BASE BALL .- A match game of base ball was played at Mount Pleasant, Saturday afternoon, between the Seminoles, of Charleston, and Mount Pleasant Club. There was good playing on both sides, but still the Seminoles out scored the Mount Pleasants by 23 to 18.

THE SOUTH CAROLINA. -This fine iron steamship arrived at this port from New York early Saturday morning, making the trip in sixty hours. This steamship has fine accommodations, and her promenade deck (always cool) is a great boon to travellers.

EVERY DOG HAS HIS DAY .- To-day is the last day during which that portion of the canine population of the city without badges will be allowed to perambulate the streets unmolested. The officials are upon their track; at each corne will stand an executioner, with a furious looking six-shooter, or with a poisoned tit-bit, atill more to be dreaded.

PERSONAL ... "The Rev. E. J. Meynardie, cf the South Carolina Conference, who, some four weeks since, passed through here on his way to the Springs in Spartanburg," says the Columbia Union, of Saturday, "passed through town yesterday on his way home, in Chester, his health much improved."

The numerous friends of Rev. C. P. Gadsden will be pained to learn of his serious illness. His life was despaired of yesterday.

CLUBS AND STARS .- Julia Roberts, lodged on suspicion of robbing a house in Coming street, is held for further examination. A light artilleryman, found lying intoxicated

in King street, was discharged on pleading the A large black New Foundland dog, trimmed

and shared, in lion-like style, was found astray on the street, and may be identified by the owner at the Guardhouse. BARE BALL CONTEST .- An exciting game

was played on the Cltadel Green, Saturday afternoon, between the Washington and the Carolina Ram Ball Clubs. The contestants were wel matched, and their skilful play was witnessed by a large number of interested spectators. After a hard fought contest of several hours, victory de clared in favor of the Carolinas, by a score of 37 to 21. A handsome home run was made by Mr. G. Schiffley, of the Carolina Club.

MILITARY FUNERAL -Private Knox, of Company C. Third U. S. Artillery, now stationed at the Citadel, was buried yesterday at Magnolia with the usual military honors. The body was placed upon a calsson, and escorted up King street to Magnolia by twenty men with one of the field pieces, and after the interment a salute of three guns was fired over the grave. The unusual cortege attracted considerable attention as it passed through the streets.

CONJUROR IN JAIL. Thomas Bryant, a colored youth, and quondam resident of the North Carolina Penitentiary, was arrested Saturday morning in this city by the detectives, on the charge of larceny and vagrancy. The prisoner is a noted sleight of hand sharper. When arrested he was seen with a sum of money in his hand, but after a most rigerous search the detectives failed to disagver it. He says he has it about him now and intends to keep it. He is held for examina

CONFEDERATE MEMORIAL DAY .- We have received a copy of a pamphlet containing the proceedings of the Confederate Memorial Day, at Charleston, May 10, 1871, on which occasion, our readers will remember, the Carolina dead brought here from Gettysburg were reinterred in the Confederate enclosure at Magnolia Cemetery. The pamphlet before us contains the address of Rev. J. L. Girardeau, together with the odes, hymns, &c., composed for the occasion; and also a list of the Carolinians who fell at Gettsyburg, and whose remains were interred in Magnolia.

RADICAL CAUCUS .- A tew choice spirits of the Radical convention assembled last evening at space privately the merits of the various persons who have been placed before them as suitable ings were kept quite dark and no reporters admitted, else we should have been able to present the favored the merits of the dish which has been cooked for them in anticipation of their public meeting on Tuesday evening.

THE NEW YORK IRON LINE.-The elegantly appointed steamships South Carolina and Georgia, of this newly-established line of steamships offer great inducements to passengers Northward bound, who appreciate commodious deck statecoms, and the comforts of good fare and a place to walk about. These steamships are the largest and best appointed on the Atlantic or Gulf coasts, and their size and material of construction insures great safety. The business of the line has been good all the summer. The South Carolina sails on Wednesday morning, at halfpast 10 o'clock, from Union wharves.

Ho FOR LIBERIA !- We learn, says the Yorkalle Enquirer, that a large number of negroes prising sixty or eighty families—in the vicinity of Clay Hill, in the northeast part of this county, have determined to emigrate to Liberia. and are now making their arrangements to embark in this vessel of the Colonization Society which will sall from Charleston or Baltimore ear ly in November next. Rev. Elias Hill and June the head of the movement, and it is the intention of the emigrants to locate in that part of liberia known as the North Carolina Colony. These em igrants are to be received at Rock Hill, and will be furnished transportation to Liberia by the nization Society. We understand that several hundred other negroes in this county are making preparation to follow in the vessel which salts next May.

THE BUSINESS OF OUR STEAM LINES. Although in the midst of the dull aummer season, it is surprising to Lotice the activity which characterizes the business of the Northern-bound steamers from this port. The growth of their trade has been so decided that they have large freight and passenger lists at all times, and their patronage is quite in contrast with that at some of the other Southern cities, where ships have been leaving with nearly empty holds. The James Adger, which departed on Saturday for New York, had a large cargo, and a full number of passengers showing a movement that would do credit to the most busy portion of the year, and the Sea Gull, for Baltimore, had a well assorted freight of cotton, rice and other merchandise. The excellent management of these lines must attract a steadily increasing trade.

ROBBERY AT THE PHOSPHATE WORKS .- AD extensive robbery, perpetrated upon the prenises of the Charleston Mining and Manufac ing Company, at Lamb's Farm, on the Ashley River, has just been brought to light. Taking ad vantage of the temporary suspension of opera tions at the works, a party of thieves entered the premises and carried off a large quantity of the iron and metal machinery attached to the drying and grinding apparatus. The first of the plunder was taken of some three weeks ago, and the river being convenient, it was taken to the wharf and brought to the city in boats. A load was brought down by the plunderers on Sunday last, and yesterday the owner of the flat used for transporting it was arrested. There are several other parties oncerned, whose speedy arrest will follow. None of the machinery, several hundred weight of thich is missing, has been recovered as yet.

A BORGIA IN HAMBURG.—The Augusta Chron iele, of yesterday, says: "For some time past the papers of the country have been filled with acounts of the crimes of Mrs. Sherman, the Borgis of Connecticut, and the murders of Mrs. Wharton, the Borris of Marvland, and we have felt a little ashamed of Augusta, because it seemed im ossible to scare up a Borgia in this vicinity. But on yesterday that feeling was dissipated Borgia, we learn, has been operating near Au--in Hamburg-and two victims have already been consigned to premature graves. The South Carelina Borgia, however, has, up to the present time at least, spared the human race, and has confined his operations to cows. A day or two ago several fine c ws, belonging to a Mr. the animals died before anything could be done to relieve them. A third came near dying, but its life was saved. It was evidently the work of some malicious party. The poisoner has not yet been detected, but Borgia, in this instance, is undoubtedly colored."

A DEVIL FISH RUNS OFF WITH A CITIZEN OF SAVANNAH .- The pranks of the devil fish are be coming frequent of late. The Savannah Adveriser, of Saturday, says: "One of those horrible looking creatures of the deep, better known as the devil fish, whose appearance in the waters of the coast are somewhat unfrequent, has been distinguishing himself lately by endeavoring to spirit away one of our old residents. Day before resterday Major Bonaud, who has many friends in this city, was fishing in Warsaw Sound, near Cabbage Island, his boat being anchored. By ome means or other, a devil fish became entangled in the anchor rope and started off at a rapid rate of speed, towing the boat after him, with the occupants in no very pleasant frame of mind. The situation became so decidedly unleasant, that it was thought best to cut the rope and let the fish go fancy free. This was accordingly done, much to the relief of the fishermen, and the creature took its way in peace."

THE ELECTION. - By reference to the circular of the commissioners of election, it will be seen that the managers are requested to meet the board of commissioners at the Council Chamber, this morning, at 10 o'clock, for the purpose of taking the oath prescribed by law, and to receive necessary instructions. Mayor Pillsbury proclaims that there will be an election on the second day of August for a Mayor and eighteen Alderman for the city, and a school commissioner from each ward, and that the polls on that day will be opened from 6 o'clock in the morning until 6 in the after poon. The commissioners say the polls will be kept open from 7 o'clock A. M. until 5 P. M., and produce the statu. to support them. As the comissioners have charge of the whole affair, and robable that the polls will be kept open during the hours they have prescribed.

In the appointment of the managers, we notice that some men are managers for precincts in which they do not reside, and in which they would not be entitled to vote. In Ward 5, for intance, Mr. Carson, who resides in the second, i manager for the first precinct, and Mr. W. S. Fraser, who resides in the first, is manager for ond precinct. Both of these gentlemen will have to leave their polls, if they desire to vote, when the matter could be more easily settled by appointing them to the precincts in which they
