

CITY AFFAIRS.

Mr. WILLIAM E. SIMMONS, Jr., and Mr. N. H. PORTER, are the travelling agents for THE NEWS, the former for lower and the latter for upper South Carolina.

COTTON FOR GREAT BRITAIN.—Mr. Henry Card cleared yesterday the fine British ship Edith with 161 bags sea island cotton, 2735 bales upland cotton and 250 tons phosphate rock.

DEATH OF A CHARLESTONIAN ABROAD.—An official announcement has been made by the Department of State of the death, at Brindisi, on the 27th of January last, of Mr. Samuel H. Kingman. Mr. Kingman was a native of Charleston, and was well known here as an efficient clerk. He left the city about two years ago upon a foreign appointment.

COTTON TAKEN IN JAIL.—William H. Harrison and John Lee were brought before a trial justice yesterday morning charged with stealing a bale of cotton from Accommodation wharf on the night of the 13th instant by throwing it into the dock and towing it around to South Bay, where it was found by the police. The prisoners admitted the facts and were committed to jail to await their trial for grand larceny at the next term of the Court of General Sessions.

DONATIONS TO THE WIDOWS' HOME.—The Board of Control of the Widows' Home gratefully acknowledge the receipt of the following articles in the months of January and February: January, one barrel of potatoes, unknown; wood from steamer Planter; one jar of pickles; one ham; dried apples and hoghead cheese, from Mrs. Bland Croft, of Greenville, February, one barrel of potatoes, from Mr. T. P. Smith; wood, from Mr. R. Press Smith, of Bonneau's; one barrel of potatoes, from Mr. John Townsend; one ton of coal, from Mr. Henry Card.

A CHANCE FOR A PLEASANT EXCURSION.—The steamer Pocoin, Captain W. H. Cannon, leaves the wharf at the foot of Market street, at nine o'clock this morning, on an excursion up the Ashley to the phosphate works on the river. The steamer will stop at some of the most noted places on the river, giving the excursionists ample time for a walk among the grounds, shrubberies, &c. Tully will be aboard with refreshments, and every arrangement has been made to secure the comfort and convenience of those who wish to make this attractive trip.

THE MERCHANTS REMONSTRANCE.—The committee appointed pursuant to resolutions passed at the late meetings of the Chamber of Commerce and Board of Trade, left the city last evening for Columbia, for the purpose of laying before the committee of Ways and Means of the Legislature the views and remonstrances of the business men of the city against the passage of the stamp act and license bill. They are accompanied by three Aldermen from our City Council, and carry with them the earnest good wishes of all persons interested in the welfare of the city. The delegation are composed of the following gentlemen: Aldermen—E. F. Sweeney, Rev. F. Brown and G. A. Glover.

CHAMBER OF COMMERCE.—Hon. W. D. Porter, Wm. C. Bee, Jos. D. Alken, Wm. P. Hall, Jas. M. Carson, Edw. Willis. Board of Trade.—Dr. N. A. Pratt, G. Lamb Bull, Edw. Platt, A. D. Estill, Blake L. White, Jno. H. Devereux, A. Baron Holmes.

CLUBS AND STARS.—Peter Belmont, arrested for raising a disturbance in a house in Queen street, was fined two dollars.

James Gallagher, lodged for assaulting and beating Patrick Hawkins in Elliott street, had his case continued until this morning.

P. Donovan, for being drunk and abusing the police at the corner of Queen and State streets, was sentenced to pay a fine of two dollars or spend ten days in the House of Correction.

A party who could not take care of himself, was fined one dollar for being drunk.

A boy, named Edwin Sumter, was caught yesterday morning making two free with contents of a fill in a saloon at the foot of Market street. He was taken to the Guardhouse and will see the Mayor this morning.

Lydia Mitchell and Elvira Washington were brought before Trial Justice A. M. Mackey, yesterday morning, charged with beating Louisa Thompson on Wednesday evening, in John street, near Elizabeth. After a hearing, they were each sentenced to pay a fine of two dollars and costs or go to jail for twenty days.

WARDS OF THE POLICE COURT.—Like the wards of chancery they are always under age, but, unlike these, they are never interested in an estate. Where they come from few people know, but they generally make themselves heard at early dawn, enveloped in blankets, shawls, &c., upon the door-step of some honest and innocent individual. Nobody's children are immediately put upon the city, and hence these unwelcome strangers usually come blinking into the police court. They are on the decrease now. The city at present has four—three colored and one white. The white one is a girl, and two of the others are boys. They date their age like a writ, from the day they come into court, and they pick up names where they can. They are hardy little beings, and seldom die like other children. In fact, they take a pleasure in living, and meanies don't seem to affect them. The eldest on hand is just three years old, and the youngest was picked up five mornings ago at the street-door of a house in Bose lane. They are inspected once a month by the officer of the police, and on this occasion they and their foster mothers show to great advantage. They arrive of age before chancery wards, and if not adopted by somebody, generally find their way to the orphanage. They cease to be wards of the police court when they begin to talk and walk.

THE NIGHTLY AUCTION SALES OF JEWELRY by Leitch & Bruns, at the store of the late Mr. Spear, are immensely popular. By the advertisement in another column it will be seen that there will be no sales this (Saturday) evening.

How TO SLEEP COMFORTABLY.—The furniture trade have, for years, found it difficult to recommend any bed which seemed to combine all the advantages one desires in an article put to such constant use as a spring bed. But the newly introduced Wire-woven Mattress seems at last to supply the want. It consists of a strong fabric, formed of nine thousand feet of fine thinned wire, coiled into perfect springs, and all interlocked by an ingenious process of double weaving. When this pliable and elastic fabric is stretched on its proper frame, the result is the most perfect sleeping arrangement ever made. Among the special advantages claimed for this mattress are: 1st. That they never lose their shape. 2d. That they never need a repair. 3d. That they never

ACADEMY OF MUSIC.

Janauscheck's Tragedies.

The tragedy of Mary Stuart was repeated last night before a full, though not a crowded house. The acting of Madame Janauscheck was even better than on her first appearance here in the part.

This gifted lady may congratulate herself upon having drawn together the largest audience ever assembled within the four walls of the Charleston Academy of Music. On Thursday evening no less than seventeen hundred persons, by actual count, witnessed her Lady Macbeth. This was two hundred in excess of what had hitherto been deemed the utmost capacity of the building. The extra crowding was mainly in the family circle and among the "gods." The cash receipts on that evening were fifteen hundred dollars, the largest receipts at a single entertainment of any kind in Charleston since the war. There was some grumbling among those who found only standing room in the parquette, because the management would not allow chairs to be placed in the aisles for their accommodation; but a moment's reflection should convince all that every consideration of safety and justice to those holding reserved seats forbids any such obstruction of the means of egress.

There is to be a Chesney Wold matinee this afternoon, and Winter's Tale will be given this evening, with Janauscheck as Hermione.

THE COURTS YESTERDAY.

United States Court—Judge Bryan, Presiding.

The petition of the assignee for the sale of the real estate of his bankrupt, D. W. Moore, was referred to registrar Clawson to report.

Y. C. P. Bellinger and W. H. Bellinger, bankrupts as Bellinger & Sons, were granted their final discharge, in due form of law.

Richard Senar, of Manchester, England, gave notice of his intention to become a citizen of the United States, and received a certificate to that effect.

Wm. West was duly declared bankrupt on the petition of Wm. Mayfield, creditor, and was ordered to file his schedule, &c.

The judgment against James U. Adams, in favor of F. Adams, was declared a lien to its full amount against the estate of James U. Adams, bankrupt, and the assignee was ordered to pay the same from the first proceeds of the bankrupt's estate.

The case of L. H. Terry vs. H. W. Kramer, petition for the involuntary bankruptcy of the latter was argued before the jury, who were unable to agree, and a mistrial was ordered.

The case of the United States vs. eleven barrels of distilled spirits, seized, in the possession of Sheriff Mackey, of Charleston, for violation of the internal revenue law, was argued before the jury, and the marshal was ordered forthwith to deliver the property.

The assignee of Leander A. Bigger, bankrupt, was ordered to pay a claim of the United States against the bankrupt, as internal revenue stamp agent at Manning, S. C., out of the first proceeds of the bankrupt's estate.

Marcus L. Harvis, of Glarendon, bankrupt, was granted a final discharge in due form of law.

IN ADMIRALTY.—A warrant of arrest was ordered, returnable on the 6th of March, against the ship Bedington, on a libel by James Murphy and other seamen for wages due them.

IN THE CIRCUIT COURT.—An execution was ordered against the defendant in the case of Allen & Needles vs. Peter B. Bonneau, and the marshal was instructed to serve a copy of the same upon Messrs. Wm. Lawton & Co. Adjournd until eleven o'clock this morning.

THE LATE F. J. PORCHER.

The following action was taken by the board of control of the Confederate Widows' Home, at its last meeting:

Whereas, It has pleased God to remove from this life Mr. Francis J. Porcher, a member of the executive committee of the Gentlemen's Auxiliary Association of the Confederate Widows' Home, therefore,

Resolved, That in this sudden and unexpected disposition of Divine Providence, this institution mourns one of its earliest, most honored and most active friends; one whose practical interest and effort for its welfare never faltered, and upon whose wise counsels it had leaned confidently to rely.

Resolved, That in common with our whole community this board testifies its grief at a loss so great and lasting, and tenders to the bereaved family of our deceased collaborer the assurance of an unfading and profound sympathy.

M. A. SKOWNEN, President.

J. A. ADGER, Corresponding Secretary.

That they never lose their shape. 2d. That they never need a repair. 3d. That they never

make a noise. They are warranted to be as perfectly level at the end of five years as when first made, and to stand the test of one thousand pounds weight for ten days. No number bed of any kind is ever needed, and being in many cases a perfect sleeping appliance, with the addition of a blanket, a thinner mattress than can be used under any other circumstances is sufficient. On this account, and by reason of their extreme durability it is claimed that they are the cheapest bed in market. Being made only of metal and wood, no impurity or odor can gather on or about them, while the single thin mattress is easily handled on them and aired. The agency of this new and valuable household institution is at Silcox's Furniture Warerooms, corner King and Clifford streets, where the mattresses can be inspected.

ATLANTIC PHOSPHATE.

This FERTILIZER, manufactured by the ATLANTIC PHOSPHATE COMPANY, under the direction of their Chemist, Dr. ST. JULIEN RAVENEL, is now offered to the Planting Community AT THE VERY REDUCED PRICE OF \$48 PER TON CASH, or \$53 PAYABLE 1st NOVEMBER, 1872, FREE OF INTEREST.

This FERTILIZER has been very extensively used in this State, and has given entire satisfaction; some of the most practical planters admitting it to be equal to Peruvian Guano, pound for pound.

All sales made now will be considered as cash on the 1st of March, 1872, and to those buying on time the sale will be considered as due on 1st November, 1872.

By this arrangement planters will be enabled, without extra cost, to haul their Manure at a time when their wagons and mules are idle.

Pamphlets containing the certificates of those who have used the ATLANTIC PHOSPHATE will be furnished on application to the Agents.

IMPORTANT TO PLANTERS AND FACTORS.

MIDDLETON'S FISH AMMONIATED PHOSPHATE.

This excellent brand of FERTILIZER comes before the public well recommended. Having been prepared with great pains and best material, its adaptation to the crops of this section is unquestionable, the evidence of which is furnished by the following testimonials of Professors SHEPARD and J. B. BISSELL, Esq., which we annex as follows:

OFFICE OF THE STATE INSPECTOR OF FERTILIZERS, March 31st, 1871.

Messrs. J. A. ENSLOW & CO., General Agents of the Atlantic Phosphate Company, New York, N. Y.:—I have examined the sample of "Middleton's Fish Ammoniated Phosphate," selected by my assistant from the cargo just arrived. The large amount of organic matter, rich in ammonia, and the highly soluble condition of the phosphoric acid, are sufficient recommendations for its use in favor of your Fertilizer.

I have not only analyzed, but also used it, and therefore, I can testify to the difference in yield, but the growth and vigor of the stalk proved to me the superiority of Middleton's Fish Ammoniated Phosphate over the other Fertilizers used. Very respectfully, yours, (Signed) J. B. BISSELL, Inspector of Fertilizers for South Carolina. CHARLESTON, S. C., December 12, 1871.

Messrs. J. A. ENSLOW & CO., Agents Middleton's Fish Ammoniated Phosphate:—Gentlemen—I have experimented with the one ton of Middleton's Fish Ammoniated Phosphate which I procured of you, and beg to state that I applied it to Rice alongside of the Phosphate Manures manufactured in this city and vicinity, and the result was decidedly in favor of your Fertilizer.

I have not only analyzed, but also used it, and therefore, I can testify to the difference in yield, but the growth and vigor of the stalk proved to me the superiority of Middleton's Fish Ammoniated Phosphate over the other Fertilizers used. Very respectfully, yours, (Signed) J. B. BISSELL, Inspector of Fertilizers for South Carolina. CHARLESTON, S. C., December 12, 1871.
