THE M'DOWELL MURDER.

Conclusion of the Coroner's Inquest-Evidence of Premeditation-A Verdict of Wilful and Deliberate Murder.

The investigation of the McDowell murder case was continued at the coroner's office yesterday. F. J.-Mason, one of the colored men who arrested the murderer at the corner of Line and St. Philip streets, testified that he was in Thiele's store, on that corner, about six o'clock Saturday afternoon. Cain Simons came into the store with a dirk in his hand, the blade of which appeared to have been newly ground. A few minutes later McDowell came in and asked witness to take a drink. Just then Simon exclaimed, there are a good many mulatto and poor white sons of ---cutting capers around here who won't be here very long. Witness shortly afterwards left the store. Simons appeared to have been drinking, but was not drunk.

B. F. Shier, M. D., the physician called to see McDowell after the murder, Eliza Robinson and J. R. Lyons were also examined, but their evidence was unimportant, with the exception of that of the woman Robinson, which was confirmatory of the testimony of • the eye-witnesses as reported yesterday. Julia Baxter, the next witness, being sick

in bed, the jury adjourned to her house, the scene of the murder, for the purpose of hearing her testinony, which was only a confirmation of that given by the other inmates of the

The jury, after re-examining two witnesses, retired to the coroner's office, where, at about seven o'clock in the evening, they returned a verdict to the effect that John T. McDowell, Jr., had been deliberately and wilfully murdered by the prisoner, Cain Simons. Simons was then committed to jail for trial at the next ter 365 the Court of General Sessions.

END OF THE COW CASE. A case of Mistaken Identity Almost Equal to Tichborne's. 0

Some time during last March Mr. C. M. Oldson, of Summerville, lost a cow, which closely resembled another cow ewned by Mr. J. J. Ferry, of the same place. Mr. Oldson in searching for his cow came upon that of Mr. Perry, grazing in the latter's field, and drove To his plantation. Mr. Perry brought suit for the recovery of his cow, and the case was tried at several differen places, and finally brought to Charleston. A lew days ago an old gentleman, Mr. John Burbridge, living about six miles from Summerville, who seldom leaves his home, came to town and reported that t cow answering the description of Oldson's had strayed into his pasture about the end of March. This cow was carried to Summerville and immediately pronounced as Oldson's by all who had previously seen it in that gentleman's possession. The case came up before Trial Justice John G. Mackey and a jury at the Courthouse yesterday. The man who sold Oldson his cow testified to its identity with the one found at Mr. Burbridge's.

The case was argued by Messrs. J. L. Buist and Robert Limehouse for Mr. Perry, and by Colonel B. W. Seymour and Mr. Tighe for Mr. Oldson. It occupied from half-past ten o'clock e morning to ten at night. Mr. Mackey delivered a commendable and impartial charge, and the jury, after an absence of about twenty minutes, returned with a verdict in Mr. Perry's favor: This returns Mr. Perry's cow to his possession, and ends the case after a total cost of from twelve to fourteen hun-dred collars.

LOCAL LACONICS.

A bad hole at the corner of King and Calhoun streets needs the immediate attention of the City Railway Company.

A match game of base ball was played on the Citadel Green yesterday alternoon by the Atlantics and Actives. Attention is called to the important change of rates in the Cheraw and Darlington Rail-

road schedule, as published elsewhere. We are indebted to Mr. Asa Butterfield, of the Charleston Estel, for invitations to a grand fancy dress ball, to be given at Catoosa Springs,

Georgia, this evening. Daniel Furst, a respectable colored man, who was arrested on the charge of belog a rioter at the recent election, says that he will prove, at the proper time, that he had no agency whatever in disturbing the public

peace on the occasion referred to. Mr. Julian Porcher, living at Pineopolis, near Monck's Corner, had a fine saddle horse stolen from his stable on Monday night last. The thief is supposed to be a colored man, a former resident of the plantailon, who had been prosecuted by Mr. Porcher for a previous

robbery. A meeting of Radicals was held at the Milltary Hall Monday night. Speeches were made by Sheriff Mackey, Coroner Tait and ex-Mayor Pillsbury. Mr. Mackey said that he did not desire to give up the candidacy for sheriff, but if his constituents wished him to go to the United States Congress, he felt it a duty to

sacrifice himself to their interests. The Sullivan's Island and Mount Pleasant Ferry Company will run an excursion steamer to and mm Sullivan's Island every evening. leaving the city at seven c'clock and return-ing at eleven. This affords an exceedingly pleasant manner of spending an evening, which is within the reach of all, as the lare is only thirty-five cents for the round trip.

THE FIRST RECEIPTS OF NEW CROP OF LOUISIANA RICE.

The New Orleans Prices Current, of Satur-

day last, says: The steamer Belle Ida arrived here on Wed-The steamer Belle Ida arrived here on Wednesday, the 7th instant, with ten sacks of new rice in the paddy, (or new rough rice.) It was raised on the plantation of Messrs. Wilkinson & Trufant, Parish of Piaquemines, below the city, and came consigned to Messrs. Dupre, Reine & Co. It is said to be good in quality, though perhaps cut a little too soon. It was sent to a mill in the city to be dressed, and yielded two and three-quarters barrels clean rice, a sample of which we saw and was very good in quality. It was not then quite ready for sale. Yesterday two barrels of it sold at 10%c per lb. for choice. The prospect for the good in quanty. At two barrels of it sold at for sale. Yesterday two barrels of it sold at lolic, per lb. for choice. The prospect for the coming crop is very promising, with the promise of a yield of perhaps fifty per cent. over last year. The first receipt last year was on the 4th of August, from the Parish of St.

Charles.
Yesterday Mr. James Wood favored us with a sample of eight barrels of the new crop just a sample of eight parrels of the new crop just received. It classes prime, was alsed on Mr. Armand Duplessis's plantation, Pointe-a-la-Hache, and cleaned by the Empire Parish Mill. It is said to be a fair sample of Mr. Duplessis's crop. THE REGATTA TO-DAY.

The Contesting Clubs-The Rival Boats and Crews-Names of Judges-Signals, Rules, &c.

The boat race which has for some weeks past been the prevailing topic of conversation among that portion of our community that represent the lovers of aquatic sports, takes place this afternoon at six o'clock. The contestants will be the Atlantic Rowing Club, the Palmetto Regatta Club and the Carolina Independent Club. The first enters the Zephyr, thirty feet long and two feet ten inches beam, with the following crew: J. R. Mathewes, Jr., coxswain, weight 118 pounds; J. H. Roper, stroke, 149 pounds; Wm. G. Webb, 136 pounds; Charles Hanckel, 140 pounds, and R. S. Roper,

bow, 142 pounds. The second enters the Meteor, twenty-five feet long, three feet four inches beam. H. A. DeSaussure, coxswain, weight 115 pounds; H. Nott Parker, stroke, 140 pounds; William S. Lesesne, 164 pounds; DeSaussure Parker, 134 pounds; H. B. Bull, bow, 128 pounds.

The Carolinas enter the Wave, thirty feet long, three feet two inches beam. R. Alston, coxswain, weight 109 pounds; E. H. Sparkman, stroke, 142 pounds; C. J. Huguenin, 145 pounds; DeSaussure Bull, 139 pounds; and William Coffin, bow, 114 pounds.

All of the boats are painted white, with black walnut gunwales. The Zephyr will fly a blue flag with her name worked in white letters. The Meteor will carry two flags, one at the stern, the same used in her last race, and another in the bow, both of blue, having the name of the boat in white letters. The Wave will have two red flags, one of which will display her name. The uniform of the Atlantic crew will consist of blue flannel shirts, bound with white cord, and straw hats, with blue bands. The Palmettoes will wear white flannel shirts, with blue collars and cuffs, and white sallor hats, with blue bands. The Carolinas uniform is made of white flannel shirts, with red collars and cuffs, and white, fez caps with red tassels.

The Atlantics having had but limited time to practice, owing to the recent arrival of their boat, are at somewhat of a disadvantage. The handsome model of their boat promises, however, to fully counteract the odds against them. It is thought by some competent to judge that the Zephyr will win an enviable reputation on ber first trial. The Carolinas have been practicing for about six weeks, and are in first rate trim for the contest. They have recently added to their chances of success by purchasing a set of improved oars. The splendid reputation of the Palmettoes is already well established, and in the Meteor and other boats they have, with one exception, come victorious out of every race into which they have entered.

The course, as already stated in THE NEWS, will be on Cooper River, from Marshall's wharf, at the east end of Calhoun street, to Adger's south wharf. At three-quarters past five P. M. each boat will repair to Marshall's wharf, and make fast to a small boot anchored In her allotted position, that is on the outside, middle, or inside as the case may be. The positions will be drawn for. At six o'clock precisely Mr. Frederick E. Fraser, the starting judge, will give a preparatory signal, by firing a shot-gun, and at the same time dipping a red flag to notify the deciding judges below. Thirty seconds later the same signal will be repeated for the start.

Opposite Adger's wharf, two yachts, the Edith and the Alice, will be anchored, at a sufficient distance apart to allow the contest ing boats to pass between. One of these will contain the deciding judges, Messrs. W. L. Mikell and T. H. Colcock, and Captain D. B. Vincent. Each will also fly conspicuous flags from their mast-heads. The following are the most important rules

for the government of the race: At the conclusion of the race, the terminal umpire shall announce the name and time of the winning boat, and afterwards of each other boat according to the order in which it

crosses the line. Any boat fouling or touching any other boat or her cars, or in any way whatsoever inter fering with her progress, will be ruled out of the race. It is distinctly understood, however, that this rule is not intended to exclude any

one boat from taking the water of another boat, provided she can do so without fouling Fernandina; L. C. DePass, Memphis; John or in any way conflicting with the provisions of this article. There shall be a prize established by the clubs conjointly, to consist of a stop-time recorder, not to exceed in cost twenty-five dollars. The same to be presented at the conclusion of the race from the quarter deck of the terminal yacht by the president of the

club entering the last boat to the president of the winning club. At the conclusion of the presentation ceremonies, the crews of the several boats will, in the uniforms of their clubs, pull to the southeast angle of the Battery, in front of South Battery, and return, preserving position in

line, as fixed by the results of the race. In the event of stormy weather, or from any other cause whatsoever, if the course be no run within twelve minutes, it shall not be considered a "race;" but any single boat accomplishing the distance within that time, and at the appointed hour, shall be declared the "winner" and awarded the prize above described; provided, however, the starting umpire and at least one terminating judge have. in every respect, complled with the spirit of

it is to be hoped that all boats will keep clear of the course, and thus remove the possibility of an interruption. The heads of the various wharves along the route will afford the ladies excellent stand points for observing the race, and the captains of ships in the dock will, without doubt, be proud to have their decks graced with the presence of the fair spectators.

THE CAMPAIGN IN SUMMERVILLE,-In obedience to the call of County Chairman Cain, the Republicans of Summerville held a mass meeting last Saturday and elected John E. Clyde and Robert Havnes, two Mackevites, as delegates to the county convention. Much indignation was expressed by the speakers at the way their rivals of the Bowen faction had forestalled them in the election of delegates. The Bowen party held a meeting on the 8th instant, which the Mackeyites claim was composed of a crowd of imported negroes from Sineath's and Whaley's Church, and elected two delegates, neither of whom, it is said, reside or belong in Summerville.

THE SUMMERVILLE ROBBERY.

A Bold Crime and an Easy Escape.

Last Saturday afternoon Mr. Louis Martin, gentleman engaged in cutting lightwood about three miles from Summerville, for shipment to Charleston, returned to his place from this city in company with the superintendent of his business, Mr. Gooding. On arriving at home the gentlemen put down in the parlor a small box containing three hundred dollars in currency and two gold watches. On the premises was a mulatto from North Carolina, employed as a stableman. This man saw the box and evidently watched his opportunity to make off with it. About six o'clock he was found to be missing. and a search being made for the box, it was found that it had also disappeared. One of the gentlemen immediately proceeded to Summerville and took out a warrant for the arrest of the mulatto, who was at that time, though unknown to the persons interested in the town and openly boasting of the their and spending the money with a prodigal hand. Later in the evening a colored constable, to whom the warrant had been entrusted, came up with the thief, but was deterred from arresting him by the bloody threats of the latter. Since that time no tidings have been received from the thief.

TRAVELLERS' TESTIMONY .- Thousands of travellers by land and sea bave vouched for the efficacy of Hostetter's Stomach Bitters as a preventive of the physical disturbances which ordinarily arise from change of climate and the changes of diet, water, &c., incident to a wandering life. Upon systems toned, invigorated and regulated by this genial vegetable antidote the external causes of debility and diseases seem to produce little or no effect. Forearmed with Hostetter's Bitters the voyager may bid defiance to seasickness and encounter the chilling fogs of the British Isles, the coast winds of the Antilles, the icy temperature of Northern Alaska, or the burning heat of the tropics with equal impunity. The effect of this admirable medicated stime lant is greatly to increase the vital energy of the system, thereby enabling it to resist and repel the exciting causes of disease.

A CARD FROM CAPTAIN HABENICHT

. TO THE EDITOR OF THE NEWS. I notice in your issue of the 13th instan that I have been charged with the violation of the revenue law for having sold tobacco withou a license, and also that I have sold tobacco with out its being in the original package. The charge I declare to be false in every particular. Having been found guilty by the United States commis sioner, I have refused to comply with that judgment, and have appealed to a higher court to have the case tested before a jury. GEORGE F. DRUGS AND MEDICINES, WHOLESALE AND RETAIL.

DR. II. BAER, No. 131 MEETING STREET, CHARLESTON, S. C., invites attention to the following Preparations of his own Manufacture:

THE CELEBRATED GERMAN SOOTHING CORDIAL, FOR INFANTS TEETHING. This is the best Medicine for Infants and young This is the best Medicine for Infants and young Children ever offered to the public. It is carefully prepared from the best Drugs, according to a prescription furnished by a distinguish-d German Physician of large and successful practice, and has been tried and approved by many of our best physicians. It is specially adapted to the diseases incident to childhood during the trying control of Teething and recommends their for the best physicians. It is specially adapted to the diseases incident to childhood during the trying period of Teething, and recommends itself for the cure of Diarrhoza, Dysentery, Colic, Griping in the Bowels, Summer Complaint, &c. It contains no Anodyne or other injurious Drug, and should, therefore, be preferred to the socicing Syrups that now flood the market, which are known to contain Opium, and are, therefore, more or less injurious. Thousands of children' are murdered annually by soothing Syrups; in some cases, this fact has been published in the newspapers, where the physician in attendance so stated in his death as certificate. In the numerous other cases, where the innocents are murdered by this modern Herod of the Nursery, the cause is laid to a thousand other; causes—to all but the right one.

Mothers, bear this in mind, and use the German southing Cordial, which is safe, efficient and satisfactory. Do so tail to try a bottle at once!

The Soothing Cordial; which is safe, efficient and satisfactory. Do so tail to try a bottle at once!

The Soothing Cordial; is also an excellent Tonic, admirably adapted in, cases of Deblity—giving tone to the system, recuperating the strength, and restoring the appetite.

and restoring the appetite. Price 25 cents a bottle. EXCELSIOR HAIR TONIC.

This is no Dye, but a Tonic and Hair Pressing— keeps the scalp clean, and promotes the growth of the Hair; contains no Nitrate of Silver, no Sul-phur, no Sugar of Lead, and no other injurious Drug. Try it. Only 50 cents a bottle.

DR. BAER'S IMPROVED VEGETABLE CATHABTIC PILLS.

The proprietor of these Pills condently be-lieves that he has succeeded, by a skilful com-bination of vegetable remedies, in producing a preparation that will bring health and happiness to the unfortunate sufferer.
