I gave a purple, gold-flecked flower,
"To keep forever and a day,"
You promised; in a single hour
Forgotten, on the floor it lay,
And you, unheeding, went your way.

Forgotten ! And you never think How radiant was the hour we met?
Memory retains no dowery link
To bind you to your promise; yet,
I think you cannot quite forget.

You've feit, sometimes, in English vales, A dainty perfume stir the air, Faited across by Westward gales, As if the pansies blos-omed there I wore, one evening, in my hair.

Sometimes a touch upon your arm kecals a hand that lay so light; A voice floats in upon the calm Some starry-crowned Italian night. Or whispers down an Alpine height.

Or, tale or poem musing o'er,
You see a shadowy face arise,
With blush and smile; and, as before,
You read the happy thought that lies
Within the luminous brown eyes. Whose are the voice, the hand, the face,

You cannot tell; you only know phantom lurks in every place, with purple shade or golden glow—The phantom of a long ago.

My poor dead pansy that you lost, That should have been your very own Forever, hannis you like a ghost, With visions of a face unknown, Echoes of a forgotten tone.

Oh, purple Nemesis! Come not To haunt with gloomy shade his dreams! But semetimes bring a tender thought Of me, on yellow sunset beams, To light his path with golden gleams.

Purple and gold I oh, princely heart, Their hidden meaning dost thou see? Sorrow enshrining Love. I rart The hnes. The purple shade for me, The golden sunshine sil for thee:

MEDICINE AND FOOD COMBINED. MENKE & MULLER, VALENTINE'S MEAT JUICE.

> TESTIMONY OF CHARLESTON PHYSICIANS This valuable preparation, recently discovered has been extensively tested here and throughout

he country during the past s fully merited the character claimed for it. Each bottle contains the juice of four pounds of the best beef, exclusive of fat.

Mr. Valentine, the patentee and proprietor of this preparation, has in his possession numerou testimonials from the best and most experienced physicians of the land. Among them the following are presented to the readers of THE NEWS, who will need no further assurance of the quality and efficacy of the article here offered:

and efficacy of the article here offered:

CHARLESTON, S. C., September 26, 1872.

Dear Sir—Some time ago i had the honor to receive by express specimens of your "Meat Juice" for trial. I have not thus far acknowledged your kind communication for the simple reason that i never certify to things of which I know nothing. I have, in the meantime, tested your "Preparation," fully and cautiously, and the result of my experience has been, that in all cases where support is demanded, whether in the teething child or the adult worn down by disease, your "Preparation" has, under my observation, proved far more efficacious than all the farrago of farinaceous articles and so-called extracts, which often do more harm than good.

I am, very respectfully, your obedient servant,
E. GEDDINGS, M. D.
Mr. M. S. VALENTINE, Richmond, Va.

CHARLESTON, S. C., September 11, 1872.

MR. M. S. VALENTINE:

Dear Sir—I have made guite an extensive trial of your "Meat Juice" during the past summer, particularly in those protracted and exhausting die-ease incident to infancy and childhood, so familiar to our Southern physicians. The trial has re-ulited in a preference for your "Meat Juice" above all the Extracts which I have hithertoused. So far, it has rully come up to all that has been claimed for it, and if its preparation is conducted with the same care, and the purity of the materials maintained as heretofore, I have no doubt its use will be greatly extended.

Very respectfully your obedient servant,

F. M. ROBERTSON, M. D.,

CHARLESTON, November 20, 1872.)

MR. M. S. VALENTINE:

Dear Sir—Your samples of "Meat Juice" were received through the politeness of your agent, and used very freely during the summer in choera infanium, low forms of fever and other diseases peculiar to this climate.

I cheerfully add my testimony to its dietetic value, and regard your "Meat Preparation" of great benefit, not enly in infantie, but also in aduit practice. It is with pleasure that I can recommend its use to the profession generally from past experience and the happy results in my practice. Very respectfully, &c...

Health Officer, Harbor of Charleston.

CHARLESTON, S. C., September 20, 1872.

Mr. M. S. VALENTINE:

Dear Sir—During the past summer I have had a full opportunity of testing your "Preparation of Meat Juice." particularly amongst children suffering from Darrhœa from "feething." I find that as soon as they lose their appetite and commence to deteriorate generally, your Preparation administered is well retained and most often enjoyed by the little sufferes. They improve rapidly in health and strength. Other preparations are not so easily tolerated, on account of their unplea-ant odor and taste.

I consider the contents of your little bottle most invaluable in all acute wasting diseases.

Very respectfully, W. M. FITCH, M. D.

of Chronic and Acute Rheumatism, Neuralgia, Lumbago, Sciatica, Kidney and Nervous Diseases, after years of suffering by taking Dr. FITLER'S VEGETABLE RHEUMATIO SYRUP—the scienting discovery of J. P. Fitler, M. D., a regular graduate physician, with whom we are personally acquainted, who has for 39 years treated these diseases exclusively with astonishing results. We believe it our Christian duty, after deliberation, to conscientionally request suffered to use it, especially persons in moderate circumstances who caunot afford to waste money and time on worthless mixtures. As clergymen we seriously feel the deep responsibility resting on us in publicly endorsing this medicine. But our knowlege and experience of its remarkable ment fully justifies our action: Rev. U. H.
