THERMOMETRICAL.

The range of the thermometer Saturday and Sunday, at the drug store of Mr. Joseph Blackman, on the south side of Broad street, was as follows: Saturday—8 A. M., 82; 10 A. M., 84; 12 M., 84; 2 P. M., 82; 4 P. M., 82; 6 P. M., 81; 8 P. M., 81.

RELIGIOUS INTELLIGENCE.

The Protestant Episcopal Cemetery. A movement is on foot to establish a Protestant Episcopal Cemetery in the suburbs of this city, which will be placed under the management of an executive board, consisting of eight laymen and the city missionary of the Episcopal Church, who will regulate all matters relating to the granting of the right of interment therein.

Scholarships for South Carolina Students. The graduating class of the Parochial School of the Holy Communion go to enter Union College, Schenectady, where scholarships have been provided for them, through the liberality of the Rev. Dr. Potter and others of the Diocese of New York.

A New Clergyman for the Diocese. The Rev. William H. Johnson, just ordained at the Theological Seminary in Virginia, after a course of three years study, has reported to the bishop of this diocese and entered upon his charge, the Church of the Messiah, north Santee, where he had been expected for some months past.

Travelling Agent for the Record. The Rev. P. F. Stevens will spend the months of August and September itinerating through the middle and upper parts of the diocese in execution of his office to further the interests of the Record and the interests of the Monthly Record. Bectors and ministers in charge will help the cause by communicating with him as to their appointments.

A Charleston Clergyman Sails for Europe. The Rev. C. C. Pinckney, rector of Grace Church, sailed from New York for Europe by the steamer of the 27th ultimo. In his absence the rector has arranged for services by the Rev. J. Mercier Green on Sunday mornings and special occasions.

Honors to a Charleston Clergyman. It will give his many friends much pleasure to know that the Rev. James H. Elliott, rector of St. Paul's, has been distinguished by receiving from Hobart College, Geneva, New York, the honorary degree of doctor of divinity. As the unanimous testimonial of a time-honored county institution to a presbyter laboring in a distant section, it should be particularly gratifying to all.

CHARLESTON COUNTY TAX SALES. The following pieces of real estate were knocked down to the State Saturday for the taxes due on them: Keith, Susan, 600 acres, Sixth District, \$186 71; Hart, Hamilton J., 470 acres, Sixth District, \$36 50; Leathers, Thomas E., 876 acres, Sixth District, \$7 33.

This completes the sale. Parties whose lands have been knocked down to the State will be allowed ninety days to redeem. All lands remaining unredeemed at the end of that time will be sold at public outcry.

CAPTAIN DANIEL ZEIGLER, of St. Matthew's, died at his residence on the 29th ult. Mr. Zeigler was in his seventy-eighth year, and had been in feeble health for some time previous to his demise. He was a soldier in the war of 1812, and was a faithful and devoted son to his State.

THAT PORT ROYAL RAILROAD.—The Beaufort Republican gives the following table: Trains leave Port Royal every one in a while, reach Yemassee, it possible, connecting with a train on the South Carolina Railroad. The whole under the direction of Divine Providence.

The Tuesday's train did not get in until about twelve M. Wednesday. The valves of the engine got out of order and put out its fire."

KEROSENE EXPLOSION.—J. M. Sawadski, a baker, residing at the northwest corner of Columbus and Nassau streets, was severely burnt on the right arm by a kerosene explosion, last Friday evening. He was standing beneath a large lamp used for lighting his store, holding a small lighted lamp in his hand. The former suddenly exploded, covering his clothing with a shower of kerosene, which immediately ignited from the lamp in his hand. He extinguished the flames by plunging into a large tub of water which fortunately stood near by. Yesterday he was doing well.

BATHING PLACES FOR THE BOYS.—A notice was given by The News more than two weeks ago that a movement was on foot to secure suitable places on each river where the boys of the city would be allowed to bathe without interference on the part of the police. The chief of police now publishes an advertisement in another column designating the extreme end of Broad street, beyond the ruins, with Gadsden's Creek on the west, and Vardell's Creek with the Central wharves of John Fraser & Co. on the east side of the city, as recognized places for this purpose. Persons found bathing elsewhere will be arrested and carried to the Guardhouse.

CRUMBS.—No business of any importance was transacted before Judge Graham Saturday.

On the 16th two murderers are to be executed in Richland, and on the 23d another murderer will expiate his crime in a similar way in Lexington.

The Savannah papers are still growing about the failure of their Northern mails, and the factious Advertiser savagely suggests that Mr. Postmaster Trot should get faster trotters.

There was a grand display of the aurora borealis at Columbia on Friday night. The northern heavens were brilliantly illuminated. The supposition is that the glorious news from North Carolina had something to do with the display having been gotten up in honor of the event.

THE BLUE RIDGE SUIT.

Queer Tactics of Corbin—Effort to Throw the Road into Bankruptcy—The Findings from North Carolina.

FROM OUR OWN CORRESPONDENT. COLUMBIA, S. C., August 3. The case of John M. Mackay vs. the Blue Ridge Railroad Company has been postponed on account of the amendments to the complaint made by Mr. Corbin, or I should rather say the postponement was first made at the request of the defendants; but the amendments will probably lengthen the time of postponement, as the defendants must be allowed, if they desire it, twenty days in which to file their additional answer to the amended complaint. Mr. Corbin's amendments are not such as his remarks before the judge at the time he requested leave to make them led persons to expect. There are no new allegations of fraud on the part of the officials of the road which were premised; nor do the amendments seem intended in the least for the benefit of the stockholders.

On the contrary, Mr. Corbin seeks to throw the road into bankruptcy, in which event the stockholders must lose everything, or very nearly so. It is very difficult to see how the interests of the city of Charleston can be conserved by putting the road into bankruptcy, and thus destroying the stock of which Charleston owns a million dollars. This, however, is a matter which the people and the authorities of Charleston can best determine.

The private stockholders here are very wroth, and say that Corbin is acting in the interests, not of the City of Charleston, but of the interests of one or two other parties. These parties, it is said, own a majority of the bonds of the road, and desire to put it on the market that they may purchase for a trifling amount and own it, leaving the present stockholders in the lurch. Here is a copy of Mr. Corbin's amendment, which, upon the face of it, unquestionably has a fishy look.

STATE OF SOUTH CAROLINA, COUNTY OF RICHLAND—COURT OF COMMON PLEAS.

John M. Mackay vs. the Blue Ridge Railroad Company. Pursuant to leave of the court, here for the purpose, first had and obtained, the complaint in the above entitled cause is hereby amended as follows:

Section 3 is amended so as to read as follows: "That only a small portion of the road of said company has been constructed, to wit, about fifty miles, and the company was, until the 1st day of August, 1872, without debt, assisted by the State, as hereinafter provided, wholly insolvent, and now, notwithstanding the said assistance, in consequence of the matters and things heretofore mentioned against the officers of said company, is, as this deponent is informed and believes, wholly insolvent, having an outstanding debt of upwards of one million of dollars, and, on the other hand, is possessed of property and assets of all kinds and descriptions, not exceeding in value three hundred thousand dollars."

And the fifth section of the prayer of said complaint is amended as follows: "And the said section and the following words: 'And assets and discharge, so far as the property and assets do so, the lawful debts of the company.'"

D. T. CORBIN, City Attorney of the City of Charleston.

The news from North Carolina is received with intense enjoyment, and satisfaction by the good people here. It is the first piece of cheering good news that we have had since the war, and the hearts of our despondent people are much uplifted. The radicals look mighty dour, and if the Liberal movement continues to look out for many radicals to whirl over in the next few weeks. Several are already spoken of as showing a tendency that way, among them the most prominent colored politicians in this city. There is nothing new in the State politics. Moses seems to have the best chance for the gubernatorial nomination on the 21st.

THE CRIMINAL COURTS. United States Commissioner's Office. August Oldsen and John A. Augberry, seaman, appeared before Commissioner Porteus last Friday afternoon and took out a warrant for the arrest of the first and second mates of the brig Henry and Louis, on a charge of assault and battery. The case was tried on Saturday; the evidence having developed the fact that the accused had been in reality assaulted by the sailors and acted only in self-defense. They were at once discharged.

A storekeeper from Pineville was upon a charge of selling tobacco without a license. His case was continued over until to-day.

The Municipal Court. Benjamin, Robert Morrison, Joseph Fraser, R. Lowndes, Geo. Lambert and Samuel Smith, vagrancy and sleeping in the market; two dollars each or thirty days. Michael Buckley, drunk; one dollar. E. Martin, disorderly; one dollar and peace bond.

Trial Justice Courts. John Tennant, a white man, brought suit on Saturday against the Marine River Phosphate Company for salvage on a recovered lighter. The case was argued before Trial Justice Lovett, who decreed one hundred dollars and costs for the plaintiff.

Notice of appeal was given by counsel for the company.

William Mackey, charged with the robbery of Mr. Bischoff's premises, was committed to jail on Saturday by Trial Justice Levy for examination this morning.

Joseph Meyers, charged with the robbery of Mr. R. Q. Pinckney's premises, in Church street, was examined by Trial Justice Lovett. He proved his innocence, and was discharged.

A writ of habeas corpus was sued out Saturday, before Trial Justices Levy and Schroder, for the person of Mary Hamilton, a colored woman who had been committed to jail the afternoon previous, by Trial Justice Woolf, on a charge of larceny. Woolf refused to take bail, hence the writ. The woman was released on her own recognizance to appear before Woolf on the 13th instant for a further examination.

POLITICAL NOTES.—Lieutenant-Governor Baesler addressed a meeting at George's Station, on the South Carolina Railroad, Saturday. About fifty negroes listened to his harangue.

Sheriff Mackey addressed a meeting of about seventy-five negroes at Summerville on the same day.

Another meeting was held Saturday at Pugh's Swamp, on Goose Creek. Bowen, McLaughlin, Taft and Primus Green were the orators. The Mackeys claim that they were called the day.

THE UNITED STATES CLAIMS COMMISSION.

Claims of the Charleston Loyalists.

Mr. Theodore W. Parmele, the special commissioner for South Carolina, of the United States Claims Commission has been sojourning for several days at the Charleston Hotel. He is here for the purpose of receiving claims against the United States for stores or supplies taken or furnished during the war for the use of the Federal army, as well as for the use and loss of vessels or boats employed in the military service of the United States. Cotton claims do not come before him. The claimant has to prove two things: First, that his property was actually used, not destroyed, by the Federal army; and second, that he was loyal to the Union during the whole war. Mr. Parmele has taken about seventy-five claims in South Carolina up to the present time, aggregating an amount of two hundred thousand dollars. Of this number thirteen claims representing forty-two thousand five hundred and fifty dollars, have been taken in this city.

The following are the names of the claimants in this city: William Moran, John Moran, Patrick Brady, Edward Reynolds, Sebastian Ziegler, Archibald McLeish, John Kenner, Martin Caulfield, Michael McNamara, Patrick Hogan, Louis F. Kilpstein, Julia D. Redding and James B. Howard.

The following persons will present claims for examination this week: George Jefferson, Wakler, B. Goodman, Daniel McSwain, John Stietery and Grant.

We quote: New apples \$1.84 50 per bushel; 250 per bushel; 250 per bushel; 250 per bushel.

IS YOUR STOMACH UNSEAS?—Many dyspeptic Croens would be willing, it is said, to give half his wealth for an easy stomach. If this is a fact, why do any of our "solid men" continue to endure the pangs of indigestion. It is not patent to the whole community that Hoe-tetter's Stomach Bitters will cure the worst case of chronic dyspepsia in six or eight weeks? No occasion for the expenditure of half a fortune; a few dollars will suffice to accomplish the object. Surely every man who is not "sane blind" to the great utilitarian of the day must know that this celebrated vegetable specific promptly relieves all diseased conditions of the stomach, liver, bowels and nervous system, restores their vigor and imparts regularity to their functions. Is your epigastric nervous uneasy? Is the vulture, disease, gnawing at your liver? If so, resort at once to the Bitters. aug5-mw13dw

TO THE PUBLIC. Having heard various reports in regard to repairing Singer Sewing Machines they get out of order, and other reports detrimental to the interest of the Singer Manufacturing Company, we take this opportunity to say: Since the office has been under my charge I have never sent a machine to New York to be repaired, and I very much doubt there ever being a Singer Machine sent to New York to be repaired since the office was opened in Charleston City, about 11th November, 1870. All repairing on Singer Machines is done at our office in this city. Our machines are simple, but probably less liable to get out of order than any other.

On the subject of the matter, we have very little to report to you, as there is no necessity of sending our machines to New York for repair. I will also state that I will prosecute all persons who make false statements in reference to the Singer Sewing Machine to the full extent of the law. J. CLARK REDDILL, Agent Singer Manufacturing Co.
