice continued quiet but steady, with small sales Carolina at from 7% aso. There are but 300 tierces Carolina in dealers and fret hands and prices are very firm, fancy lots setting occasionally at 8%c. The stock of Rangoon comprises 7400 b rg in first hands. Sales were confined to small lots at from 33%c, gold, in bond, at which the market was very firm.

For the medium qualities the demand has not been so good. In fact the transactions have been limited in all kinds, owing mainly to meagre arrivals and want of stock. At the close of our inquiries there is a good demand for stralued, \$1.85 being offered, and factors hidding higher.
