The Forth-coming Amnesty Proclamation.

The New York *Herald* still advises the issue of a general amnesty. In its issue of Tuesday, it says:

Whatever opposition or hesitation there may be on the part of his advisers, if such there be, we advise the President to issue the amnesty proclamation forthwith. It is the trump card in his hand. The game has been going against him for some time past, but if he plays this card boldly and skilfully, he may turn it in his favor. At all events, reason, sound policy, humanity and the good of the country, call upon him to do so, whatever may be the consequences for the time to himself personally. We venture to say that nine-tenths of the people of the loyal States—all, in fact, but a few rabid radicals—would approve of a broad and liberal declaration of amnesty, embracing all rebels, except an insignificant number, who have been guilty of other crimes in addition to that of rebellion. He has nothing to fear except the hostility of Congress, and we think he need not fear that. A few ultra radicals might bluster about impeachment, but the dominant party is already divided on the question, and it would not dare to defy public sentiment.

It then says that Lincoln, had he lived, would have proclaimed an amnesty long ago, and continues as follows:

We are threatened with a negro government. For the sake of political ascendency, and not out of regard for the emancipated slaves, the negro is to be made the balance of power. The whites of the South are disfranchised, and everywhere throughout that important and most valuable section of the republic, the negro is in the ascendant. The consequences of such a state of things are frightful to contemplate. We are to have negro members of Congress, and, some radicals say, a negro Vice-President. Yes, it is possible that, within a few years, we may have a negro in the seat once filled by Washington. Looking at the rate the political revolution has been going on for the last two years, we should not be surprised to see a negro elected Vice-President, and, in the event of the President dying, he would become President. What a spectacle for the people of this great country to contemplate! This mighty Republic to become Africanized! Whether the negro should reach that eminence or not at present, he will still hold the balance of power, and, as a consequence, virtually govern the country. Who can look at this mass of ignorance—at the millions of poor creatures who hardly know their right hand from their left—being placed in a position to govern this proud republic, without shuddering at the consequences? Yet this is what we are fast approaching under the reconstruction policy of Congress and the military dictatorships at the South.

At such a crisis, it is the duty of the President to do all he can, constitutionally and legally, to neutralize this growing negro power. Let him give as much power as he can to the white people of the South to hold in check the mass of negro ignorance which threatens to involve the country in disgrace and trouble. He has been deprived of some of his power, but he can still bring up a numerous body of intelligent white citizens as a balance against negro ignorance, by an amnesty proclamation and by a liberal administration of the Reconstruction Acts of Congress. Amnesty should have been declared long ago. There has been nothing in the conduct of the Southerners to prevent it. On the whole, they have been peaceable and submissive. But it may not be too late now. There are, however, higher reasons for an amnesty proclamation than those relating to the people of the South. Those we have noticed. The North, the whole country, patriotism and the future of this grand republic, demand that we shall not be placed under a negro government. Let not the President hesitate, but issue an amnesty proclamation at once. It will be an important flank movement upon the crazy and destructive radicals, and the people will sustain him in the act.

UNIFICATION OF GOLD COIN.—The Department of State has received from Mr. Samuel B. Ruggles, delegate from the United States in the recent diplomatic monetary conference at Paris, full reports of its proceedings, and of the plan agreed on to be proposed for adoption by the different nations. Delegates duly accredited were in attendance from twenty nations of Europe and America, embracing an aggregate population exceeding 300,000,000. The leading features of the plan are:

1. The money of the world to be exclusively gold. Silver, except for exchange in small amounts, to be only an article of commerce. 2d. The five-franc gold piece of France to be the monetary unit, with its multiples, requiring a reduction in weight of the United States dollar of nearly 3½ per cent. and of the British sovereign of nearly 1 per cent. 3. Gold coins of the same denomination, by whatever nation issued, to be uniform in weight, diameter and quality, and to be 9-10 fine. 4. To be decimally divided. 5: To be a legal tender in all the nations.

The chances of being born deaf and dumb are twice as great in Europe as in the United States; but the chances of becoming deaf after one has got into the world with sound ears are twice as great in the United States as in Europe. Queer things, these statistics.

POVERTY OF BLOOD.—The prevalence of this diseased condition of the blood is noticeable everywhere. See the young man or the young girl with a pale, waxy, blanched appearance of the countenance and integuments generally, as well of the lips, tongue, mouth, a pulse feeble and rapid, loss of appetite, with indigestion and flatulence and irregular action of the bowels, low spirits and severe headache, great debility, with langor, you may set it down the blood wants richness. A thousand complaints flow from this one thing. The QUEEN'S DELIGHT is the great blood purifier and renovator. Get a bottle and use it. It is an invaluable medicine for poverty of blood. It is the cheapest and best medicine you can use, as it cleanses and purifies the very fountain of life. Be sure to ask for Heinitsh's Queen's Delight. For sale by FISHER & HEINITSH, Druggists. DOG DAYS.—The miasma which generates epidemic fevers is now rising in clouds under the blazing beams of the dog-day sun. Every living body, as well as refuse animal and vegetable matter, emits unwholesome vapors, and in crowded cities and the dense assemblages which business and pleasure call together, the elements of disease are evolved. The pressure upon every vital organ is never so great as in the second and third months of summer, and common sense teaches us that these organs require to be reinforced to meet it.

We hold our lives, so to speak, on a repairing lease, and this is the season when the process of dilapidation is most rapid and repairs are most required. Therefore, build up, prop up and sustain the powers of nature with that mighty vegetable recuperant, HOSTETTER'S BITTERS. He who takes it may be said to clothe himself in sanitary mail, against which epidemic disease will hurl its poisonous shafts in vain. This is no gratuitous assertion, but a great medical fact, attested by twelve years' experience in every climate of the habitable globe. Extremes of temperature always disturb the functions of the stomach, the bowels, the liver and the skin. It is through these that the most dangerous maladies assail us. Tone them in advance with HOSTETTER'S BITTERS, and defy heat and malaria. Aug 28 †6

THE TRIUMPH OF ART!

MORE TESTIMONY IN FAVOR OF

Heinitsh's Queen's Delight.

EXTRACTS FROM LETTERS: "The Queen's Delight is beginning to awaken the attention of our physicians. Its remarkable curative power is seen in its wonderful effect upon disease. As a blood purifier, there is no medicine like it known to the profession. A gentleman told me that his son has been taking the Queen's Delight, and is more benefited by it than by any other medicine. He wants a dozen bottles."

Extract from a letter: "It is due to you to state in this public manner, in order that the people may know the truth, that I have tried your Queen's Delight, and found it not only what you said it was—"a pure medicine"—but the best medicine I have ever taken for eruptions and general bad health. I had an eruption all over my body, with impaired digestion and disordered liver, and have tried a great many medicines without any benefit. I have taken one bottle of your Queen's Delight, the eruption has disappeared, my appetite is better, my liver and digestion is improved. I am satisfied one or two more bottles will cure me."

Extract from a letter: "At the close of the war, my constitution was shattered. I could not eat, sleep or perform any duty whatever, such was my prostrate condition. Medicine and medical aid I had in abundance, such was my condition up to a few months since, when I began the use of your Queen's Delight. I have used two bottles, my constitution is greatly improved, my appetite is good, enjoy refreshing sleep, and am able to perform my share of daily labor."

Extract from a letter—Wonderful effect of only one bottle: "I have used only a half bottle of 'Queen's Delight' for boils and eruptions of the skin and itching humors of the blood, which annoyed me very much. I am entirely cured. I think your medicine a valuable one."

A remarkable case of liver complaint and headache cured by the use of "Heinitsh's Queen's Delight:" A lady of unquestioned worth and reputation voluntarily gives testimony of the wonderful effects of this medicine. She has been from early years a martyr to headaches, caused by imperfect action of the liver, producing intense headache and pain over the eyes. She has taken only four bottles, and assures us of the perfect cure it has made. She now enjoys good health.

Still another: "During last spring, I had been troubled with obstinate chills and fever, which, when cured, left my system in a wretched condition, blood impure, and I was afflicted with an angry, and, as I at one time thought, an incurable, cutaneous eruption over my entire body. The most violent remedies suggested failed to work a cure, until, at the instance of a friend, I tried Dr. Heinitsh's Queen's Delight. Less than two bottles cured me, leaving my skin in a healthy condition. My general health is as good as ever. For such purposes, I have, ever since my cure, unhesitatingly recommended your Queen's Delight."

Don't buy any but the right kind. All genuine Queen's Delight has the copy-right mark on the outside, and it is the only medicine which produces these wonderful cures. For sale wholesale and retail at
