Sultivan's Island Presbyterian Church This church will be dedicated to-morrow, when the services at 11 A. M. and half-past 4 P. M. will be conducted by the Rev. Dr.

Forrest. Miscellaneous Notes.

The average sa'ary of Baptist ministers is

said to be seven hundred dollars. The Abbeville Baptists wish to buy a lot and

build's house of worship. They need \$4800. Mr. Henry Smith, of Alken, has donated the lot on the northeast corner of Barnwell avenue and Pendleton street, for the proposed rec-

tory of the Episcopal Church. It is rumared that Bev. Mr. McBryde, pastor of the Aiken Presbyterian Church, has resigned his charge, and will accept a call from

some church in Alabama. Mesouri has a larger number of Baptist churches than any other State in the South, having 1250. Georgia has the largest church

membership, having 110,006. The Baptist Church at Anderson is now without a pastor. There is some probability that they will extend a call to the Rev. I. Golden. form-riy of this Brate, but now in Wastern

Merc Yunk The Abbeville Raptists are preparing to estabilish mission stations at Ninety-six and Cokesbury, on the Greenville and Columbia Rallroad, and at White Hall, in lower Abbeville. They will be supplied for the present

by Eiders W. B. Jones and T. H. Pope. The centennial anniversary of Cannon's Creek Church, Newberry County, will be celebrated on the 19th instant, on which occasion the public, far and near, are most cordially invited to attend. Addresses will be made by several gentlemen, among whom are Rev. H.

T. Sloan and J. F. J. Caldwell, Esq. The Working Caristian learns from published statistics that there are, in South Carolins, one hundred and fifty to two hundred Baptist churches in excess of the number of Richard Michel fought for the possession of a

ministers, there being something near five hundred churches and only about three hundred ministers. In the course of Rev. Mr. Carlisle's address

fined fifty cents aplece. before the Marion street Sunday-school on the noon and created a disturbance in Montague 4th, he gave the following statistical inforstreet. He was turned over to a trial justice mation to his hearers, viz: There are in the United States about twenty thousand Methostreet and indulging in abusive language to dist Sunday-schools, two hundred thousand wards a policeman, was given the option of teachers and one million five hundred thoupaying one dollar or spending ten days in jail. sand scholars.

with lumber and shingles, and upon the beach

near by are large piles of new brick, evidently

just discharged. Nor is the impression made

by the appearance of the wharf and its sur-

heart of the island. On every side are brand

new buildings, the growth of the past spring

and the present summer. Besides the large

number already completed, no less than ter

THE LAURENS RAILROAD CASE .- This case

was brought before the United States Court

yesterday. The assignee reported the sale of

the effects, and asked that the sale be con-

firmed by the court. Messrs. Pressley, Lord

ker, on the part of the creditors of the road,

moved that the sale be set aside on the

ground that the effects had been sold for less

than sixty-four thousand dollars, the price

fixed by the order of sale. The judge grant-

A RUNAWAY.-Two horses attached to a car-

riage containing a lady took fright yesterday

on Spring street near Coming, and dashed off

in the direction of King at a startling pace.

The driver succeeded in jamming the vehicle up

against the sidewalk, when both of the horse

broke from the harness. One or two of the

window glasses were broken, and the horses

slightly bruised about the hind legs, but no

further damage was done. After the carriage

was stopped the lady lost no time in getting

out, and vanished. The turnout belonged to

THE CATERPILLAR IN THE RICE.-BICE

planters on the Cooper River report the

presence of large numbers of caterpillars

which are very destructive to the growing

crop. The first brood that appeared attacked

the rice while young, and it recovered from

their ravages, but the present swarm are

eating every thing before them, and the pros-

pects for this staple looks gloomy, as it is too

late to replant. One gentleman on the

Cooper River, who controls a large planting

interest, drew the water from a postion of his

place, and as the river was too salt to allow the

looding of the fields, he turned a drove of

turkeys on them, and though the piants and

grounds were alive with the worms they

were gobbled up by the turkeys, which proved

very efficient in ridding the fields of the

COTTON PICKING BY MACHINERY .- The Jour-

nal of Commerce says: "A cotton gathering

machine was exhibited lately in the Cotton

Exchange. It is in the form of a double car,

open in the middle, and supported by a large

wheel on each side. It is drawn by two mules

who walk between the row of plants . As it

moves forward, the plants between the mules

pass into the open space between the cars

and are caught by a series of metallic finger

which allow the stalk and leaves to pass, but

catch the boll, break it from the stalk, carry

it to the interior of the car and drop it on at

DEATH OF GENERAL EASILEY.

FASTEST TIME ON RECORD.

A House Bullt in Nineteen Days.

A number of gentlemen yesterday morning oined in congratulating the Devereux Brothers on their feat of building a large two-story house, on Sullivan's Island, for a Charleston merchant, in nineteen working days. The time allowed by the contract was thirty days, and it was not required that the fitting up of the house should be finished in that time. The idea of doing even as much as this in only large crowd of visitors and residents. The thirty days was hooted at, but the Devereux Brothers took the bit in their teeth, and having the hearty co-operation of Mr. W. P. Russell, of the sash and blind factory, completed the work, in every respect, in a little more more persons are assembled together around than half the time allowed them. The house is seventy-five feet long, twenty-five wide, and two-stories high, with plazzas and chimneys, and lathed, plastered and painted in a thoroughly workmanlike manner.

This is quicker time, for the work done, than has been made in New York or Chicago !

THE MEDICAL COLLEGE OF SOUTH CAROLINA.

The forty-fourth course of lectures given by this time-honored institution will commence on the 15th of October next and terminate on THE STEAMER FALCON .- Passengers by this the 15th of March following. Some imporsteamer need not go aboard until half-past tant changes will be made in its management and conduct. There has been an increase in the length of the term of study and the number of professional chairs, Dr. F. Peyre Porcher has accepted the chair of clinical medicine, and Dr. J. Ford Prioleau that of the principles and practice of obstetrics. The faculty have also decided to offer medical students a complete course of tree lectures during the coming season, leaving only those charges which are necessary for the maintenance of the college, such as fees for matriculation, graduation, &c. amounting in all to fity dollars. The anaual announcement of the trustees and faculty will be issued in a few days. Eureka, have arranged for a triendly race off

CITY IMPROVEMENTS.

The store of Messrs. Adams, Damon & Co., in Broad street, next to the corner of State, is being thoroughly remodelled and repaired. The rear wall has been pulled down, and an addition one hundred feet long made to the building. The ceiling will be raised three feet, and new floorings put in. The wall of a building also owned by the firm, fronting on State street, will likewise be taken down, and the two thrown into one large store, L shaped. with an entrance on each street. It will be occupied, as formerly, by the firm as a depot for stoves and other articles in the house-furnishing line. The work is being done under the supervision of Mr. W. S. Adams, one of the firm, and will be completed about the

middle of August. In Hayne street, near the Charleston Hotel stables, Mr. J. W. Sawner is erecting for the city a brick building, which will be occupied by the Young America Steam Fire Engine Company. It is twenty-turee feet front by forty feet deep, and two stories high. The ower story will be used as the engine-room, and the upper as a hall for the meetings of the company. It will be completed about the first of September, and will fill up a gap that has long di-figured Hayne street.

The interior of No. 318 King street, opposite Liberty, has been overhauled and repaired, and fitted up as a wholesale liquor and cigar store by Messrs. Syrne & Fogurtie. It will be

impleted in a day or two. A shed is in course of erection upon a lot in Cannon street, adjoining the rear of the upper Guardhouse, for the accommodation of ani mals found roaming about the streets. It is the work of the city.

THE COURTS YESTERDAY.

The Criminal Court. The Criminal Court was opened by Judge

Lee at 9 A. M. yesterday.

E. F. Benedict, S. Rivers and C. Arnett were found gulity of violating the State license law, and bench warrants were ordered to be issued for their arrest.

A verdict of not guilty was rendered in the case of the State against Cyrus Rivers, for assault and battery.

A nol. pros. was entered in the case of Hen ry Baker, charged with assault with intent to kill and assault and pattery. The grand jury made the following returns
