TOURNAMENT OF THE HAND ENGINES. Arrival of Visiting Companies-New Prizes, dic.

The second annual tournament of the Hand Engines of this Department takes place today under the auspices of the Fireman's Union. The companies will assemble at the Citadel Square at half-past eight o'clock, A. M., where the line will be formed by the clerk, assisted by the committee of arrangements. It will then be turned over to the chief and his assistants, and will move through Cathoun to King, down King to Hasel and through to Meeting, down Meeting to Market and through to East Bay, down East Bay to Broad and through by the City Hall, where the column will be reviewed by the Mayor and Council, and counter-marching at Logan street, where the ex- | uateer Rifle Club was presented by Director D. ercises will begin as per programme. Each engine will run three hundred yards, with one man to every hundred pounds of the weight Messrs. Goldsmith & Son with a fine set of of the engine, to the fire-well at the corner of King and Broad streets. They will have to put down their suctions, reel off fifty feet of hose and play fifty feet. After this contest the for at the Festival: A handsome lava smoking dictance playing begins, and prizes have been

put up for each of the trials. On Saturday afternoon the Vigilant Fire Engine Company, of Columbia, (hand,) Jno. Dennison president, arrived by the South Carolina Railroad to take part in the parade and tournament. They were received at the depot by a strong turnout from the various hand engine companies, with a band of music. and escorted down King street to the enginehouse of the Union Star Fire Company, where the visiting engine will be housed during its stay. The Vigilants number about forly-five men, uniformed in light leather caps, blue fiannel shirts, with red facings, and black pants. Their engine was rather uniquely decorated with a huge rattlesnake, coiled along the brakes from one end of the engine to the other.

At half-past seven o'clock yesterday morning the Cape Fear Fire Company, No. 3, Jas. Bichardson, foreman, arrived on the Northeastern Ballroad from Wilmington, N. C. Their uniform consists of a blue flannel shirt with red facings, blue cloth hats with leather front-piece, bearing the rank of the officer and the number of the squad to which the wearer, if a private, may belong. The engine of the company being the property of the city could not be spared, but the visitors brought with them a fine band of music. They number about fifty men, and with the other visiting companies are entertained at the headquarters of the Firemen's Union, in Bereaford street.

In addition to the prizes already described are allver trampets, a pair of electro-plate goblets, presented by Lieutenant Governor A. J. Bassier, and other prizes to be brought out during the day. The stands, &c., have already been put up in Broad street, and every preparation is being made for a large gathering and a sharp contest.

THE AUGUSTA EXCHANGE has been organized by the election of the following officers: W. F. Herring, president; W. S. Roberts, vice-president; H. H. Hickman, treasurer, and Messrs. Russell, Clark, Phinizy, Wheless, Sibley, Cohen and Jackson directors.

A TESTIMONIAL TO JUDGE RUTLAND .- A heavy gold-headed ebony stick was to be seen at the establishment of Messrs. Carrington, Thomas & Co., on Saturday, which is intended as a present to Judge James M. Butland, from the members of the bar of the Fourth Circuit. The stick is a very handsome one, and is rendered doubly valuable as a testimonial of the. kindly feelings which exist between the bench and bar of the Fourth Circuit.

ANOTHER DIRECTORY. -Mr. T. C. Jowitt, whose "Charleston City Directory and Business Register " has become an established feature in this city, and an absolute necessity in every office and counting-room, announces that the edition for 1872-73 is in active preparation and will soon be issued. It will contain a new map of the city, corrected up to date, and various other improvements which con-

EXPORTING PHOSPHATES .- The British bark Henrietta cleared at the Customhouse, on Saturday, with 900 tons of phosphates and 345 bags of cotton seed, consigned to London, by Messrs. Wagner, Huger & Co.

CRUMBS .- The children of the Unitarian Church had a picnic on Saturday, at Mount Pleasant.

Firemen and boys were as plenty as blackberries along the streets on Saturday. The Union Star have a large white banner stretched across King street, in front of their engine-house, and inscribed thusly : "Welcome to this City, our Fire Brethren of Beau-

stand, by Mrs. M. A. McNamara, No. 128 King street, and a pair of silver salvors, from Mr. D. A. J. Sullivan.

DAMAGE BY LIGHTNING .- The city was visited last Saturday afternoon with a brisk shower, accompanied with vivid flashes of lightning and violent thunder. The sloop James L Brandt, which was coming down Cooper River, was struck by the lightning, the mast was shattered and the occupants of the vessel, two young mon named Hamlin and McDowell, were considerably stunned, although neither of them sustained serious injuries. At about eleven o'clock at night there was another thunder shower, during which a house on the eastern side of the city was struck by lightning and the chimney knocked down.

"TAKE WARNING BY HER."-About ten o'clock Saturday night, Mrs. M. C. Aliman, residing in the upper part of the city, got out of her house and into a serious row on the street, by interfering with a passer by. She was arrested and taken to the Guard-house and her husband sent for. The latter came and upon finding out how things stood, coolly told the police to keep her there, as she was insane. Mrs. A. became highly excited at this, and went on in a way which only con. firmed the allegations of the husband. She was soon locked up to be out of harm's way, and Mr. A. left the scene of action for a peaceful home.

HARD ON THE MULE .-- On last Wednesday a young man ridlog upon a mule had just time enough to reach his father's place, about three miles from Winnsboro', whither he had been on business, when it began to rain heavily. Stripping the saddle and bridle from the mule, he jumped into the plazza of the house out of the rain, and let the animal go. The latter walked off a few yards, and was about to enter the door of the stable, when a flash of lightning came and it fell dead in its tracks. The young man was metaphorically thunderstruck, but the mule . as literally so, and has gone the way of all flesh.

CURTAILING FUN .- On Saturday afternoon an immense excitement was created on Meeting street, near the Mills House, by the sudden appearance of an unfortunate cur racing down the street with an empty lobster can tied to his narrative. The frightened animal, in its efforts to leave the trundling torture behind, dashed into Inglis's fashionable hair-dressing saloon, causing the occupants to vacate the premises in all the blooming glories of lather and champoo, &c. It was soon found, however, that the dog was not mad, and having

been freed of the appendage the animal went its way, leaving the occupants of the saloon to laugh over their sudden discomfiture.

WHITSUNDAY OR PENTECOST .- Yesterday was observed in the Roman Catholic, Protestant Episcopal and Lutheran churches as Whitsunday, commemorative of the descent of the Holy Ghost on the day of Pentecost. Whitsunday occurs ten days after the Ascension,

and derives its name from the fact that on this

Right Rev. Bishop Lynch administered the rite of confirmation to eighty-one persons in St. Patrick's Church. Of these five were adults.

STEALING TOOLS .- About two o'clock yesterday morning Isaac Pontoux, a colored boy, was arrested on the street with a large lot of carpenters' tools in his possession. The prisoner was charged by a colored man with having stolen the same, and was locked up for examination. The tools may be seen at the upper Guardhouse.

THE NEW YORK FRUIT MARKET .- The Daily

Bulletin of Saturday says: Apples are in light demand, and unchanged. Strawberries are plenty; some 2000 crates ar-rived to-day, and sold at 20a255 per quart. We quote as follows: Strawberries 15420c per quart. Apples, mixed lots, fair, \$444 25; do. prime, \$4 50a5; rustets, Roxbury, \$5a5 50; tayorite varieties \$5 75a6.

> IMPORTANT TO DRUGGISTS AND APOTHECA-RIES.-By the late act of the General Assembly all persons engaged in these professions are required to take out a license from the Medical College, and attention is invited to the advertisement of the Dean of the Faculty in another column. The faculty will meet every Wednesday at the Medical College for the purpose of granting licenses. Applications for licenses should be left at Mr. Barbol's apothe-

cary store, No. 48 Broad street. SKIRMISH ON THE SHELL-ROAD .- Yesterday fternoon, about six o'clock, two colored men had a pitzhed battle with their fists on the shell-road, opposite the Old Magazine. The smaller one, finding himself getting the worst of it, drew a knite and gave his more powerful antagonist a slash across the left hip. The big one now swore at the top of his voice that he was murdered, and/tearing a long board from the fence, began to belabor the litte one over his head and shoulders. The latter, however, stumbled across a large stone, which he

caught up to throw. Hig big antagonist saw what was coming, and, seeing that the small man intended to leave no stone unturned to win, took to his heels in a style which defied pursuit. The crowd which had gathered cheered the little man, who strutted around for some time, in a high state of excitement

and elation. THE NEW YORK VEGETABLE MARKET .- The Dally Bulletin of Saturday, the 16th instant,

PERSONAL .- Mr. Salem Dutcher, of the edltorial staff of the World, was in town last Saturday, on his way to Augusta, where he expects to remain a few days on a visit of pleasure and personal business. Mr. Dutcher is a careful observer and a forcible writer, a gallart ex-officer of the Confederate service. and has accomplished a great deal during his connection of some years with the World, and especially in his communications to that paper. during a rather extended tour through the South in the spring of 1871, toward correcting the malignant misrepresentations concerning the conditton of this section, which have been so industriously circulated at the North.

TOUR OF EUROPE.-Colonel J. R. Johnston opens his celebrated panorama of a tour in Europe to-morrow evening at the Hibernian Hall. The panorama opens with a scene at the huge emigrant depot at Castle Garden, New York, whence, in company with the humorous colonel, the spectators are figuratively transported through Ireland, Switzerland, France. Italy, the Holy Land, along the Raine, &c., the peculiar traits and striking characteristic of the country being fixed by scenes both grand, curious and amusing. The colonel accompanies the exhibition with an interesting and humorous lecture, embodying his experience in these strange lands and places, and will also sing the beautiful ballad of Kate Kearney. The prices of admission are reasonable, and one hundred valuable presents will be awarded each night.

GRAND IRISH FESTIVAL .- One week from today will be given at the Schutzenplatz a grand festival under the auspices of the Irish Rifle Club of this city. In another column will be found a programme for the parade and subsequent festal amusements in detail. Pentecost was one of the three great festivals of the Jews, on which every male was obliged to appear before the Lord at the tabernacle and afterwards in the temple. The modern Jews celebrate it during two days, which they keep like those of

was killed by the up train on the Wilmington and Manchester Ballread, one mile above Florence. The men on the train, as they passed up, saw that some one was run over, and backed down to the place. They found the body of a white man, who had evidently been run over, with one leg and arm cut off and the body otherwise fearfully mutilated. The blood upon the body was hard and clotted, and did not flow as from a person who had just been killed. Near by was lying J. C. Peixotta, E. M. Nathan and lady, Columthe body of a colored man whom they took to be dead and raised upon a plank to take back

to Florence. As they raised him he came to his senses suddenly and said he was all right. He stated that the white man and he had accidentally fallen asleep on the road while waiting for the train. He had been in a sitting

posture, and was only knocked aside and stunned. The body of his companion was taken back to Florence where an inquest was held yesterday upon it.

CATOOSA SPRINGS .- Now that the warm weather is upon us, our citizens begin to feel the need of relaxation-the necessity of fleeing to some place, where, free from the cares of business and the heat and turmoli of the city, they can find both health and pleasure. To such there is no place like the celebrated "Catoosa Springs," lying in the Piedmont region of Georgia, twenty-five miles southeast of Chattanooga, Tenn., and within two miles

of the Western and Atlantic Railroad. These springs, fifty-two in number, embrace every variety of mineral water found in the

famous mountains of Virginia. White, Red and Black Sulphur, Alleghany, All-Healing and Chalybeate, Magnesian, Soda and Iodine; as also the waters characterizing the Montvale Springs of Tennessee and Indian Springs of Georgia; all of which are to be found here in abundance, affording a certain
