THE ASSICULTURAL SOCIETY. At a meeting of the executive committee of

the Agricultural Society of South Carolina, held on Monday evening last, a motion was made by Colonel W. L. Trenholm to invite the Hon. Horatio Seymour to deliver an address before the society on his return to this city from Florida, and to appoint a committee of seven to walt upon Mr. Seymour to obtain his consent and make arrangements for the address. The motion was unanimously adopted, and the committee was appointed as tollows: Colonel W. L. Trenholm, chairman; Dr. A. B. Bose, C. A. Caisolm, S. P. Ravenel, B. F. Evans, J. T. Did and Dr. H. B. Horibeck.

It was also decided to held the fleral fair about the middle of April, at an eligible place in the city.

AMUSEMENTS.

The Wonderful Art Entertainment. Professor Cromwell's Art Entertainment at Hiberpian Hall last night was witnessed as usual by a large audience. The subject of the entertainment was "Italy, the Art Land," a d the intelligent audience was highly pleased frequently called on to notice en tertainments of this style, but never one we could more conscientiously commend than those of Professor Cromwell From smong ten thousand stereoscopic pictures the Professor has selected those displaying the leading characteristics of the various classic countries, and preserve them with wonderful fidelity. The eye and the mind are not wearied by a similarity of scenes, as is often the case in panoramas and masic-lantern exhibitions, but there is a most happy transformation "frem grave to gay, from lively to serene." Should We enter into letails (for the Professor is cosmopolitan in his exhibitions) we could not fail to notice particularly his illustrations of English, Roman, Parisian, and Rhenish scenery, which bring renewed delight to those who have looked upon the original, and convey to those who have never been abroad a better idea than they could otherwise obtain of all that is attractive in a foreign tour. Half the proceeds of the entertainment last night were given to the Lee Monument Fund. Owens.

E. Gordon, Mr. Theodore Hamilton, Mr. Colin Stuart, and Mr. Walter Benn.

Professor Carswell's Lecture. The Academy was but slimly attended last evening, on the occasion of the second and last lecture of this distinguished speaker, on the subject of temperance. The stage was occupled by members of the Temperance Division. Professor Caraweil's delivery was very graceful and easy, and his subject was overrun with pleasing and laughable aneodotes. CITY INGINERS'S FFICE, March 4, 1878.

To the Honorable Mayor and Aldermen:

GENTLAM N—I have the honor to report that under resountion of the honorable Composit, I have examined time street by level survey, in order to determile what fall could be obtained for its drain age, by means of subterranean sewer, into the tidal drain of Meeting street. The length of Line street, from Mee ing to the creek, we-t of President street, or into the tidal drain of Meeting street. The length of Line street, from Mee ing to the creek, we-t of President street, is 416° running feet; from King street it is 3240 running feet.

I will be necessary, in order to determine the size of the drain needed for the relief of Linestret and those adjacent, to run some levis through the streets which closs line street. This is the made of survey to determine the area of the water shed, and thereby the number of gailous which the drain must carry off in a given time. Having obtained this information, the diameter of the drain needed, and what should be its inclination to the surface, and how much below the surface it must be placed, will be but a small matter of calculation, which i hope to have the honor of submitting to your honorable body at an early day. the honor of submining the survey of levels at an early day.

I can easiely say, from the survey of levels made, that this drain will relieve all the lots between Spring and Shepherd stree s, from King to President street. Very respectfully submitted, LOUIS J. BARBOT,

Return of city sheriff for the month of Frbruary, 1873, showing thirty four hundred and forty-lour 31-100 dollars collected and paid into the treasury. Referred to the committee on accounts

Ald-rman Gage asked to be allowed to read the following, and asked that the same be spread on the minutes. Granted.

As an Alderman of the City of Charleston, I beg leave to have spread upon the minutes of Council my protest against appropriating six thousand dollars to the Sisters of Mercy.

As an individual I hold myself ready to assist this noble order of women, and I yield to no one in sincere admiration of the very worthy ladies who have the disposal of this donation. But as one of the guardians of the public treasury, I must record my vote against an appropriation sectarian in its character.

First, because this Council is pledged to retrenchment and reform to its expenditures. One third of the money appropriated to the Sisters would, if added to the appropriation for the City Orphanhouse, which is open to all, maintain all the orphans casel for by them by means of this don ation. But this is not the chl-f objection. By such legislation is established a very dangerous precedent, which, if persisted in, will be fatal to the liberties of the peop e and destructive to the principles of our government. And, furthermore, I unanot regard it in any other light than illegal, and very unjust to all taxpayers belonging to other religit us denominations in the city.

The principles carrie out would destroy that bulwark of our Republican government—our much-prized free schools.

For the above, and many other cogent reasons which I could offer, a sense of duty compels me to oppose the appropriation.

On petition of citizens to carry through Shepherd street from Meeting to King street.
