THE BALTIMORE STEAMSHIPS.

The trips of the fine steamships Sea Gull and Falcon, of the Baltimore line, have lately been somewhat interrupted by the heavy ice formed in Chesapeake Bay, but we learn through Messrs. Mordecai & Co., agents here, that a dispatch received yesterday announced that the Falcon sailed for Charleston at - P. M. on Friday (yesterday,) and that the Sea Gull would leave that port to-day.

THE IWENTY-SECOND OF FEBRUARY PARADE.

The Washington Light Infautry Rifle Club have accepted escort service from the Irish Rifle Club, President Armstrong; Carolina Rifle Club, President Barker; Wagener Artil lery Club, President Wagener; Palmetto Guard Club, President Holmes, and the National Zouayes, President Willoughby. These six companies will make a splendid command, and give great eclat to the celebration. The full programme is now making up, and will be announced in a few days. Everything now promises a great success.

THE PHILADELPHIA STEAMERS.

Owing to the ice in the Delaware, which has proved a more serious obstacle this year than for a long period of years, the Charleston steamers have met with great delays. The Ashland arrived on Thursday with a large cargo, and sails to-day, full, but does not take all the freight offering. A telegram from the Philadelphia agents advises the sailing of the Equator, fifteen hundred bales cot ton capacity, on Friday morning, and shippers will be able to move all their frieghts by her early next week, as the weather is moderating.

Court of General Sessions. The only business done in the court was the

arraignment of Samuel Gaillard, colored, on charge of murder and the fixing of his trial for Wednesday next.

Solicitor Buttz, on Thursday, stated during the session of the court that Coroner Logan had improperly bound over the jury of inquest in the case of Wm. Davis to appear as witnesses against Rufus Conyers, the perpetrator of the homicide. Yesterday the judge explained to the jurors that the solicitor had mistaken the recognizances of the jury to hold a second sliting for recognizances to appear as witnesses, and that, therefore, the coroner was entirely blameless.

The court then adjourned until Monday, when L. I. Woolf will be tried for the murder of H. L. Perrin. Solicitor Buttz having previously to his election as solicitor been engaged as Woolf's counsel, he requested the attorneygeneral to designate some other lawyer to conduct the prosecution. The attorney-general accordingly appointed Mr. W. H. Brawley, solicitor of the Fifth Circuit, who arrived in this city on Thursday. The defence will be conducted by Major G. L. Buist and Colonel T. Y. Simons.

The Chamber of Commerce delegation to the Agricultural Convention, which meets at Augusta on next Tuesday, assembled yesterday afternoon in the Chamber of Commerce Rooms. The Hon. George A. The delegates are requested to meet each other in the car.

THE TRUE BASIS OF SUCCESS .- Fallacies and frauds are short lived. They may flourish for a little while, but the sober second thought of the people condemns them, and they perish. It would take even the "Lightning Calculator" a long time to count the imitations and counterfeits of the supreme tonic of the age-Hostetter's Stomach Bitters-that have been brought out since the first introduction of that celebrated remedy. They have collapsed one after another, but the great vegetable preventive and curative is still on its diseaseconquering march. At this season, as the air becomes more and more chilly, and searching vapors affect the integuments and create unwonted pains in the stomach and bowels, it is of the utmost importance to tone and regulate the system so as to enable it to bear up against the uncongenial temperature which produces these disturbances. Fever and ague, heumatism, billousness, nervous prostration.
