The Charleston Market. TOB THE WEEK ENDING THURSDAY, FEBRUARY 29.

THE CROPS .- T. weather for most of this time presented favorable conditions for agricultural 1abor, having been moderately cold and generally dry, and has promoted the disappearance of the excess of moisture which interfered with work. Preparations for the coming planting has proeded uninteruptedly, and without any prominently obstructing event. The week closed somewhat unsettled, with rain. THE RECEIPTS .- The arrivals at the cotton ports

for the week up to Friday last were 77,037 bales, against 88,966 the week before and 136,661 for the period last year. At New Orleans the supplies were 87,515 bales, in contrast with 62,780 the corresponding time the year previous. The total receipts at the cotton ports from September 1, 1871, up to the latest dates, were 2,205,813 bales, against 2.865,770 last year, showing a decrease of 660,957 bales. The supplies at the principal Southern markets from September. 1, 1871, up to the latest telegraphic intelligence, as compared with

the year before, were as tonows.

Sifitts turpentine is thoroughly demoralized for the mement, and no positive market price can be given, although some parties quote about 35c. Dealers are waiting to see what will turn up at Wilmington; the market the e was lower to-day, and should it dec ine further parties here would probably buy, but, she ald it advance, prices here of course would stiffen and give the few holders who control the majority of the st ex the advantage. Rosins are moderately active and stady. Sales 1100 bbis strained at \$4 70; 500 bbis do at \$475, and 12 bbis No 1 at \$5 75. Tar is more active, with sales of \$0) bbis Wa-hington at \$3 37%, and 200 bbis Newbern at \$3 25. Pitch is quiet but firm at \$4 87%35.

New York Coffee Market.

New York, February 28.

The Daily Bulletin says: A more dull and stupid maket could scarcely be imagined than the one now under review for say a week or ten days past, and a stereotyped report of the position has been given by dealers daily. The whole difficulty is claimed to arise from the uncertainty as to what will be done with the tariff, and the trade generally complain loudly of the delay in the settlement of the question. A few country dealers are obliged to secure small lots to make good an entirely depleted stock, but they buy no more than is absolutely needed, and this movement embraces about all the business doing. As to values, they are, of course, still nominal, and quotations almost useless. On duty-paid goods some concessions have been made since the duliness set in, but nothing of an important character, and though bids are considerably reduced, we do not think a pound of desirable coffee in hand could be bought at any lower rates. Still, as before noted, everything just now is in a nominal condition, and values cannot be decided upon until goods commence to move. For the day the market for Brazils remains extremely dull and without sales, New York Coffee Market. commence to move. For the day the market for Brazils remains extremely doll and without sales, but the apathy on West India grades has been somewhat broken by the sale of 2755 bags Maracalbo, per "impulse," at about 19%c gold. The stock of Rio at the ports, as made up by Messrs. Wm. Scott & Sons to-day, was 166,151 bags, including 3500 at Galveston, 10,144 at New Orleans, 4800 at Mobile, 1500 at Savannah, 25 34; at Baltimore, and 120,853 at New York. We quote Rio, gold, in bond, nominally as follows: Ordinary cargoes 18%a18%; fair 17a17%; good 17%a17%; prime 18%a18%c.

NEW YORK. February 29.
Arrived, steamships Moro Castle, Selince and City of Brooklyn. MEMORANDA.

The schr Lucy D, which arrived at this port of

the 27th from Boston, reports bad weather to Hat-teras. On the 19th, a terrific gale sprung up from NE to N NE, accompanied with heavy squalis of wind and rain; 11 F M, the sea was breaking over

wind and rain; 11 P M, the sea was breaking over the vessel in every direction, and hove to under toptail and close reefed mainsail; 6 A M, on the 20th, split mainsail, wind breaking every hoop at-tached to sail, and was obliged to lay under top-sail alone; 12 noon, set another main topsail, a fearful sea running all the time and breaking over the vessel, causing her to leak in her upper works; 12 midnight, gale moderated, wore ship and made sail; dark and gloomy weather up to the 25th, and pleasant weather rest of passage.
