FOR GRANT .- Attorney-General Chamber lain prints a letter to Beyerly Nash, the sens. tor from Richland, advocating the renomina tion of President Grant, whom he regards as the most available candidate, and as one who has been tried and found faithful, honest and patriotic.

CANTY CANTY.-Yesterday morning a colored man, answering to the above name, stationed himself on East Bay, near Hasel street, and, being highly intoxicated, began to shout, sing, and curse. His demonstrations to the passers by became so troublesome that a policeman was at length brought into requisition who took Canty to the Guardhouse.

Greenswoold, Philadelpha; William F. morrow, at Holmes's Lyceum, beginning at Brown, Massachusetts; G. B. Turrell, New twelve b'clock M. A large and interesting meeting is expected.

A Good Move.-Persons passing in the vicinity were somewhat aston-shed on Saturday and yesterday to see a large two and a half story wooden dwelling, quietly located on the plank road in the middle of John street. a short distance west of Meeting. The house had stood in the yard of the South Carolina Rallroad, near the corner of John and Meeting, and is moved out preparatory to being taken to a lot in Chapel street, several hundred feet off. None of the improved modern appliances are used, but the structure is rolled along by men with levers. It has so far progressed but a few yards, and the operation blds fair to be a job of several days' duration.

CRUMBS.—We are glad to announce that the postoffice has been re-established at Rowe's Pump. William Dukes, postmaster. The Camden Journal is informed that the

Northern mail for Camden lies all day at Kingville on the uncovered platform exposed to the thieves and weather.

The Anderson Intelligencer, and the upcountry papers in general, complain of the severity of the winter.

An up-country paper has been asked this conundrum: "What is the difference between a town bell and Governor Scott ?" Answer-"One peals from the steeple, and the other ___don't."

ARREST ON SUSPICION .- Simon Brown, colored man, was arrested on Friday night, by the detectives, on suspicion of his having stolen a lot of wine and other liquors from the cellar of Mr. Fehrenbach's saloon, in Broad street, near East Bay. The prisoner had formerly been in the employ of Mr. Fehrenbach, and with the keys in charge, had free access to the wine cellar where the supplies of wines, &c., were stored. He was dismissed from his place a few days ago, and the proprietor suddenly discovered that the cellar had been robbed of wine, &c., to the value of two hundred dollars. Simon was arrested by the

detectives, and has been turned over to a trial

to exert a potent influence. A meeting of the

AMUSEMENTS.

Academy of Music. The Wyndham Comedy Company concluded their engagement at the Academy on Saturday evening with Robertson's great play of "Caste." It was excellently played before a full and select house, and the cordial applause testified to the pleasure taken by the audience in the performance. The company left yesterday afternoon for Savannah, where they will play during the present week.

Mile. Janauschek, whom the New York Herald styles "the first actress in the English language," will appear in Charleston next Monday. Emperors and Kings have vied with each other in doing her honor. At Dresden; St. Petersburg and Frankfort her acting aroused a tempest of enthusiasm. In the last named city, in 1862, the Schutzen carried her in trlumph, and issued coins bearing her name. Mile. Janauschek has mastered the English tongue, and speaks it, strange to say, without a trace of unpleasant accent.

LAUNCH.—The new schooner Minnehaba was launched on Saturday forenoon from the ship-yard of Mr. Jose Silva, at the east end of Calhoun street. Her owner, Mr. J. B. Bissell will employ her in the coasting trade. Her workmanship is strong, and her appearance would indicate a fast sailer. She is lying at Bennett's wharf, east end of Wentworth

GUYOT'S TAR CONCENTRATED PROOF LIQUEUR

Mr Guyot has succeeded in depriving tar of its insupportable sourness and bitterness, and in rendering it very soluble. Profiting by this happy discovery, he prepares a con-centrated liqueur of tar, which in a small volume contains a large proportion of the active principle.

Guyot's tar possesses all the advantages of ordinary tar-water without any of its draw-backs A glass of excellent tar-water without any disagreeable taste may be instantaneously obtained by pouring a teaspoonful into a glass of water Any one can thus prepare his glass of tar-water at the moment he requires it, thus

conomizing time, facilitating carriage and obviating the disagreeable necessity of hand-Guyot's tar replaces advantageously se veral more or less inactive ptisans in the treatment of colds, bronchitis, coughs, and
