A BABY PRINTER.—The other day, Sidney Alexis McMillan, son of the proprietor of the Marion Crescent, set 5600 ems in nine hours. He has, however, been assisting in the office for two months, occasionally setting a stick or two of type.

CHARLESTON MOUNTED CLUB. - A meeting o the members of this club was held last evening at the Mills House for the purpose of reorganizing. The affairs of the club were discussed at length, and a committee of five appointed to examine into the same and report next Friday night, until which time the meeting adjourned. An election for officers will then take place, if the number of members warrant it, and also the style of sabre to be used will be determined on, after hearing the report of Mr. Chapeau, who was appointed a committee of one to make the selection.

CORRECTION .- In the proceedings of Council published yesterday morning the name of Alderman Brown appeared in two places, instead of the name of Alderman Bowen, in the discussion relative to the Enterprise Rallroad and the employment of counsel to test its right to dig up the streets. Alderman Brown was not present at the meeting, and it is but due to Alderman Bowen to say that he voted against the employment of counsel at a cost of two thousand dollars, in the first icstance, and strenuously and uniformly opposed the mea-

ACCIDENT AT STEINMEYER'S MILL.-At about zine o'clock yesterday morning the cast-iron front of the fire-box supporting the boiler in Steinmeyer's Mill, at the foot of Beaufain street, suddenly gave way and tell. The accident dislodged the boller and broke the water pipes, and the hot water contained in the boller was forced out by the steam and severely scalded a colored fireman who was standing just in front of the boller. The wounded man was promptly attended by Dr. Prolleau, who pronounced his injuries very severe, and possibly fatal. The accident will probably interrupt the business for about one week.

A DEVILISH ATTEMPT .- Last Monday night some scoundrel went to a new wooden building in Queen street, near King, where a family reside, and pouring a lot of kerosene oil from a bottle upon the floor near the door threw a lighted match into it. The first attempt failed, and the house-burners were alarmed in their work, and left before they accomplished their design. The bottle of kerosene, the half-burnt match and the oil upon the floor told the family of the horrors they had escaped, and the circumstance was at once reported to the officers. Nothing has since been heard of the parties.

CLUBS AND STARS .- Not a single offence against the peace of the city was reported at the Mayor's court yesterday morning from th upper wards. From the lower wards a colored youth, named John Brown, found asleep in the market, was discharged, and the case of twenty-seven barrels of fish, not removed from Venning's wharf, under the orders of the city registrar, was suspended until both par ties could be heard. The streets are now remarkably quiet, except certain portions of East Bay and Meeting streets, where the workmen on the Enterprise Railroad are making things ring to the music of the pick and

SAILING OF THE GEORGIA-A SUMMER CARGO This capacious steamship, of the '-Iron Line," went to sea yesterday morning with a very large and valuable cargo, and cabins full of passengers. Our readers who are apt at estimating quantities can amuse themselves by figuring the total in cubic feet of this "summer cargo," and will, no doubt, come to the conclusion that Charleston is about the only port, South, that is in the way of furnishing such a bulk of freight for a single New York steamship. The exports by this steamer, which can be found in its proper column, is conclusive of the advantages of this port over neighboring ports, whose trumpeters are dways at work disparaging "the City by the Sea." When either of them can send to New York sixteen hundred bales of cotton and the enormous bulk of other cargo, taken out by the Georgia, we shall be pleased to make a note of it. The South Carolina is the next dispatch on the "Iron Line," and passengers and shippers will note that she is appointed to sail from Union wharves on Tuesday afternoon, June 4th, at six o'clock precisely.

THE IRISH FESTIVAL .- In the hurry of making up the record of the target shooting on Tuesday afternoon, for the award of prizes few errors were made by the committees, which have since been rectified and which should also, as a matter of justice to the marksmen, be corrected in the published reports. In the case of the Carolina Rifle Club the aggregate number of centres made by the club should have been stated as 231 instead of 211; the number made by Mr. J. W. Lewis, who won the first prize, 100 instead of 98, and the number of Mr. E. A. Smythe's score, which carried off the second prize, 75 instead of 73. The prizes for the tilting at the head and ring by the Charleston Social Mounted Club consisted of a silver mounted bridle and spurs. and a riding whip presented by the Irish Rifle Club, and a fine bridle and a handsome saddle cloth presented by Messrs. Chapeau & Heffron, saddlers. They were won respectively by Sergeant Pelper, and Messrs. Doyle; H. Appler and M. Hogan.

The marksmen of the German Rifle Club used the celebrated Happoldt and not the Hapsburg rifles. The former are made by Mr. J. H. Happoldt of this city, who won the general prize and also the first of the prizes offered to the German Rifle Club, scoring 179 centres.

THE NEW YORK VEGETABLE MARKET .- The Daily Bulletin of Tuesday, May 28, says: The potato market is dull and heavy for old

descriptions. The feature of the vegetable market at present appears to be centred in Bermuda onlone, and there is an active speculative demand. The bulk of the stock appears to have been quietly bought up oy a few parties whose intentions, we are told, are to hold for an advance; the market at the close

AMUSEMENTS.

Colonel Johnston very kindly entertained the children of the Orohan Asylum with his Panorama of the Old World, at Hibernian Hall, vesterday afternoon, and the little folks appeared highly delighted with the trip, and the interesting lecture with which the Colonel is in the habit of accompanying it. Last evening another exhibition was given to a large and appreciative audience, including the ladies of the Confederate Widows' Home. The New Panorama,

Next Monday evening, at Hibernian Hall, the new panorama of the United States, which is emphatically a home enterprise, having had its inceptic, and birth in Charleston, will be exhibited for the first time in public. The paintings are spoken of by those who have been favored with a private view as remarkably truthful, effective and artistic, and the range of views presented is particularly ineresting to Charlestonians. The opening cenes of the panorama are devoted to the most striking localities in this city as they existed before the fire and the war had made such havoc with its beauty, then are given life-like paintings of cities and scenery in various parts of the country, and finally series of sentimental and humorous sketches, including some pictures of great beauty and some that are irresistibly comical.

Any one can thus prepare his glass of tarwater at the moment he requires it, thus economizing time, facilitating carriage and obviating the disagreeable necessity of hand-
